SMC redefines the library experience to support both personal study and group collaboration.

**SPRING 2026
SCHEDULE OF CLASSES**

Revitalizing SMC's Library

A million-dollar renovation inspires independent personal study and offers a place to focus.

Soon after arriving at SMC in 2022, Library Director Walter Butler and the library team began reimagining the different spaces throughout SMC's award-winning 96,000-square-foot structure with its open space interior, multiple floors, seating arrangements, study areas, and group study rooms.

"The world has changed," explains Butler. Students were returning to the campus following the pandemic, and didn't just need a place to socialize and be with others. They were looking for a quiet place where they could work on their own.

"That's in contrast to how libraries had been moving toward building more collaborative spaces over the last decade or so," Butler says. "Spaces

that inspire activity are great. But students are also looking for a place where they can focus and not be distracted.”

When funding for improvements was secured through a \$500,000 revitalization grant promoted by District 51 Assemblymember Rick Chavez Zbur, and additional monies from the state were made available for deferred maintenance, the Library team began planning renovations in earnest. While large-scale structural alterations to the building itself were impractical, smaller, more targeted improvements throughout were possible in terms of layout and design. And to ensure that students’ perspectives were incorporated into the design, Butler worked with a group of students in SMC’s Interaction Design Program to get their perspective as both students and designers. Their recommendations were crucial in not only identifying the needs of students, but also opportunities to enhance the overall library user experience.

Even without any construction changes, the renovation was extensive in nature, spanning the reference seating and north seating areas, the entirety of the fifth level — affectionately nicknamed “The Boat” by librarians due to its hull-like structure — and the reference shelves on the lower level. Updated seating and space options would be needed for these areas, along with new paint and carpeting. It was not going to be a simple undertaking.

“During the renovation, we had to leave the library completely,” says Fariba Owlya, a longtime Library staff member. It was worth the wait. When the Library reopened its doors for spring, students were treated to a familiar, but refreshed space that gave them more study alternatives.

“
We were looking to populate
certain areas with furniture pieces
that inspired independent, quiet,
focused study. We also wanted
to make sure there were different
options available that could meet
students’ different needs.
”

– Walter Butler, Director of Library Services

“We were looking to populate certain areas with furniture pieces that inspired independent, quiet, focused study,” Butler explains. “We also wanted to make sure there were different options available that could meet students’ different needs.”

The student experience

The emphasis on the student experience is evident in the range of seating and workstation options you can choose from, based on need and personal vibe. For instance, the commons seating area on the main floor had previously been filled with boxy, jet-black upholstered seats and extended maple slat platform benches — better suited for lounging and socializing than study. Butler and the Library team reimaged the place as a spacious, inviting area for study, featuring sleek, cobalt-blue seats with armrests that swivel out to serve as writing surfaces — perfect for balancing a laptop or notebook. Beneath the armrest, a small built-in alcove offers just enough space to tuck away your backpack and books. It’s the ideal spot to get some studying done while keeping an eye on the world around you.

Students seeking a bit more privacy would do well to explore the Library’s other floors, where a range of single-user study pods await. On the lower level, blue-and-gray workstations offer more desk space for your books and laptop. On the fifth level, small tables nestle behind tall, undulating privacy panels in upholstered gold, making them an ideal spot for getting away from the world for an afternoon of deep studying.

Soundproof and private

And if you really need to tune out all distractions, you can reserve one of the Library’s “phone booths,” free-standing modules offering 13 square feet of blissful soundproof silence. Each one features all

the creature comforts of your own private workstation, including a desk, soundproof walls, power outlets, and ventilation.

Rachel Liot, a student worker at the Library, notes that the booths have become very popular due to their versatility. “Some people reserve the study booths because they need to focus,” Liot explains. “Other times, it’s because they have an online class, so they need to speak and engage in conversation.”

“It’s made such a big difference,” adds Butler of the new layout. “Even new students who have no idea what the original layout was are gravitating toward those newer areas, which is great to see.”

Collaborative and interactive

To balance out the quiet spaces for individual studying, Butler and the Library team also made sure that there were ample opportunities for students to socialize, whether it be in food-friendly silent zones where they can study together, or inside glass-paneled study rooms for more interactive learning. Wayfinding signage coupled with the appropriate furniture helps students easily identify the spaces that work best for them, says Cruz.

“We see students interacting more, collaborating more nowadays,” she explains. “So creating the spaces for that, along with the signage, promotes those interactions, while helping students self-regulate noise levels based on the zone.”

Cruz adds that the creation of designated quiet study spaces with privacy and noise-reducing

features provided the added benefit of freeing up more private study rooms for group use.

Support and more

It isn’t just the physical space that’s undergone a transformation. In recent years, Butler and his team have also been busy making sure that the Library is responsive to the evolving needs of students. One such welcome innovation is the creation of a Textbook Commons where students can access costly print textbooks and eTextbooks required in their classes.

“Before Walter, we had to count on faculty to offer us a copy of a textbook when they could,” Owlya says. “Now we can buy them ourselves. That’s such a huge difference for students.”

The Library is also working to address students’ pain points in other ways. Forgot your laptop or phone charger at home? Just drop by the service desk, where one of the helpful Library staff will assist you in checking out one of the bright yellow charging kits. For students without a laptop, more than 215 computer workstations are available throughout the Library; several Chromebooks are also available for short-term loans.

The Library’s work goes beyond just supporting students in achieving their academic goals. Given the prevalence of stress and burnout among college students today, Library faculty and staff have also been working to foster mental health and wellness in different ways. During finals, the librarians set up a table where students can take a much-needed study break and lose themselves in puzzles, coloring books, and Legos. There are also librarian-hosted coffee socials and other activities throughout the academic year to foster a sense of connection and belonging.

Enriched programming

Beyond meeting students’ most immediate needs, the Library also offers additional programming that deepens and enriches the library experience for everyone. One popular activity is *Pearls and Insights*, a virtual author-talk series featuring authors like *Shadow and Bone* series writer Leigh Bardo and Nobel Peace Prize winner Malala Lousatza. Beyond the Library walls, staff have also held pop-up workshops at satellite campuses, covering topics such as digital safety and research assistance.

The Library at a glance

• Academic support:

Library staff and librarians can connect students to resources and support as they progress on their academic journey. Whether it’s providing research guidance or access to books, technology, or online resources — the SMC library has many solutions available to meet students’ needs.

• A place to focus:

Inviting study spaces can be found throughout the Library featuring thoughtful design for independent, quiet, focused study, as well as opportunities for collaboration.

• Enriched programming:

A monthly digital newsletter — Library Ahoy! — shares details on a virtual author-talk series that brings nationally best-selling authors to SMC, as well as other Library events and workshops.

WELCOME TO SMC

If you don't currently attend Santa Monica College, fill out an application online at smc.edu/apply for admission. Then sign up for classes online at your appointed date and time. SMC is filled with dedicated people who want you to succeed, so if you need help, please ask!

TAKE A SHORTCUT TO BECOMING AN SMC STUDENT!

Our Welcome Center offers new students assistance with enrollment, orientation, and more. The Welcome Center, located in Student Services Center S110, is providing services online and on-ground. See smc.edu/welcome for details.

FREE PARKING & CAMPUS TRANSPORTATION SERVICES

During the 2026 spring semester, you can park for free (with a free virtual parking permit) at the Bundy Campus or Airport Arts Campus and use Big Blue Bus #44 to get to the SMC Main Campus. Parking at other SMC campuses is not free. Rides from the SMC Main Campus to PAC, CMD, or Bundy/Airport are free (when you pay your Student Benefits fee) using Big Blue Bus during the day and/or Lyft after 6 p.m. See page 122 or visit smc.edu/transportation for the most current parking and transit information.

STATEMENT OF EQUAL OPPORTUNITY

Santa Monica College is committed to equal opportunity in all of its programs and complies with Equal Opportunity standards as required by Federal and State laws and District policy. Unless specifically exempted by statute or regulation, ALL SMC COURSES ARE OPEN TO ENROLLMENT AND PARTICIPATION BY ANY PERSON WHO HAS BEEN ADMITTED TO THE COLLEGE AND MEETS THE COURSE PREREQUISITES.

 Santa Monica College provides a variety of support services to individuals with disabilities. If you require a disability accommodation to attend or participate in a class or event at SMC, contact the Center for Students with Disabilities at dsps@smc.edu or 310-434-4255, at least 5 business days in advance.

Web (Corsair Connect): smc.edu/cc

WHO MAY ENROLL

You may enroll at Santa Monica College if you:

- Have graduated from high school, *or*
- Are 18 years of age or older, *or*
- Possess either (1) a high school diploma from a U.S. regionally accredited high school or from a foreign high school; or (2) a GED, a California Proficiency Program (CPP) Official Score Report, a California High School Certificate of Proficiency (CHSPE), or the equivalent (e.g., a HiSET score report; a TASC [Test Assessing Secondary Completion] score report), *or*
- Are 16 years of age or older and submit California Proficiency Program (CPP) Official Score Report or an official “Student Score Report” for passing the California High School Proficiency Examination (CHSPE) or equivalent, *or*
- Are a qualifying younger student who has completed 8th grade, and is participating in SMC’s Concurrent Enrollment program (see smc.edu/hsce for details), and
- You meet the residency requirements (see page 117), and can profit from the program.

CHSPE NOTICE: The California Department of Education has replaced the California High School Certificate of Proficiency (CHSPE) with the California Proficiency Program (CPP). However, Santa Monica College will continue to accept valid CHSPE score reports issued to students.

OFFICIAL COMMUNICATION FROM SMC:

All official communication from Santa Monica College will be sent to you at your SMC student email address (last name_first name@student.smc.edu). You can check your student email account by logging into Corsair Connect at smc.edu/cc and clicking on “SMC Email” in the menu on the left. Be sure to check your SMC student email often!

APPLYING FOR ADMISSION

Continuing students do **NOT** have to reapply for admission. If you have never attended Santa Monica College (**new student**), or have been away for two or more consecutive semesters (**returning student**), you must first:

- File an application for admission online (go to smc.edu/apply, click on “New Students,” then click on “Apply to SMC” to get started);
- At least four weeks before the start of the session, **arrange for transcripts** of previous college work (or high school work, if no college work was completed) **to be sent directly to the Admissions Office**. Copies issued to a student (even if in a sealed envelope) will NOT be accepted.

You will be emailed an admission letter. Please review it for information on resident status for tuition/fee purposes, any outstanding admission issues, orientation, placement, education planning/counseling, and enrollment.

All regularly admitted first-time SMC students are required to complete the math and English placement process (or the ESL placement process), complete the online college orientation, and prepare an education plan. You may complete these requirements through Corsair Connect — the student portal at smc.edu/cc — and then be able to enroll for classes on the date and time of your enrollment.

International Students

Santa Monica College defines an “international student” as a student attending the College while in F-1 or F-2 visa status. The international student application is available online (go to smc.edu/iapp). Please visit smc.edu/international for additional information about the application process and deadline dates, tuition and fees, and support services for F-1 and F-2 students. For the spring 2026 semester, applications for out-of-country applicants must be submitted by January 5, 2026; and applications for in-country applicants who already have an F-1 or F-2 visa must be submitted by January 15, 2026.

- If you have F-1 status from another school, you may enroll at SMC on a limited basis. Please consult with the International Education Center.
- If you have another type of visa status (not F-1 or F-2), you may enroll through the Admissions Office. However, if you are currently on a B visa, you cannot enroll until you change status to a visa with education privileges. Please contact the International Education Center for details.

Veterans

Santa Monica College is approved as an institution for higher learning for veterans and veterans’ dependents entitled to education assistance from the Veterans Administration (VA). SMC cooperates with the VA in helping veterans, and offers academic, career, and transfer counseling, as well as priority enrollment, tutoring, and other services to support veterans in achieving their education goals.

If you wish to attend SMC under one of the veterans’ assistance bills, please see the information and instructions at smc.edu/vet or consult a counselor in the Veterans Success Center.

Eligible nonresident veterans may qualify to pay resident fees. Consult with a Veterans Success Center counselor or with the Admissions and Records Office for details.

Students with Disabilities

If you wish to use the special counseling services provided through the Center for Students with Disabilities, call 310-434-4265. See page 111 for more information.

Printed SMC materials are available in alternate media upon request. To request publications in alternate formats for disability accommodation, send email to DSCcontact@smc.edu or call 310-434-4265. This Schedule of Classes is also available online (see smc.edu/schedules).

Dismissed Students

If you were dismissed from a previous college, OR were dismissed from Santa Monica College AND have been away from SMC for two consecutive semesters (one year) or longer, you are required take certain steps to qualify for readmission. Go to smc.edu/apply and click on the “Returning Students” link for details.

If you have been dismissed from SMC *more than once*, you will be required to take a break from attending SMC for up to a maximum of one year.

For further information, please see an SMC counselor.

ENGLISH, ESL, AND MATH PLACEMENT

Assembly Bill 1705 requires California Community Colleges to help students enroll in and complete transfer-level coursework in English or ESL and math, which is within one year for English and math, and within three years if the student starts with ESL. You will be placed in **English (or ESL)** and **math** based on either your prior work or a guided self-placement, depending on when and where you completed your prior work.

If you have graduated from a United States high school or earned a GED® in the United States:

- You will be placed using multiple measures that include your high school GPA, courses, and grades reported on your CCCApply admission application.
- **You may check your placement once you have activated your Corsair Connect account at smc.edu/cc.** Just log in, click the “Placement” badge (under the “Success Steps” card), and review your placement. If you do not see courses listed, your SMC admission application is missing some necessary information. Follow the instructions on the screen, enter the information requested. Once done, you will see your placement.

If you did not graduate from a United States high school or did not receive their GED® in the United States, or graduated high school in another country:

- You will be placed using “guided self-placement,” a set of online tools that help evaluate how prepared you are with the skills you are expected to have before starting a particular math, English, or credit ESL class. To be guided to the best class for your needs, it is important that you read everything presented to you carefully, and that you answer honestly.
- To access the guided self-placement tools, log on to Corsair Connect at smc.edu/cc. Then click the “Placement” badge (under the “Success Steps” card) and follow the instructions on the screen.

Plan on completing your English and math placements together. You may take each guided self-placement only one time.

Please note: The math self-placement presents six (6) options based on your academic and career path (major) or the course you are interested in taking. If you are not sure which option to choose, check with a counselor. You may take any of the math guided self-placements only one time.

About Your English, ESL, and Math Placements

For English, depending on your placement, you will start in one of two ways: (a) directly in English C1000 (formerly English 1), a transfer-level course; or (b) directly in English C1000 paired with English 28, a supporting course. In some instances, you may also be encouraged to take another reading or grammar supporting course. See page 51 for the English Course Sequence.

Some students may need to be placed in selected ESL courses. Depending on your placement, you will start with one of the following courses: ESL 10G and ESL 10W, ESL 11A, ESL 19A, ESL 19B, or English C1000. ESL 19A, ESL 19B, and English C1000 are CSU/UC transferable courses. See page 51 for the English Course Sequence and page 57 for the ESL Course Sequence.

For math, depending on your placement, you will start in one of two ways: (a) directly in a transfer-level math course, or (b) directly in a transfer-level math course paired with one supporting course. According to AB 1705, students may not be required to repeat courses they completed in high school with a C- or higher grade. If your English or math placement in Corsair Connect places you into a class you already completed, please meet with a counselor to discuss your case. A counselor may issue you a waiver and place you into the appropriate course for your program of study. See page 79 for the Mathematics Course Sequence.

Assembly Bill 1805 permits students to view annual placement statistics for English, ESL, and mathematics. These are available at smc.edu/successcenter.

Other Placement Services

Santa Monica College will continue to offer limited assessment services for the Chemistry 10 challenge exam and math proficiency for graduation. You must have already applied for SMC admission, and must present a valid government-issued photo identification (e.g., driver license, passport, military ID). Test preparation materials are available online at smc.edu/successcenter.

The Success & Engagement Center (formerly the Assessment Center) is located in Student Services Center S145. The Center offers limited testing services on a walk-in, first-arrival basis. Please check our website (smc.edu/successcenter) or call 310-434-8040 for up-to-date information on office and testing hours.

Is Placement Required?

Completing the placement process in English or ESL and in math is **mandatory** if you are:

- A first-time college student enrolling in more than six units during your first semester at SMC; or
- A continuing student who has not completed the placement process; or
- Enrolling in an English, ESL, or math course for the first time (even if not a first-time college student); or
- Enrolling in courses with required English or math preparation (prerequisites).

Based upon your placement results, you will receive an English, ESL, or math placement recommendation.

Placement Exemptions & Placement and Prerequisite Waivers

You may be exempt from the placement requirement and may also be granted placement and prerequisite waivers — as well as credit — for selected English, ESL, math, and chemistry courses under specific circumstances. Please see our webpage (smc.edu/

[waivers](#)) for an overview, then consult with a counselor in General Counseling & Transfer Services for details.

Please note: Although you may be exempt from the placement process, you still must successfully complete — or receive waivers for — any prerequisite courses that are required for classes in English (or ESL), math, Anatomy 1, Biology 21/22/23, Chemistry 11/12/21/22/24, Film 31/32/33/34, Microbiology 1, Nursing 17, Physics 7/9/22/23/24, and Physiology 3 (among other courses). For further information, please consult with a counselor in General Counseling & Transfer Services.

ABOUT YOUR TRANSFER UNITS

Many students use Santa Monica College as the freshman and sophomore years of a four-year college plan. SMC is a leader in transferring students to their junior year at four-year colleges and universities, including the UC and CSU systems. Each of these institutions has a list of courses that must be completed to:

- satisfy general education requirements,
- satisfy lower-division pre-major requirements, and
- satisfy elective requirements.

How credit for an SMC course transfers to your future school depends on how that school will accept the course, and how clearly defined your transfer goal is.

You can look up transfer information yourself (go to assist.org for details), but you will find it much easier to talk to a counselor in the Counseling Department. To schedule an appointment with a counselor, please call 310-434-4210.

STUDENT-ATHLETES PLEASE NOTE: *If you plan to transfer with an athletic scholarship*, please see an athletic counselor for a list of requirements and to arrange for continuous counseling while enrolled at SMC.

ACCESSIBILITY ADVISORY

SMC will relocate classes to accommodate individual students with specific disability-related access needs. To initiate this process, please contact the Center for Students with Disabilities at 310-434-4265 (voice) or 310-434-4272 (fax).

The path of travel from the public bus stops on Centinela to the Bundy and Airport Arts campuses is a steep grade that may be inaccessible for some with mobility limitations. However, the Sunset Ride — an accessible public bus line — which transfers from Big Blue Bus Line #14, stops inside the Bundy Campus.

Other access restrictions include:

- Art building: Accessible restrooms require an access key; go to the Center for Students with Disabilities (Student Services Center S155) or call 310-434-4265.
- Access keys are required for elevators when classes are not in session in the Business, Art, and Student Activities buildings, as well as for the Gym basement elevator.

Enrollment

IMPORTANT: All enrollment transactions take place online via Corsair Connect (smc.edu/cc). You may enroll in any class with space available **until the evening before the second class meeting** if the class is less than 90% full. Beginning the day of the **second** class meeting, you must have an Instructor Authorization Code for each class you wish to enroll in, even if the class has space available. EXCEPTIONS: (1) The enrollment deadline for *online, hybrid, or Arranged Hours classes* is the Sunday evening prior to the week

DATES AND DEADLINES

NEW AND RETURNING STUDENTS

(but NOT Continuing Students) must file an application for admission to receive an enrollment date and time. Students who applied for a previous term but did not enroll will need to reapply.

You may enroll in on-ground, online, and hybrid courses on or after your enrollment appointment date and time by web at smc.edu/cc.

If you enroll in any spring semester course at SMC, you MUST attend and actively participate in all classes (on-ground, hybrid, or online) during the first week of the course or risk being dropped by the instructor.

SPRING 2026 SCHEDULE OF CLASSES

Go to smc.edu/searchclasses to find schedule information — including changes, cancellations, and additions — for all open enrollment semesters.

Apply today at smc.edu/apply

Enrollment starts in early November.

Spring classes begin Tuesday, February 17, 2026.

the course begins; (2) for *classes meeting once per week and courses with a lab*, you may enroll until 10 p.m. the night before the first class meeting. If the class is full, you will need an Instructor Authorization Code.

Please note: If a class is closed and the term has not started, please keep trying, as the class will re-open if space becomes available. Join the open seat class notification list or the wait list (see relevant sections below). For more information about the enrollment process, please see smc.edu/enroll.

ENROLLMENT BY WEB

You may enroll by web on or after the enrollment date and time listed for you. You can enroll from any computer in the Admissions Office lobby. You may also enroll from home if you have Internet access.

- 1. Go to smc.edu/cc
- 2. Enter your username and your password
- 3. Follow the instructions provided.

To confirm that the classes you selected have been added, click on “Student Records” under Home & Profile in the menu on the left, then click “View Enrollment Transaction Receipt.” If the receipt is correct, print out a copy. **You must have this printout to contest any discrepancies.**

You may also **add** or **drop** classes by web. If you decide NOT to attend a course you have enrolled in, it is YOUR responsibility to officially withdraw from it. See withdrawal information on page 114.

ABOUT PRIORITY ENROLLMENT

You are STRONGLY encouraged to enroll as close to your assigned date and time as possible, since students who come after you in priority will quickly fill the classes you need if you wait too long.

State and local regulations, combined with other factors, determine the order in which your enrollment date and time are assigned. It is important complete the SMC placement process, online orientation, and education plan requirements as soon as possible — especially if you are pursuing a degree, certificate, or transfer, or you are a first-time college student — because the sooner you do so, the sooner you will receive your enrollment appointment.

LOSS OF ENROLLMENT PRIORITY

You may lose your priority enrollment status if you do not complete SMC’s online orientation (see smc.edu/orientation), placement process (go to smc.edu/cc and click the “Placement” tab), or an abbreviated education plan if you are a new or first-time-in-college student, or a comprehensive education plan if you are a student who will have either earned 15 degree-applicable units by the end of the term or will have completed a third semester (whichever comes first; you can complete your plan in either Stellic at stellic.smc.edu or through Corsair Connect at smc.edu/cc). You will also lose priority enrollment if you are on academic or progress notice for two consecutive semesters/terms, or you accumulate excessive units, or you are found responsible for violating provisions of the SMC Rules for Student Conduct, such as holding or selling seats in a class. For more information, please refer to smc.edu/admissions (click on “Policies and Procedures Index” under the Policies section).

OPEN SEAT NOTIFICATION

If you wish to take a course, but the section you want is already closed, you may sign up for an Open Seat Notification list up to two weeks before the term starts. You will receive a notification if a seat becomes available. A notification does NOT mean you are enrolled in the course. When you receive a

notification, it is YOUR responsibility to go to Corsair Connect at smc.edu/cc and enroll in the class. You may also unsubscribe from the Open Seat Notification list up to two weeks before the term starts. Notification lists expire two weeks prior to the start of the term (always on a Monday at 12:01 a.m.).

WAITLISTS

You may be given the opportunity to join a waitlist for a class section, starting two weeks before the term begins (always on a Monday at 12:01 a.m.). You will be able to track your status on the waitlist through Corsair Connect at smc.edu/cc. The waitlist is provided to faculty who, at their discretion, can add students to the class if there are seats available once the class starts. If you are on a waitlist, you will receive a notice by email if a seat has become available, and may enroll in the course on a first-come, first-served basis. Instructors are encouraged to follow the waitlist when they consider granting add codes. Please visit smc.edu/enroll for more details about the waitlist process.

SMC STUDENT I.D. CARD

You may obtain one SMC student I.D. card FREE of charge through the Cashier’s Office. Instructions on how to request your I.D. are available at smc.edu/cashier. If you lose your card, a replacement card may be purchased at the Cashier’s Office for \$20. Your SMC student I.D. provides a convenient way to check out materials from the SMC library and access the campus tutoring labs and learning resource centers, as well as purchase discount tickets for selected student events or activities.

SMC STUDENT EMAIL

Santa Monica College uses Google Gmail to provide each SMC student with a FREE email address. Go to smc.edu/google for more information. CHECK YOUR GMAIL ACCOUNT OFTEN, as this is where SMC will send all official communication from the College to you. SMC email addresses may be restricted at the College’s discretion at any time.

NOTE: Your @student.smc.edu email address is NOT permanent, and will be disabled after a period of nonenrollment. DO NOT link or associate your SMC student email address with personal and non-SMC related services, including Facebook, Twitter, Instagram, etc., as well as your bank account(s) and ATM and credit cards. Also, DO NOT use your SMC student email address for purchased apps/services.

Fees

All fees are subject to change without notice. See smc.edu/fees for the latest details.

If you qualify for the SMC Promise Program, you are exempt from paying enrollment, Student Benefits, Health Services, Student Representation, and A.S. Resource fees. See smc.edu/freetuition for details.

If you are taking only noncredit courses (designated by section numbers of 7000 or above), you are not required to pay the Health Services fee, Student Benefits fee, or A.S. Resource fee. However, you are required to pay the Student Representation fee, or you may opt out of it through Corsair Connect (go to smc.edu/cc, click on “Fees & Payment,” select the relevant term/semester, then click on “Fee Assessment”).

PLEASE NOTE: You may be eligible for financial aid. Work Study funds and the California College Promise Grant (CCPG) **are available** for the spring semester. To find out, call the Financial Aid Office at 310-434-4343 as soon as possible. See page 114 for additional information.

CA Resident Fees for Spring Semester:

Enrollment Fee	\$46/unit
Upper-Division Courses	\$84/unit
SMC Health Services Fee	\$27
Student Benefits Fee (Optional)	\$22.50
Associated Students Resource Fee (Optional)	\$10
Student Representation Fee (Optional)	\$2

Nonresident Fees for Spring Semester:

Enrollment Fee	\$46/unit
Upper-Division Courses	\$84/unit
Nonresident Tuition	\$398/unit
Capital Outlay Fee	\$24/unit
AB 947 Exemption	\$398/unit
SMC Health Services Fee	\$27
Student Benefits Fee (Optional)	\$22.50
Associated Students Resource Fee (Optional)	\$10
Student Representation Fee (Optional)	\$2

Enrollment Fee

All students (resident and nonresident) in graded credit courses must pay an enrollment fee of \$46 per unit.

Upper-Division Coursework Fee (B.S. in Interaction Design)

In ADDITION TO the per-unit enrollment fee of \$46, all students (resident and nonresident) *enrolled in graded upper-division credit courses for the Bachelor of Science degree in Interaction Design* must pay an upper-division coursework fee of \$84 per unit. **This fee is NOT covered by the California College Promise Grant (CCPG).**

Nonresident Tuition Fee

In ADDITION TO the per-unit enrollment fee of \$46, all nonresident students must pay tuition of \$422 (includes capital outlay fee) per semester unit (for a total of \$468 per semester unit), or if eligible for AB 947 exemption, tuition of \$398 per semester unit (for a total of \$444 per semester unit). For residency information, visit smc.edu/residency or call the residence clerk in the Admissions Office at 310-434-4461 or 310-434-4595.

Capital Outlay Fee

In ADDITION TO the per-unit enrollment fee and tuition fee, all nonresident students must pay a capital outlay fee of \$24 per semester unit. The fee helps cover the costs of maintaining and improving campus facilities such as classrooms, labs, and student support spaces.

Health Services Fee

The mandatory Health Services fee of \$27 during the spring semester includes free basic health services, information, and referrals by full-time RN; emergency first aid treatment; and free or reduced-cost immunizations.

Student Benefits Fee

The optional \$22.50 Student Benefits fee provides the Corsair Alert app and unlimited transit rides on Big Blue Bus, Metro trains and buses, and 13 other transit agencies across Los Angeles through the GoPass. The fee also supports the technology (campus WiFi, computer labs, printing) SMC makes available free to all students. You may opt out of paying the Student Benefits fee through Corsair Connect (Fees & Payments tab) prior to the *earliest* Refund Deadline for a class you are enrolled in during the term.

Associated Students Resource Fee

The optional Associated Students Resource fee of \$10 supports SMC’s many student clubs and other activities that foster academic achievement, campus life and

social events, campus sustainability programs, basic needs programs, and Cayton Center renovations. For details, see the A.S. webpage (smc.edu/associated_students) or stop by the Student Life Office (Room 202 of the Cayton Associated Students Center). You may opt out of paying the A.S. Resource fee through Corsair Connect (Fees & Payments tab) prior to the *earliest* Refund Deadline for a class you are enrolled in during the term.

Student Representation Fee

The optional Student Representation fee of \$2, mandated by Assembly Bill (AB) 1504, provides support for student government representatives who may be presenting positions and viewpoints to representatives, offices, and agencies of local, district, and state governments. The fee is divided, with \$1 going to the Associated Students, and \$1 for use by the Student Senate of the California Community Colleges (SSCCC). You may opt out of paying the Student Representation fee through Corsair Connect (Fees & Payments tab).

Materials and Supplies Fees

Some classes require additional fees for materials and supplies. Consult the class listings in this schedule to determine whether any such fees are required. Please note that these fees are NOT refundable.

ON-CAMPUS AND SATELLITE CAMPUS VIRTUAL PARKING PERMITS

A virtual on-campus parking permit does NOT guarantee you a parking space. What a virtual parking permit does is entitle you to use on-campus student parking areas on a space-available, first-arrival basis. NOTE: Your virtual parking permit is for ON-CAMPUS PARKING ONLY — it is NOT a residential (street) parking permit.

To park at the **SMC Main Campus, SMC Performing Arts Center (PAC),** or the **SMC Center for Media and Design (CMD),** you **MUST** purchase a virtual parking permit for \$50 for the spring semester. The permit price includes the City of Santa Monica 10% parking facilities tax. The virtual parking permit provides access to parking lots at ALL SMC campuses.

You may purchase virtual parking permits online through Corsair Connect at smc.edu/cc. If you have been awarded a California College Promise Grant for the academic year, you may purchase a virtual parking permit for \$18 (which includes the City of Santa Monica 10% parking facilities tax) at the Cashier’s Office.

Parking at **SMC Airport Arts, Bundy, and Malibu campuses** is FREE, but **REQUIRES A VIRTUAL PARKING PERMIT.** You may request virtual parking permits online through Corsair Connect at smc.edu/cc.

PLEASE NOTE: Student virtual parking permits are NOT valid for faculty/staff parking areas.

Accessible Parking: The display of a DMV accessible placard AND registration for an SMC virtual parking permit entitles you to park in any accessible, student, or staff parking space.

An important caution: Car alarms are disruptive to other students and our neighbors. Cars with activated alarms in the SMC parking areas will be **TOWED IMMEDIATELY** at YOUR expense.

BIG BLUE BUS (BBB) AND METRO TAP CARDS

As an SMC student, you can ride ANY Big Blue Bus, Metro bus or train, or buses on 13 other transit agencies across L.A. anytime — **at NO EXTRA COST!** — if you are currently enrolled and have paid the Student Benefits fee. Visit smc.edu/transportation for details on how to get your TAP card.

WITHDRAWAL REFUND SCHEDULE

See “Academic Policies” on page 114 for information on withdrawal refunds. Withdrawal refund deadlines appear next to each enrolled class listed in your Corsair Connect account.

Payment Policy

PAYMENT

PLEASE NOTE: You may be eligible to receive some form of financial aid. Call the Financial Aid Office at 310-434-4343 as soon as possible. Work Study funds and the California College Promise Grant (CCPG) are available for the spring semester (go to smc.edu/financialaid for details). Please note: The California College Promise Grant and SMC Promise Program do NOT cover upper-division coursework fees.

You can pay your fees by using a MasterCard, Visa, Discover, or American Express credit card at the same site where you enroll. For other payment options, see the “How to Pay” information.

Payments of enrollment and related fees for courses you enroll in are due by the deadline dates published on the fees webpage and in your Corsair Connect account. **The spring 2026 payment deadline is Wednesday, January 21, 2026, at 5 p.m. Starting Thursday, January 22, 2026, you must pay for any new class you add before midnight on the day you add the class, or you will be dropped for nonpayment. Please see smc.edu/fees for payment deadline dates and other related information. It is YOUR responsibility to drop any courses you do not wish to continue. If you do not drop the courses by the refund deadline — even if you never went to class — you will be responsible for paying the fees and will not be able to enroll in future terms until all fees are paid.** A hold will also be placed on your records, which prevents you from receiving enrollment verification, diplomas, etc. See smc.edu/fees for the latest details.

How to Pay

SMC offers students several payment options.

- You may pay fees in cash or by check, money order, cashier’s check, Visa, MasterCard, Discover, or American Express.
- Nonresident tuition may be paid in cash or by money order, cashier’s check, or a personal check drawn on a California bank.

You may pay:

- By web using a MasterCard, Visa, Discover, or American Express card **ONLY (web enrollment takes place on a certified secured site, and all data transactions are encrypted;** to pay fees online, log onto Corsair Connect at smc.edu/cc and **make sure the correct “school semester” is selected,** then select “Pay Fees Online” from the menu on the left);
- By mailing your check, money order, or cashier’s check (no cash) to Santa Monica College, Cashier’s Office, 1900 Pico Boulevard, Santa Monica, CA 90405.
- By phone by calling the Cashier’s Office during business hours at 310-434-4664.

If you have a credit for any prior transaction(s), the amount will be applied to any owed balance.

Financial Assistance

Santa Monica College provides a variety of resources to assist and encourage students who need financial assistance.

FINANCIAL AID

Financial aid is used to pay for mandatory fees, books, transportation, room and board, and other education-related costs. Before starting enrollment procedures, contact the Financial Aid Office. The Financial Aid Office is open Monday and Thursday from 8:30 a.m. to 4 p.m., Tuesday and Wednesday from 8:30 a.m. to 6 p.m., and Friday from 8 a.m. to 1 p.m. **Hours for the Financial Aid Office’s Q-less online phone system are Monday and Thursday from 9 a.m. to 4 p.m., Tuesday and Wednesday from 9 a.m. to 5 p.m., and Friday from 9 a.m. to 12 p.m. Hours are subject to change without notice.** For additional information, please see smc.edu/financialaid or call 310-434-4343.

SMC offers various types of financial aid:

- Grants** (Pell Grant, SEOG, Cal Grant B, C, SSCG): Need-based assistance that does not need to be repaid.
- California College Promise Grant** (CCPG): Need-based enrollment fee waivers for eligible California residents.
- Santa Monica College Promise:** Free enrollment and fee waivers for students who graduate from a California high school or complete a high school equivalency test (e.g., GED® or HiSET® or CPP) and go directly to SMC as full-time students (see smc.edu/freetuition for details).
- Federal Work-Study (FWS) funds:** Federally funded program that provides wages to eligible students for employment.
- Loans:** Federally administered, low-interest funds that must be repaid.
- Scholarships:** Awards from foundations and private endowments or individuals.

Important Dates

FAFSA application available	October 1
FAFSA and Cal Grant priority deadline	March 2
Extended Cal Grant deadline	September 2

Who is Eligible?

- You must be a U.S. citizen or eligible non-citizen
- Possess a Social Security Number (SSN)
- Demonstrate financial need (except for SMC Promise and many scholarships)
- Have a high school diploma, GED®, California High School Proficiency Certificate, or demonstrate an ability to benefit from post-secondary education
- Comply with Selective Service registration (if required)

How to Apply for Federal Financial Aid

You can generally apply as early as October 1, and you do not need to wait to be admitted to SMC to apply.

- Create your FSA ID username and password at fsaid.ed.gov. To expedite the financial aid process, have your parent create one also.
- Once you receive your PIN, go to studentaid.gov/fafsa-app to complete the Free Application for Federal Student Aid (FAFSA). Santa Monica College’s Federal School Code is 001286.
- When the FAFSA is sent to the Federal Processor, this information is put through the eligibility-determining formula and an Expected Family Contribution (EFC) is calculated. A Student Aid Report (SAR) on financial aid eligibility will be mailed to you.

How to Receive Your Financial Aid

Santa Monica College has partnered with BankMobile to process financial aid disbursements. For details, see smc.edu/bankmobile.

SPRING 2026 SCHEDULE OF CLASSES

COMMON COURSE NUMBERING IS HERE!

In fall 2025, Santa Monica College and all California Community Colleges began implementing **Common Course Numbering** (also known as AB 1111). Under this new numbering system, many courses will have the same standardized course numbers and titles at every community college campus, making it simpler for you to transfer credits, plan your degree, and meet transfer requirements.

This change appears in six courses in the chart below. Additional courses will transition each semester until the initiative is complete. Be sure to check the schedule of classes and SMC catalog carefully, and reach out to your counselor if you have questions!

Common Course Number and Name	Former Course Number and Name
COMM C1000, Introduction to Public Speaking	COM ST 11, Elements of Public Speaking

PSYC C1000, General Psychology	PSYCH 1, General Psychology

Accounting

General accountants examine financial records of municipal, county, state, and federal agencies for compliance with laws. They record transactions, such as receivable, payable, payroll, property into a general ledger. Corporate accountants set up and design accounting/bookkeeping systems and procedures, risk management programs, tax law and finance methods, record financial transactions, and analyze and evaluate financial records for businesses. Their duties include interpreting financial information and preparing reports for business executives and government regulatory agencies. Advancement includes senior accountant, controller, treasurer, and chief financial officer positions.

Some of the courses listed in this section are accompanied by Supplemental Instruction. Supplemental Instruction (SI) is an academic assistance program that utilizes free peer-assisted weekly study sessions to help students learn the most difficult course content. For more information, please see the SI website at smc.edu/si.

ACCTG 2, CORPORATE FINANCIAL AND MANAGERIAL ACCOUNTING

5 UNITS

Transfer: UC, CSU

C-ID: ACCT 120; Students must take ACCTG 1 and 2 to earn the equivalent of C-ID ACCT 110.

- *Prerequisite: ACCTG 1.*
- This course continues the study of introductory financial accounting principles begun in Accounting 1 and also covers introductory managerial accounting. The financial accounting portion of the course (2 units) covers the corporate form of business organization, bond financing, installment notes and other long-term liabilities, investments in debt and equity securities, international operations and the Statement of Cash Flows, corporate financial statement preparation and analysis and other GAAP and IFRS considerations. The managerial portion of the course (3 units) covers accounting concepts relevant to internal users rather than third party users of financial statements. Animation

The Animation program prepares students for careers in the entertainment industry through comprehensive, hands-on training. The program is designed to meet the industry's need for creative professionals who excel in developing ideas and have the technical proficiency to execute them. Our instructors are experienced professionals who bring first-hand knowledge of industry practices to the classroom and work in close collaboration with industry advisors to keep up with trends and changing requirements. In addition, participating companies often provide guest speakers and student internships. We offer day, evening and weekend classes to provide educational opportunities to all students. In addition, select courses are offered online through Distance Education. Students who are interested in the Animation program are strongly encouraged to schedule an appointment with one of the counselors at the Center for Media and Design campus to develop an Educational Plan. This is to ensure that you are taking the necessary courses to meet your educational goals. To learn more, please visit smc.edu/designtech.

Students interested in independent studies or internships for the Animation program may enroll in the Entertainment Technology (ET) 88 or 90 series of courses. Please speak with the Design Technology Department Chair or an Academic Counselor at the CMD for more information.

Anthropology

Anthropology is a diverse discipline involving the humanities, social sciences and natural sciences that examines various aspects of past and present-day humans. It consists of four fields: Archaeology, Cultural Anthropology, Linguistic Anthropology, and Physical Anthropology. Archaeology examines past human cultures through material culture. Cultural Anthropology focuses on sociocultural variation among humans. Linguistic Anthropology examines how language influences society and culture. Physical Anthropology studies the biological and behavioral aspects of humans within an evolutionary framework.

Some of the courses listed in this section are accompanied by Supplemental Instruction. Supplemental Instruction (SI) is an academic assistance program that utilizes free peer-assisted weekly study sessions to help students learn the most difficult course content. For more information, please see the SI website at smc.edu/si.

Architecture

See also “Interior Architectural Design.”

The Architecture program provides an analytical foundation from which you will explore design innovation through functional, cultural, environmental, and socially conscious design. Learn about the impact of the built environment while developing skills in drafting, rendering, presentations, project collaboration, environmental design, building systems, and code compliance. Explore creative careers in digital production or environmental design for a sustainable future. Our instructors are experienced professionals who bring first-hand knowledge of industry practices to the classroom and work in close collaboration with industry advisors to keep up with trends and changing requirements. In addition, participating companies often provide guest speakers and student internships. We offer day, evening and weekend classes to provide educational opportunities to all students. In addition, selected Architecture courses are offered online through SMC’s Distance Education program. Students who are interested in the Architecture program are strongly encouraged to schedule an appointment with one of the counselors at the Center for Media and Design campus to develop an Educational Plan. This is to ensure that you are taking the necessary courses to meet your educational goals. To learn more, please visit smc.edu/designtech.

ART 13, FORM AND SPACE: INTRODUCTION TO 3D DESIGN

3 UNITS

Transfer: UC, CSU

C-ID: ARTS 101.

This course is an introduction to historical references, conceptual ideas, and hands on applications related to three-dimensional design. Students in this class will look at spatial composition, along with organizing principles and elements of design as they apply to space and form. Students are invited to experiment with new materials, cutting edge technology, and critical dialogues in order to develop their own visual vocabulary for creative expression. The class will have regular lectures, practices with work space organization for exhibitions, and a sense of play in the use of materials for non-representational three-dimensional studio projects. This course is spirited and experimental.

ART 21C, FIGURE DRAWING FOR PORTFOLIO DEVELOPMENT

3 UNITS

Transfer: CSU

The figure continues to be one of the most important and enduring subjects for art. This course provides advanced instruction in drawing the human figure from the live model for students building a portfolio of figure drawings. This course focuses on in-depth study of the human figure through drawing. A broad range of materials will be utilized, including the use of color with continued emphasis on observation, anatomy, and spatial structure. In order to help students build a portfolio of figure drawings for transfer or to help find work in one of the many fields that require figure drawing, this course moves beyond observation and emphasizes creative, conceptual, & theoretical development.

This course provides advanced instruction in drawing the human figure from the live model as well of use of the figure in work that students create. Emphasis will be on developing self-directed student work. Course exercises will cover advanced surface musculature and skeletal anatomy, but will also develop students’ repertoire of medias and deepen exploration of the figure in drawing. Students will produce drawings in multiple medias and colored drawings.

Art History

Art History is the study of art created in the past by individuals from various cultures and parts of the world. It is the study of the historical development of art as social and intellectual phenomenon, the analysis of works of art and art conservation. Students study specific periods, cultures, styles and themes. The art historian seeks to interpret and understand works of art of many types, ranging from the monumental to small scale, by learning about artists’ lives and their societies. Students are prepared for a wide range of professional careers — in museums, galleries, auction houses or publishing, including antique dealer, art appraiser, art dealer, art restorer and museum curator.

Astronomy

Astronomers and astrophysicists study the contents of our universe, including planets, stars, galaxies, and even the universe in its entirety. They are essentially physicists who specialize in using the fundamental laws of nature and the techniques of mathematics to understand our place in the cosmos. Astronomers design and build telescopes and other scientific instruments to collect data from astronomical objects. They then apply the techniques of scientific data reduction and analysis to extract the information from the data collected. While many astronomers and astrophysicists end up in academia, their unique skills are in great demand in many other fields including, aerospace, engineering, computer science, software development, information technology, financial services, education, and public outreach.

Transfer: UC*, CSU	
Cal-GETC Area 5A (Physical Sciences, + LAB)	
*Maximum credit allowed for ASTRON 2 and ASTRON 4 is one course (4 units).	

This is a 4-unit introductory level lab course with a similar curricular depth and breadth to its comparable 3-unit lecture course Astronomy 2. In the lab component, students begin by re-creating many historical, first-ever human discoveries and measurements that helped to develop the scientific method: the size of Earth, Moon, and Sun, their relative distances, the scale of planetary orbits, phases, diameters, densities, masses, surface features, atmospheres, and rates of rotation. The labs also engage students in basic observations of the sky, computer simulations, and analysis of archival data from public domain sky surveys and surface maps by robotic NASA rovers and orbiting probes. The course material is a single semester survey of the origin and evolution of planetary systems such as our own Solar System including the latest leading theories of planetary topography, atmospheres, interiors, moons, comets, asteroids, and aurorae produced by the interaction of planetary magnetism and particle outflows from the Sun.

This course will stress naked-eye astronomy and the historical development of astronomical thought, from the stone age to modern times. Students will learn about celestial motions and how these motions have shaped various cultural views, and how cultural beliefs and values shaped interpretations of the phenomena seen. We will see how eclipses of the sun and moon helped mark important epochs of time, and how solar and lunar motions were used to help create calendars. The class will study the development of astronomy in western European cultures, American cultures (North America,

Mesoamerica, and South America), and non-western cultures (Asia, Africa).

AUTO 47, SUSPENSION AND STEERING	3 UNITS
This course covers the principles, operation, diagnosis, service and repair of automotive suspension, steering systems, and four-wheel suspension alignment. Topics include the two types of steering systems that are widely used in today's consumer vehicles: rack-and-pinion steering, and “recirculating ball” or “worm gear” steering, also known as conventional. This course prepares students for entry-level positions or advanced training in automotive suspension and steering systems.

Bicycle Maintenance - Noncredit

BCYCLE 901, BICYCLE MAINTENANCE LEVEL 1	0 UNITS
This course provides a basic understanding of bicycle maintenance and adjustments and techniques to fix most common problems. Topics include technical and mechanical skill development, tool selection and use, drive-train systems, wheel and hub systems, brake systems, suspensions, handlebar and stem assemblies. Career pathways in the bicycle industry at the local, national and international levels will be explored.

Biological Sciences

See also “Aquaculture.”

Coursework and study in the biological sciences provides a foundation for future employment in many of the fastest growing and emerging STEM (Science, Technology, Engineering and Math) fields today. Students of biology are at the front lines of many of the most critical questions our society is facing in the 21st century and beyond, including addressing climate change, the biodiversity crisis, resource management and population growth, emerging/infectious diseases and public health. Students of biology become lab technicians, nurses, genetic counselors, physicians, environmental scientists, landscape architects, state and national park rangers, researchers in agriculture, pharmaceuticals and biotechnology, teachers and college professors. Logic and critical thinking skills developed as a student of biology are applicable to nearly every field and every discipline and provide a foundation for making informed personal, business and public policy decisions. Students must be present for the first session of biological science classes to be assured of admission to limited laboratory spaces. Students who wish to enroll in a Life Sciences course must demonstrate that they have met the prerequisites for the course prior to enrollment. Continuing students must complete prerequisite courses with a C or better. If currently enrolled in a prerequisite course at SMC at the time of enrollment, students will be admitted to subsequent courses based upon midterm placement results, but will be dropped if the prerequisite course is not completed with a C or better. Students who have successfully completed one or more prerequisite courses (earning a grade of C- or better in both the lecture and lab courses and an average of C (2.0) or better overall) at another institution may be able to verify having met the prerequisites by submitting a transcript and course description and course syllabus for the prerequisite courses.

ANATMY 1, GENERAL HUMAN ANATOMY **4 UNITS**
Transfer: UC, CSU
C-ID: BIOL 110B.
Cal-GETC Area 5B (Biological Sciences, + LAB)
• Prerequisite: ENGL C1000 (formerly ENGL 1).

This course is an intensive study of the gross and microscopic structure of the human body including the four major types of tissue and their subgroups, and the following organ systems: integumentary, skeletal, muscular, circulatory, respiratory, digestive, urinary, reproductive, endocrine, nervous, and sensory. Functions of the organ systems are included at the introductory level to prepare students for a course in Human Physiology. Laboratory assignments develop the skills of observation, investigation, identification, discovery and dissection. The use of actual specimens, including cat dissection and observation of a human cadaver, is emphasized to assure that students learn the relative structure, functions, textures and variations in tissues not incorporated in models. Supplemental materials such as models, photographs, charts, videotapes, and digitized images are also provided. This course is required for students preparing for many Allied Health professions including, but not limited to, Nursing, Respiratory Therapy, Physical Therapy, Physical Education and Kinesiology Training, and Physician’s Assistant and is a prerequisite for Human Physiology 3.

• Prerequisite: ANATMY 1.

This course emphasizes developmental, comparative and gross anatomy as applied to various disciplines such as clinical medicine, anthropology, art, illustration, kinesiology, and pathology in order to demonstrate practical and professional applications of anatomy. The laboratory experience includes individualized instruction in (virtual for online) dissection of the human body. Students prepare seminars on specific anatomy topics for presentation to faculty and other students. Guest lecturers and field trips may be included.

Cal-GETC Area 5B (Biological Sciences, + LAB)

• Satisfies Global Citizenship

This course introduces students to basic concepts of environmental biology through the study of evolution, ecology, and conservation biology. The course is designed for both major and non-major environmental science students. It is intended both as preparation for upper division Environmental Science classes, but also as general education for all students interested in a more in-depth understanding of current biological and environmental issues. By the end of the course, students should be able to use scientifically sound information to critically analyze complex environmental issues from around the world. Students will gather and analyze basic research data and apply the scientific method to conservation-related projects. Laboratory and field experiments are integrated and stress scientific methodology and thinking.

Cal-GETC Area 5B (Biological Sciences, + LAB)

• Prerequisite: CHEM 11.

*No UC credit for BIOL 3, BOTANY 1 or ZOOL 5 if taken after BIOL 21, 22 or 23.

This is the first course of a three-course lecture and laboratory sequence for Biology majors, including Biology 21, 22, and 23. It describes how scientists approach the scientific method to generate scientific knowledge; studies the history, evidence, and mechanisms of evolution; identifies the chemistry of four classes of macromolecules; elucidates the cell principle including cell structure, function, and physiology; describes general energy metabolism; and illustrates the processes of growth and reproduction through mitosis, meiosis, development, and life cycles. Students are required to perform at least two experiments that require data collection, computer-based data management and graphing, and scientific analysis and interpretation of data. The course is designed to meet the needs of students transferring to upper division biology study.

• Prerequisite: BIOL 21 and CHEM 11.

• Advisory: CHEM 21.

*No UC credit for BIOL 3, BOTANY 1 or ZOOL 5 if taken after BIOL 21, 22 or 23.

This is the second course of a three-course lecture and laboratory sequence for Biology Majors, Biology 21, 22 and 23. It focuses on the structure, function and transmission of genes from the perspectives of genetics and molecular biology. A strong foundation in genetics and its relationship to molecular biology is developed through problem solving. Students perform experiments that require data analysis and demonstrate interpretations in laboratory reports. Application of Internet databases for bioinformatics is used to show relationships between DNA and protein sequences. The course is designed to meet the needs of students transferring to upper division biology study.

It is strongly recommended that students also enroll in Chemistry 21 which is required for transfer. Any online section of BIOL 22 will be taught as a hybrid with all lab meetings scheduled for in-person learning on the SMC campus.

This is the third of a three-course lecture and laboratory sequence for biology majors. Organisms at and above the cellular level of organization are examined, with plants, invertebrates, and vertebrates receiving equal attention. Topics emphasized include morphology, physiology, systematics, ecology, evolution, and behavior. Additionally, each student must complete a term project which includes lab or fieldwork and library research. Transfer credit is limited if students enroll in other overlapping Biology courses or Zoology 5.

BIOL 30, FUNDAMENTALS OF BIOTECHNOLOGY 15 UNITS

Transfer: CSU

This course will introduce students to the broad spectrum of the biotechnology field and workforce, with content that will be accessible and appropriate to students and professionals from diverse disciplines. This course is designed to prepare students to enter the growing biotechnology workforce or to transfer. Students that complete this course will be eligible to take the Los Angeles Regional Bioscience/Biotechnology Industry-Valued Credential. Topics explored in this course include basic molecular and cellular biology, introductory genetics, biomanufacturing, microbiology, agriculture & bio-remediation, chemistry, environmental health & safety, quality assurance & regulation, business, ethics, and biotechnology company structure. These concepts are explored by means of class discussions and projects, reading assignments, and lab activities. The course is intended as preparation for the intermediate and advanced biotechnology skills and methods courses as well as internships. By the end of the course, students should be able to describe the general structure and operating practices for a biotechnology company, demonstrate knowledge of fundamental biotechnology concepts in a molecular biology context, and express understanding of biotechnology applications and ethical practices.

BIOL 31, FUNDAMENTALS OF BIOTECHNOLOGY 2: FROM GENES TO PROTEINS **5 UNITS**

Transfer: CSU

- *Prerequisites:* BIOL 30.
- *Prerequisite/Corequisite:* CHEM 10.

This course will introduce students to fundamental molecular and protein chemistry techniques that are essential to the biotechnology field and workforce. This course is designed to prepare students to enter the growing biotechnology workforce or to transfer. Students that complete this course will be prepared for the biotechnology internship course and to take the Los Angeles Regional Bioscience/Biotechnology Industry-Valued Credential or equivalent exams. Topics explored in this course include maintaining an industry standard notebook, following and writing SOPs, and utilizing a digital quality management software; lab safety regulations, aseptic technique, and quality control protocols; preparing and sterilizing solutions, reagents, and experimental materials; usage and maintenance of state-of-the-art laboratory equipment; bioinformatics; and amplifying, extracting, purifying, and analyzing polynucleotides and proteins. These concepts are explored by means of class discussions and projects, reading assignments, and lab activities. The course is intended as preparation for the advanced biotechnology skills and methods courses as well as internships. By the end of the course, students should be able to demonstrate competency in following and editing SOPs, explain fundamental molecular and protein chemistry methods, and apply their training to use and maintain laboratory equipment.

BIOL 32, CELL CULTURE METHODS & TECHNIQUES **4 UNITS**

Transfer: UC, CSU

- *Prerequisite:* BIOL 31.

This course will build upon students’ knowledge of cell and molecular biology by introducing students to techniques and methods that are critical for culturing, studying, and genetically manipulating eukaryotic cells. This course is designed to prepare students to enter the growing biotechnology workforce or to transfer. Students that complete this course will be eligible to take the Los Angeles Regional Bioscience/Biotechnology Industry-Valued Credential exam. Topics explored in this course include eukaryotic gene expression patterns and signal transduction pathways; biomanufacturing principles for eukaryotic cells; proper culturing and handling of eukaryotic cells; application of cell biology tools to manipulate and edit genes in eukaryotic cells; quality assurance & regulation; business, ethics, and biotechnology company structure. These concepts are explored by means of class discussions and projects, reading assignments, and lab activities. The course is intended as preparation for internships or transfer into biomanufacturing bachelor programs. By the end of the course, students should be able to describe & demonstrate aseptic technique; culture, maintain, and prepare eukaryotic cells for long-term storage; describe and perform cell specific assays; explain the layout and use required equipment to culture cells; and demonstrate knowledge of biotechnology applications and ethical practices.

Cal-GETC Area 4 (Social & Behavioral Sciences)

- *Satisfies Global Citizenship*

- *Advisory:* NUTR 1.

The evolution of American food culture is examined from a historical, contemporary, economic, political and scien-

tific survey of ethnic groups in America, including Native Americans, European Americans, African Americans, Asian Americans, and Latinos. Immigration, enculturation, acculturation, religion, food availability, food preference, food behavior, food preparation, food beliefs and food-related gender roles are considered. These factors are compared and contrasted across the ethnic groups and regions in America. The impact of “Americanization” on ethnic cuisines and impact of ethnic cuisines on the American economy are explored. Current research on the health- and nutrition-related implications of ethnic groups’ food choices/practices is reviewed. Engendering cultural sensitivity and competency is at the core of this course.

Chemistry

Chemists study the properties of matter and make qualitative and quantitative analysis of many substances. They conduct a variety of experiments and tests in laboratories to develop new knowledge or maintain control over the quality of existing products and procedures. Chemists may work in research and development, or production and quality control in the chemical manufacturing industry, and in education or government institutions. Students must be present at the first lab session of a chemistry course to be assured of admission to limited lab spaces. Students who wish to enroll in a chemistry course must demonstrate that they have met the prerequisites for the course prior to enrollment. Continuing students must complete prerequisite courses with a C or better. If currently enrolled in a prerequisite course at SMC at the time of enrollment, students will be admitted to subsequent courses based upon midterm placement results, but will be dropped if the prerequisite course is not completed with a C or better. Students who have successfully completed one or more prerequisite courses (earning a grade of C- or better in both the lecture and lab courses and an average of C (2.0) or better overall) at another institution may be able to verify having met the prerequisites by submitting a transcript and course description and course syllabus for the prerequisite courses.

Some of the courses listed in this section are accompanied by Supplemental Instruction. Supplemental Instruction (SI) is an academic assistance program that utilizes free peer-assisted weekly study sessions to help students learn the most difficult course content. For more information, please see the SI website at smc.edu/si.

CHEM 11, GENERAL CHEMISTRY I 5 UNITS
Transfer: UC, CSU
C-ID: CHEM 110. C-ID: CHEM 120S; to get C-ID CHEM 120S for CHEM 11, students must complete both CHEM 11 and CHEM 12.
Cal-GETC Area 5A (Physical Sciences, + LAB)

- Prerequisite: CHEM 10 and MATH 20.
Students seeking waiver of the CHEM 10 prerequisite should take the CHEM 10 Challenge Exam. Students taking CHEM 11 and 12 must have access to the Internet to complete class assignments.

This course is the first semester of a two-semester, standard first year college chemistry course (Chemistry 11 and Chemistry 12). It introduces the fields of physical, analytical, inorganic, and organic chemistry. Topics to be discussed include atomic structure, chemical bonding, common types of reactions, stoichiometry, thermochemistry, and the properties of gases, liquids, and solids.

Transfer: UC, CSU
Cal-GETC Area 5A (Physical Sciences, + LAB)

- Prerequisite: MATH 31 or MATH 50 or eligibility for STAT C1000 (formerly MATH 54) and MATH 54C.

This one-semester course is designed for students preparing for studies in nursing or related allied health professions. Topics include measurements, unit conversions, atomic and molecular structure, chemical reactions and equations, gases, solutions and acid/base chemistry. There will be a special emphasis on properties and reactions of organic and biologically relevant compounds. NOTE: This course is NOT equivalent to CHEM 10 and does NOT meet the prerequisite requirement for CHEM 11.

CHEM 21, ORGANIC CHEMISTRY I 5 UNITS
Transfer: UC, CSU
C-ID: CHEM 150.
Cal-GETC Area 5A (Physical Sciences, + LAB)

- Prerequisite: CHEM 12.
This course is a systematic introduction to the chemistry of carbon compounds. It encompasses theory and reactions of hydrocarbons and functional group derivatives. Included are bonding and structure, nomenclature, stereochemistry, synthesis, mechanism, and spectroscopic analysis. The laboratory work focuses on techniques of synthesis, isolation, purification, and analysis.

CHEM 22, ORGANIC CHEMISTRY II 4 UNITS
Transfer: UC*, CSU
Cal-GETC Area 5A (Physical Sciences, non-lab)

- Prerequisite: CHEM 21.
*Maximum UC credit for CHEM 22 and CHEM 24 combined is 5 units.

This course is a continuation of Chem 21, with emphasis on the remaining functional groups and types of reactions. Also included is an introduction to the organic chemistry of biochemical compounds. Chem 22 includes lecture and discussion. The second semester of organic chemistry laboratory is a separate course, Chem 24. Chem 21 and 22 constitute two semesters of organic chemistry with one semester of organic chemistry laboratory. Chem 21, 22, and 24 constitute two semesters of organic chemistry with two semesters of laboratory.

Transfer: UC*, CSU
Cal-GETC Area 5A (Physical Sciences, + LAB)

- Prerequisite/Corequisite: CHEM 22.
*Maximum UC credit for CHEM 22 and CHEM 24 combined is 5 units.

This course is the second semester of organic chemistry laboratory. The laboratory work involves microscale and miniscale synthesis, structure determination, investigation of reaction mechanism, and qualitative analysis. The lectures will discuss the theory and techniques that relate to the experiments that are performed, including NMR, IR, organic qualitative analysis, and various methods of analysis, separation, and purification of mixtures.

CHEM 55, INTRODUCTION TO CHEMICAL INSTRUMENTATION 2 UNITS
Transfer: CSU

- Prerequisite: CHEM 12.
- This laboratory course will introduce students to instrumentation commonly used in chemistry research in preparation for careers in chemical analysis, manufacturing, and quality assurance. The course explores the basic principles for qualitative and quantitative analysis, the basic principles of chromatographic and spectroscopic techniques, and the strengths and limitations of analytical methods and instrumentation. The lectures will discuss the theory and techniques that relate to the experiments that are performed, including High-Performance Liquid Chromatography (HPLC), Gas Chromatography-Mass Spectrometry (GC-MS), Infrared Spectroscopy (IR) , Ultraviolet-Visible Spectroscopy (UV-vis), and various methods of analysis and separation of mixtures. Emphasis will be placed upon understanding the fundamental principles of analytical instrumentation, data acquisition and analysis, and scientific communication.

Communication Studies

Communication Studies offers students courses that combine theory and application in many areas of the discipline. These courses encourage our students to apply conceptual material to daily interactions in a variety of communication contexts. In addition, our discipline provides a wide range of course offerings in the Communication Studies major. Oral Communication focuses on the skills and knowledge needed for creating effective and appropriate public communication skills. Courses include public speaking, oral interpretation of literature, persuasion, group communication, argumentation, and competitive speech and debate. Students completing courses in oral communication gain practical skills in researching, developing and presenting ideas and arguments in a variety of contexts preparing them for upper division, workplace, and personal presentations. Communication Theory focuses on human communication theory, especially as it relates to the interpersonal and/or group levels of communication. Courses in this area include interpersonal, group communication, intercultural communication, gender and communication, communication theory and research methodologies. Students completing courses in the communication theory area learn theoretical knowledge to prepare them for transfer into communication studies programs at the university and practical communication skills to improve their own interpersonal effectiveness.

COMM C1000, INTRODUCTION TO PUBLIC SPEAKING 3 UNITS
Transfer: UC, CSU
C-ID: COMM 110.
Cal-GETC Area 1C (Oral Communication)

Formerly COM ST 11.

In this course, students learn and apply foundational rhetorical theories and techniques of public speaking in a multicultural democratic society. Students discover, develop, and critically analyze ideas in public discourse through research, reasoning, organization, composition, delivery to a live audience and evaluation of various types of speeches, including informative and persuasive speeches.

COM ST 14, ORAL INTERPRETATION: PERFORMING LITERATURE ACROSS CULTURES

3 UNITS

Transfer: CSU

C-ID: COMM 170.

- Satisfies Global Citizenship
- Advisory: COMM C1000 (formerly COM ST 11).
Formerly SPEECH 4.

This course focuses on the oral interpretation of poetry and prose, with a special emphasis on literature by and about cultural groups in the United States, including African-Americans, Asian-Americans, European-Americans, Jewish-Americans, Latino/a-Americans, Arab-Americans, Indigenous peoples of the United States and others. Through the process of oral interpretation, students will analyze works of literature, discover a personal connection to the material, and share their emotional and intellectual creation — using voice and body — with an audience. Students will learn to appreciate the similarities and differences among cultures and how culture affects the author’s voice by studying and performing multi-cultural literature.

COM ST 16, FUNDAMENTALS OF SMALL GROUP DISCUSSION

3 UNITS

Transfer: UC, CSU

C-ID: COMM 140.

Formerly SPEECH 6.

This course focuses on the identification and analysis of processes and challenges of communication as affected by small group interactions. This course helps students develop competence and confidence as a group member and leader through a combination of theoretical and practical knowledge of small groups in everyday life. This course introduces modern database concepts while emphasizing the relational database model. Topics include design methodologies, normalization of tables to reduce redundancies, supertypes and subtypes to reduce nulls, data integrity, referential integrity, and using locks and other techniques for concurrency control in a multi-user database. Factors that should be balanced during the design of a database are described. To document databases, entity relationship diagrams, relational schemas, and data dictionaries are described. Principles are applied by performing exercises using MySQL or other database management system. SQL and other languages are used to create and fill tables, retrieve data, and manipulate it by stored programs.

CS 79B, DATABASE ESSENTIALS IN AMAZON WEB SERVICES 3 UNITS
Transfer: CSU

• *Prerequisite: CS 79A.*
This course addresses cloud database management which supports a number of different approaches for storing data. In the course, students define, operate and scale both SQL and noSQL data storage solutions. This course considers factors that should be balanced during the design of a storage solution. Principles are applied by performing exercises using Amazon RDS and SQL to create and fill tables, retrieve and manipulate data. Object-based APIs are used to serialize objects to Amazon DynamoDB for noSQL solutions. Topics include automated backups, transaction logs, restoration and retention.

Cosmetology

Cosmetology is a career technical all-inclusive program that prepares students for a wide range of careers within the beauty industry. The curriculum offers a theoretical and practical component along with a hands-on approach to learning that includes up-to-date interactive demonstrations and training on clients in a salon setting. This prepares the students to possess the knowledge and skills for career opportunities in the beauty industry such as haircutting, hairstyling, colorist, chemical specialist, skin and nail spas, sales and entrepreneurship. Students are coached in the importance of professionalism and creativity in an experiential learning environment with motivated faculty. Upon completion of the courses, students are prepared to take and pass the California State Board of Barbering and Cosmetology exam to become a licensed cosmetologist, esthetician or manicurist. Courses may lead to an associate degree in cosmetology and/or a certificate of achievement. Students may attend the programs on a full or part time basis.

Orientation dates and Zoom links are available at smc.edu/cosmetology, select “New Student Orientation.”

COSM 10A, RELATED SCIENCE 1A 1 UNIT

This course provides essential theory carefully formulated to prepare a student to pass the written Barbering, Cosmetology, Esthetics, and/or Nail Care State Board Examinations. Digital Media Post-Production

The Digital Media Post-Production program prepares students for careers in the entertainment industry through comprehensive, hands-on training. The program is designed to meet the industry’s need for creative professionals who excel in developing ideas and have the technical proficiency to execute them. Our instructors are experienced professionals who bring first-hand knowledge of industry practices to the classroom and work in close collaboration with industry advisors to keep up with trends and changing requirements. In addition, participating companies often provide guest speakers and student internships. We offer day, evening and weekend classes to provide educational opportunities to all students. In addition, select courses are offered online through Distance Education. Students who are interested in the Digital Media Post-Production program are strongly encouraged to schedule an appointment with one of the counselors at the Center for Media and Design campus to develop an Educational Plan. This is to ensure that you are taking the necessary courses to meet your educational goals. To learn more, please visit smc.edu/designtech.

Students interested in independent studies or internships for the Digital Media Post-Production program may enroll in the Entertainment Technology (ET) 88 or 90 series of courses. Please speak with the Design Technology Department Chair or an Academic Counselor at the CMD for more information.

ECE 930, GENDER AND EQUITY IN EARLY CHILDHOOD0 UNITS

This course examines the topics of gender, power, and equity, focusing on how they relate to identity development and the life trajectory of young children in concert with the intersection of race, ability, family structure, and economic status. Issues examined include the development of gender identity, theoretical and practical implications of power and oppression, cultural and socializing agents, and application of theory to classroom environments and curriculum, including strategies to empower teachers to develop pedagogical skills to support all children. Students will self-examine and reflect on personal experiences related to gender identity and expression, gender stereotypes and bias, cultural implications, and media and societal impacts. Students will recognize and contrast perspectives through an intersectional lens that promotes understanding, knowledge, and skills for supporting all children. Topics and strategies will be explored emphasizing culturally and linguistically focused anti-bias approaches.

Economics

Economics is the study of how society allocates scarce resources. The goal is to understand the decisions of businesses and consumers as well as the implications and causes of contemporary economic issues by developing a systematic and thorough understanding of precisely how economic systems operate. Courses in the discipline of economics study the structure of markets and economies, the relationship between regions within the global economy, and strive to convey how economists reason and how they analyze models and compare model implications to observations.

Some of the courses listed in this section are accompanied by Supplemental Instruction. Supplemental Instruction (SI) is an academic assistance program that utilizes free peer-assisted weekly study sessions to help students learn the most difficult course content. For more information, please see the SI website at smc.edu/si.

ECON 1, PRINCIPLES OF MICROECONOMICS3 UNITS

Transfer: UC, CSU
C-ID: ECON 201.
Cal-GETC Area 4 (Social & Behavioral Sciences)

• Advisory: MATH 31 or MATH 49.

This course introduces students to the supply and demand model, the concept of elasticity, productivity and cost structures. Within the Supply and Demand framework, the class studies the impact of government intervention on markets. The class evaluates alternative market structures in terms of prices, efficiency, and the role of the government.

Students may take ECON 1 and ECON 2 in any order, or even at the same time.

EDUC 12, INTRODUCTION TO ELEMENTARY CLASSROOM TEACHING & FIELD EXPERIENCES3 UNITS

Transfer: UC, CSU

This course introduces students to the concepts and issues related to teaching diverse learners in elementary school classrooms. Topics include teaching as a profession and career, historical and philosophical foundations of the American education system, contemporary educational issues, California's content standards and frameworks, and teacher performance standards. In addition to class time, the course requires a minimum of 45 hours of structured fieldwork in public school elementary classrooms that represent California's diverse student population, and includes cooperation with at least one carefully selected and campus-approved certificated classroom teacher.

Field practice: As part of the course, students will complete 45 hours of observation and field practice in a local elementary school classroom. The instructor will support students in identifying acceptable placement sites. Students must have a recent negative TB test result and may be required to complete LiveScan fingerprinting.

Engineering

Engineers apply the theories and principles of science and mathematics to research and develop economical solutions to practical technical problems. Their work is the link between scientific discoveries and commercial applications. Engineers design products, the machinery to build those products, the factories in which those products are made, and the systems that ensure the quality of the product and efficiency of the workforce and manufacturing process. There are a variety of engineering fields: electrical, mechanical, civil, industrial, aeronautical, chemical, materials, nuclear, petroleum and mining engineering.

ENGR 1, INTRODUCTION TO ENGINEERING2 UNITS

Transfer: UC, CSU

This course is an introduction to the methods and tools of engineering problem solving and design, including the interface of the engineer with society and engineering ethics. While addressing the branches of engineering, the functions of an engineer, and the industries in which engineers work, this course examines the engineering education pathways and explores effective academic strategies. Communication skills pertinent to the engineering profession are also addressed.

ENGR 22, CIRCUIT ANALYSIS LAB1 UNIT

Transfer: UC, CSU

- Prerequisite/Corequisite: ENGR 21.

This course serves as an introduction to the construction, measurement, and design of elementary electrical circuits and basic operational amplifier circuits. Students gain familiarity with the basic use of electrical test and measurement instruments, including multimeters, oscilloscopes, power supplies, and function generators. Using principles of circuit analysis for DC, transient, and sinusoidal steady-state (AC) conditions, students develop data interpretation skills by using circuit simulation software and by direct measurements of circuits. Practical considerations such as component value tolerance and non-ideal aspects of laboratory instruments are also introduced.

ENGL 31, ADVANCED COMPOSITION 3 UNITS
Transfer: UC, CSU

• Prerequisite: ENGL C1000 (formerly ENGL 1).

This advanced writing course is intended especially for English majors and other students desiring to develop rhetorical skills beyond those practiced in ENGL C1000 (formerly ENGL 1). It stresses critical analysis and argument, and focuses on style in effectively communicating with various audiences.

1885	Arrange-4.5 Hours	ONLINE	Caggiano S E

ENGL 300, ADVANCED WRITING AND CRITICAL THINKING IN THE DISCIPLINES 3 UNITS
Transfer: CSU

• Prerequisite: ENGL 2 and admission to the SMC baccalaureate program.

Written and oral communications vary greatly between disciplines and fields. Building on the critical thinking and writing skills developed at the lower division level, this course further prepares students in the application of logical reasoning,

analysis, and strategies of argumentation in both written and oral communication of content specific information. Students examine scholarly and professional readings and apply theoretical perspectives in a variety of modalities (genres and media) in a way that is targeted to specific audiences. Through critical analysis and review of appropriate literature, as well as complex writing assignments, students develop writing as a core aspect of academic and professional practice.

This course is open only to students who have been admitted to SMC’s Bachelor of Science program in Interaction Design. See [ixd.smc.edu](#) for more information.

ENGL 57, LATIN-AMERICAN LITERATURE **3 UNITS**
Transfer: UC, CSU
Cal-GETC Area 3B (Humanities)

• *Prerequisite: ENGL C1000 (formerly ENGL 1).*

This course surveys 20th Century Latin-American literature. The poetry section begins with Dario and modernismo (1888-1910), postmodernismo (1910-1918) and vanguardismo (1918-1938): Neruda, Vallejo, Huidobro, Mistral, and Paz, among others, and concludes with postvanguardismo: Afro-Caribbean and other post-war poetic currents. Prose fiction will begin with realismo or criollismo (1880s-1930s), but will focus on the post-1940s, when Latin-American prose begins to enjoy international renown: Borges, Carpentier and Asturias, precursors to the “boom,” then Fuentes, Sabato, Vargas Llosa, Donoso, Cortazar, and Garcia Marquez, whose works popularized “magic realism.” The course will conclude with contemporary writers, such as Cabrera Infante, Allende, and Puig.

Transfer: UC, CSU
Cal-GETC Area 3B (Humanities)

• *Prerequisite: ENGL C1000 (formerly ENGL 1).*

Science fiction raises the central existential question of what it means to be human in an evolving and incomprehensible world and cosmos. Works in this genre are compelling critiques of the status quo that inspire us to work towards a more humane world. The course will examine Post World War II works in short story, novel, poetry, drama, and film from around the world and how these tales provide an astonishing diversity of thought to the enduring themes of social justice, environmentalism, gender identity, and dreams and nightmares of utopia.

English – Creative Writing

ENGL 71, INTRODUCTION TO CREATIVE WRITING **3 UNITS**
Transfer: UC, CSU
C-ID: ENGL 200.

• *Prerequisite: Eligibility for ENGL C1000 (formerly ENGL 1).*

This course introduces the craft and practice of creative writing through reading and writing in various genres. Students will explore poetry, fiction, and creative nonfiction in their many forms and sub-genres. This course focuses on the fundamentals of these genres and related forms. Students will generate new pieces and be introduced to the workshop method. In workshop, they will offer constructive and critical feedback. While developing their writing process, students will also learn to apply critiques and revise their original work. The course will introduce students to the critical skill of reading like writers to better understand the craft of creative writing.

ENGL 74, WRITING IN CREATIVE NONFICTION 3 UNITS
Transfer: UC, CSU

• Prerequisites: Eligibility for ENGL C1000 (formerly ENGL 1) and ENGL 71.

This course introduces the craft and practice of creative nonfiction, which employs many of the literary strategies and techniques of fiction writing to the telling of true stories. Students will explore CNF subgenres such as memoir, flash and micro-memoir, researched nonfiction, hermit crabs and other borrowed forms, lyric, braided, and other types of personal essays, cultural criticism, travel narratives and even hybrid subgenres. Students will expand and sharpen storytelling skills and gain a deeper understanding of the properties of creative nonfiction through writing, revision, reading, discussion, and critique. By reading and analyzing a range of nonfiction works, students will broaden their understanding of the narrative designs, literary techniques, and opportunities for expression available in creative nonfiction.

ESL – English as a Second Language

English for Second Language Speakers courses are designed specifically for students whose first language is not English. SMC offers three different ESL programs: 1) Credit ESL courses focus on academic skills needed for success in college (reading textbooks, listening and notetaking, writing papers with citations, speaking in class in small groups, and making presentations). Faculty assist students in the development of grammar, vocabulary, paraphrasing, and summarizing skills within the context of themes or academic content. ESL 11B, 19A, 19B, 21A, and 21B are CSU and UC transferable (up to 8 units). 2) Noncredit ESL courses focus on college and career readiness and developing the skills needed for life and work in the US. Noncredit ESL courses are free to students, except those studying on an F-1 visa. These courses do not carry any academic credit. 3) Intensive ESL (offered through SMC’s Community Services Program in conjunction with International Education) offers multi-skills courses to prepare international students for entry to Santa Monica College. Student work is graded, but courses in the Intensive ESL Program do not receive academic credit. These courses are offered for a fee.

For the following classes, placement is required to determine class placement. See smc.edu/successcenter. Most sections of ESL classes require access to a computer and the Internet.

Environmental Studies

The Environmental Studies Program is an interdisciplinary and multidisciplinary course of study that presents a broad overview of ecological issues from a variety of perspectives. The coursework examines the interplay between natural and social systems, and the ideological foundations of humankind’s attitudes and behaviors with respect to their ever-changing environments. This program is designed to prepare students to research, analyze, and propose solutions to the myriad environmental challenges facing the world today.

ENVRN 7, INTRODUCTION TO ENVIRONMENTAL STUDIES 3 UNITS
Transfer: UC, CSU
Cal-GETC Area 4 (Social & Behavioral Sciences)

• Satisfies Global Citizenship
This introductory course will use an interdisciplinary approach to provide students with a broad perspective on environmental problems and solutions. Students will be introduced to the strategies used by scientists, economists, political analysts, and other writers and researchers to investigate and analyze environmental and urban issues, human/nature relationships, natural and built environments, and environmental citizenship.

ENVRN 7 is the same course as GEOG 7. Students may earn credit for one, but not both.

2073 Arrange-6.5 Hours ONLINE Fritschle J
Above section 2073 meets for 8 weeks, Feb 17 to Apr 10. Above section modality is Flexible.

ENVRN 14, U.S. ENVIRONMENTAL HISTORY 3 UNITS
Transfer: UC, CSU
Cal-GETC Area 4 (Social & Behavioral Sciences)

• Satisfies Global Citizenship
This course surveys environmental history of the United States from earliest human migration to the present, focusing on the complex and consequential ways people have perceived, relied on, interacted with, and been impacted by the natural world. Topics include diverse patterns of interaction with land, water, plants, animals, and energy sources, as well as the economic, political, social, cultural, technological and global aspects of these patterns.

ENVRN 14 is the same course as HIST 14. Students may earn credit for one, but not both.

ENVRN 32, GLOBAL ENVIRONMENTAL HISTORY 3 UNITS
Transfer: UC, CSU
Cal-GETC Area 4 (Social & Behavioral Sciences)

• Satisfies Global Citizenship
This course surveys global environmental history from early human evolution to the present, focusing on the complex and consequential ways people have perceived, relied on, interacted with and been impacted by the natural world. Topics include the diverse patterns of interaction with land, water, plants, animals, and energy sources, as well as their economic, political, social, cultural, and technological aspects in the local, regional, and global context.

ENVRN 32 is the same course as HIST 32. Students may earn credit for one, but not both.

2075 Arrange-3 Hours ONLINE Fouser D C
Above section modality is Flexible.

ENVRN 40, ENVIRONMENTAL PSYCHOLOGY 3 UNITS
Transfer: UC, CSU
Cal-GETC Area 4 (Social & Behavioral Sciences)

• Satisfies Global Citizenship
This course will focus on the theory and application of psychological principles as they relate to the causes of, and potential solutions to, current global environmental problems. Modern ecological issues (such as global climate change, habitat-loss, etc.) have their historical origin in human behavior; this class will focus both on relevant causal behaviors, and on the mental mechanisms that give rise to such behavior. An evolutionary perspective will be employed to identify the pathways by which the clash of a “universal human nature” and the modern environment results in an “evolutionary mismatch.” Evolutionary models such as the “tragedy of the commons” will be elucidated with relevant and real world examples. In addition, the course will explore potential avenues to effectively reshape human kind’s social, technological and economic relationship with its environment. As such, a systems approach will be taken that considers the human as a part of, as well as an influence on, ecosystems. Cutting edge research will be integrated from different domains of psychology (cognitive, social, developmental and evolutionary, etc.) as well as related fields (genetics, behavioral economics, game-theory, anthropology, etc.) to comprehensively study the human-environment interaction.

ENVRN 40 is the same course as PSYCH 40. Students may earn credit for one but not both.

Ethnic Studies

Ethnic Studies is the interdisciplinary critical and comparative study of race and ethnicity, focusing on the experiences of African American, Native American/Indigenous, Asian American/Pacific Islander, and Chicana/o/x/Latina/o/x populations. Ethnic Studies provides an intersectional and critical lens for studying racial, ethnic, gender and class identities, and for interrogating structural racism, power, knowledge, and racialization in culture, politics, economy, and law. Drawing from the intellectual traditions of BIPOC (Black, Indigenous, People of Color) communities, students of Ethnic Studies attain an understanding of the historical legacies and contemporary manifestations of racism, discrimination, inequity, and movements for social justice. Through culturally responsive pedagogy, students of Ethnic Studies gain cultural competency and are exposed to perspectives and methods informed by a deep commitment to social justice, cross-cultural collaboration, liberation from systems of oppression, and social and institutional transformation.

ETH ST 1, INTRODUCTION TO ETHNIC STUDIES 3 UNITS
Transfer: UC, CSU
Cal-GETC Area 4 (Social & Behavioral Sciences) and 6 (Ethnic Studies). Cal-GETC credit for ETH ST 1 starts effective Fall 2023. Students who took ETH ST 1 prior to Fall 2023 will not receive Cal-GETC credit for Area 4 and/or 7.

Ethnic Studies is the critical and interdisciplinary study of race, ethnicity, and indigeneity with a focus on the experiences and perspectives of Native Americans, African Americans, Asian Americans, Latina/o/x Americans, and other people of color within and beyond the United States. This course explores key theories, scholarly works, and ideas that have formed the basis of the broad multidisciplinary field of Ethnic Studies. Various perspectives are examined to discover the ways in which race and racism have been, and continue to be, powerful social, cultural and political forces, and their connections to other axes of stratification including gender, class, sexuality and legal status. This course examines the effects of institutional racism, coloniality, marginalization, socio-economic and political discrimination, and ethnocentrism on American ethnic and racial groups.

Fashion Design and Merchandising

Fashion design students develop skills in design communication, including preliminary sketching, technical flat sketching, illustration, and usage of Adobe Photoshop, Illustrator and CAD software. Skills in draping, pattern drafting from draping and body measurements, and basic sewing skills to advanced construction are developed in order to create sample garments for production and sales. Fashion merchandisers select, purchase, promote, and sell clothing and accessories. They study fashion trends and visit manufacturers and merchandise markets. They work as part of a team and consult with managers and buyers, advise the advertising and display departments, and organize and coordinate promotional activities such as fashion shows. They may advance to become buyers and purchasing agents, sales representatives, and managers. Clothes designers create new apparel and accessory designs. They may sketch the garment, cut the pattern, select the fabric and materials, and in some cases construct the sample garment. They may arrange for the showing of a line at sales meetings or fashion shows.

FASHN 1, INTRODUCTION TO THE FASHION INDUSTRY

3 UNITS

Transfer: CSU

This course is designed to serve both students of fashion design and fashion merchandising in preparing them to become familiar with the nature of fashion design and its components and to understand how environmental factors influence the style, color, texture, and design of garments. Fashion materials, theories of fashion adoption, sources of design inspiration, and manufacturing a garment will be discussed.

Film Studies

Film consists of two areas of concentration: Film Studies and Film Production. Film Studies introduces students to the history and development of cinema/film as an art, an object of philosophical study, and a cultural and social phenomenon. Students examine the theoretical approaches and trends in filmmaking including the contemporary evolution from film to digital media. Film Production provides practical as well as theoretical training in screenwriting, directing, creative producing, cinematography, sound recording, production design, and below-the-line crafts (gaffers, grips, operators, assistants). Students learn all aspects of film production from an academic discipline to hands-on experience that prepares them to earn an Associate degree and/or certificate of achievement in film production; for upper division study at a four-year college or advanced film school; and/or to apply for jobs and internships in the motion picture and television industries.

FILM 1, FILM APPRECIATION: INTRODUCTION TO CINEMA

3 UNITS
Transfer: UC, CSU
Cal-GETC Area 3A (Arts)

Formerly CINEMA 9.

This course will introduce the art, technology, language, and appreciation of film, exploring the varieties of film experience, film and the other arts, and the ways of viewing. Students will learn about the basic cinematic techniques and structures, including mise-en-scene and montage, use of cinematic time and space, the image, soundtrack, and the script. Consideration will also be given to analyzing the fundamentals of film production, directing, acting, and editing; how the elements of the production process are analyzed separately, then brought together to show how they create the emotional and intellectual impact of the film experience. Film examples will be screened in class.

This course is intended as a beginning course to introduce students to cinema.

Geographic Information Systems

GIS is a computer system for capturing, storing, managing, analyzing and visualizing geospatial information related to locations on Earth's surface. We use GIS to combine various geospatial information in a digital environment to answer the questions "what is there?" and "why there?". GIS has been widely used in our daily life, government agencies, as well as organizations of sizes in almost every industry. There is a growing interest in and awareness of the economic and strategic values of GIS.

GIS 20, INTRODUCTION TO GEOGRAPHIC INFORMATION SYSTEMS 3 UNITS
Transfer: UC, CSU

GIS are computer-based systems used to collect, store and analyze geographic information. This course will present the concepts of Geographic Information Systems (GIS) science and its applications to spatial data management. Topics include: Identification and acquisition of GIS data; Assessment of vector and raster data, scale, resolution, map projection, coordinate systems, georeferencing and Global Positioning Systems (GPS). Spatial analysis and modeling with GIS will also be presented.

• Prerequisite: GEOG 20 or GIS 20.
Formerly same course as CIS 23.
This course emphasizes GIS principles and methodology used in both the private and public sectors. Hands-on applications using both raster and vector data and technology will expose students to more advanced understanding of GIS. Students will learn various methods of data acquisition, including Global Positioning Systems (GPS) as well as the World Wide Web. The add-on modules extend the analytical capabilities of ArcMap and allow input of map features and conversion of feature themes from raster to vector. This course will also provide an introduction to several of ArcMap's extension including Spatial Analyst and 3D Analyst. Students will complete a Model Builder to be used in siting new solar sites. Spatial Analysis will include slope and aspect maps, neighborhood and zone analysis. The course will present single and multi-layer statistical operations including classification, coordination, and modeling analysis.

Geography

Geography is the science of studying human and physical attributes on the surface of the Earth. These attributes may be marks of human occupation, properties of some natural environment, or both. Geographers ask the questions "Where" and "Why there", with an interest in describing and explaining the various ways in which people have made Earth their home at scales ranging from the local to the global. Geography is an integrative discipline whose interests in space

and place and whose perspectives from both environmental and social sciences foster a greater understanding of the interrelationships between the human and physical worlds. The use of Geo-Spatial Technologies, including Geographic Information Science (GIS), Remote Sensing (RS), and Global Positioning Systems (GPS), are now widely used in the visualization, measurement and analysis of Earth's physical features and human societies, as well as the interaction between them.

Cal-GETC Area 4 (Social & Behavioral Sciences)

This course introduces students to the multi-disciplinary study of urban society and space. Cities are examined both as complex social-economic groupings of people, and as material landscapes of buildings, pathways, and public and private spaces. Attention is paid to what cities are and have been (the evolving urban experience of the past and present) as well as to ever-changing ideas about what cities should be (urban planning and design for the future). While the overall perspective of the course is global, its primary focus is on the cities of North America and, in particular, the Los Angeles metropolitan area. This emphasis is evident both in the classroom and in field trips or other assignments that ask students to apply classroom ideas to our local urban setting.

• Satisfies Global Citizenship

This course introduces Global Studies through a survey of the world's major geographic regions. Students will encounter core concepts related to processes of global connection and change, while also developing basic geographic literacy in the distribution of human and natural features on Earth. Students will examine and discuss significant issues — cultural, social, political-economic, and environmental — impacting human-

ity today as both problem and possibility. In particular, this course considers the diverse localized impacts of globalization as a continuing story of peoples and places isolated and connected by imperial, colonial, and international systems of the past and present.

GEOG 14, GEOGRAPHY OF CALIFORNIA **3 UNITS**
Transfer: UC, CSU
C-ID: GEOG 140.
Cal-GETC Area 4 (Social & Behavioral Sciences)
• Satisfies Global Citizenship

This course surveys the physical and human geography of California and the process shaping its landscapes. Topics include natural features and resources, such as geology, climate, plants and animals, and hydrology. Historical and current trends in human population, migration, and settlement patterns are considered, including a review of the state's major cultural groups. Primary and advanced economic activities are examined within modern rural and urban settings. Emphasis is on the profound connections between these topics, on California's unequalled diversity, and the rapid change that is transforming our people and its landscapes.

GIS are computer-based systems used to collect, store and analyze geographic information. This course will present the concepts of Geographic Information Systems (GIS) science and its applications to spatial data management. Topics include: Identification and acquisition of GIS data; Assessment of vector and raster data, scale, resolution, map projection, coordinate systems, georeferencing and Global Positioning Systems (GPS). Spatial analysis and modeling with GIS will also be presented.

GEOG 23, INTERMEDIATE GEOGRAPHIC INFORMATION SYSTEMS **3 UNITS**
Transfer: CSU
• Prerequisite: GEOG 20 (same as GIS 20).
Formerly same course as CIS 23.

This course emphasizes GIS principles and methodology used in both the private and public sectors. Hands-on applications using both raster and vector data and technology will expose students to more advanced understanding of GIS. Students will learn various methods of data acquisition, including Global Positioning Systems (GPS) as well as the World Wide Web. The add-on modules extend the analytical capabilities of ArcMap and allow input of map features and conversion of feature themes from raster to vector. This course will also provide an introduction to several of ArcMap's extension including Spatial Analyst and 3D Analyst. Students will complete a Model Builder to be used in siting new solar sites. Spatial Analysis will include slope and aspect maps, neighborhood and zone analysis. The course will present single and multi-layer statistical operations including classification, coordination, and modeling analysis.

GEOG 23 is the same course as GIS 23. Students may receive credit for one, but not both.

Geology

Geology is an interdisciplinary science that integrates the principles of mathematics, physics, chemistry, biology, and the social sciences to explore and understand the Earth. Geology asks and answers questions about the Earth, including its origins, composition, structure, and past and present activity and the impact of these factors on society. As a science with pragmatic applications it is also applied to locate resources and assess their abundance, to mitigate geologic hazards, and to provide critical information about Earth's changing climate and the impact of these changes on our ecosystems. A degree in geology can translate to a number of important and highly valued academic and professional positions, including but not limited to, Earth scientist (e.g. geologist, seismologist, volcanologist, oceanographer, soil scientist, hydrologist, etc.), environmental consultant, environmental lawyer, remediation specialist, climate scientist, and teacher.

Cal-GETC Area 5A (Physical Sciences, + LAB)

This course is an introduction to the history of Earth and its evolution including surface environments, atmosphere, oceans, and life. Sedimentary rocks are studied for stratigraphic relationships, environmental indicators, and biologic significance to reconstruct the geological and biological evolution of Earth over time. Numerical methods, like geochronology, are also employed to assign absolute ages to past environments. The combination of both relative and numerical methods to the study of plate tectonics and geologic structures will allow the student to understand how Earth history is reconstructed. A particular emphasis is placed on the study of North American sequences.

Global Studies

Global Studies is a multi- and interdisciplinary program designed to increase knowledge and understanding of the processes of globalization and their impacts on societies, cultures, and environments around the world. The Global Studies program provides the student with a knowledge of critical issues that affect their lives and community, as well as the affairs of other cultures, societies, and nations. An understanding of the world's social, political, economic, and natural systems and their increasing interdependence, along with an appreciation of the diversity of human culture, will supply the student with a strong background for working in a global economy, for living in a multicultural society, and for making intelligent decisions as global citizens.

Graphic Design

In existence for over 40 years, the Graphic Design Program at Santa Monica College serves both the student who wishes to transfer to a four-year college or art school, as well as the student who wants to obtain the skills necessary for entry into the job market as a production artist in graphic design, illustration, user experience design, or interaction design. The program is designed to meet the industry's need for creative professionals who excel in developing ideas and have the technical proficiency to execute them. Our instructors are experienced professionals who bring first-hand knowledge of industry practices to the classroom and work in close collaboration with industry advisors to keep up with trends and changing requirements. In addition, participating companies often provide guest speakers and student internships. We offer day, evening and weekend classes to provide educational opportunities to all students. In addition, selected Graphic Design courses are offered online through SMC's Distance Education program. To learn more about the program, please visit smc.edu/designtech.

Independent Studies

Independent study is intended for advanced students interested in doing independent research on special study topics. To be eligible, a student must demonstrate to the department chairperson the competence to do independent study. To apply for Independent Studies, the student is required, in a petition that may be obtained from the department chair, to state objectives to be achieved, activities and procedures to accomplish the study project, and the means by which the supervising instructor may assess accomplishment. Please see department listing for details. A maximum of six units of independent studies is allowed. Granting of UC transfer credit for an Independent Studies course is contingent upon an evaluation of the course outline by a UC campus.

Interaction Design

Interaction Design (IXD) is an innovative new baccalaureate degree program that blends the fields of design, user experience, and technology to create user-friendly interfaces with the platforms people use every day, such as smart appliances, mobile devices, and the web. Interaction designers ensure that products are appealing, effective, and intuitive for users. In this program, students will develop proficiency in the skills necessary to enter this well-paid and exciting field. The following courses are upper division courses that are part of Santa Monica College’s Bachelor of Science degree program in Interaction Design. Enrollment is limited to admitted program participants. For more information, please see ixd.smc.edu. Transferability of these courses will be determined on a case-by-case basis by the transfer institution.

IXD 330, INTERACTION DESIGN STUDIO 2

3 UNITS

• Prerequisite: IXD 310. Transfer: CSU

This course focuses on principles, approaches, and methods for designing user interfaces. Building on the outcomes of Interaction Design Studio 1, the course prepares students to engage with a range of topics relevant to UI design, from information architecture to microinteraction. In the studio course, students will learn research, ideation, diagramming, and prototyping methods employed in interface design. Students learn to design for a wide range of devices, from wearable to screen-based to mixed reality. Students will analyze existing approaches to UI design and develop a critical understanding of how the interface affects user behavior and system performance.

This course is open only to students who have been admitted to SMC’s Bachelor of Science program in Interaction Design. See ixd.smc.edu for more information.

IXD 430, INTERACTION DESIGN STUDIO 3

3 UNITS

• Prerequisite: IXD 330. Transfer: CSU

Students design for the complexities of large scale systems, services, and digital networks. The course provides a survey of current system design, information architecture, and topics in interaction design such as The Internet of Things. Working in teams modeled after professional studios, students conduct exploratory ethnographic research to form novel strategies, concepts, maps, user narratives, and models for our increasingly complex world of networked objects, spaces, and people. This course encourages students to leverage team brainstorm and critiques in order to develop consistency through an entire ecosystem.

This course is open only to students who have been admitted to SMC’s Bachelor of Science program in Interaction Design. See ixd.smc.edu for more information.

IXD 460, TANGIBLE INTERACTION

3 UNITS

Transfer: CSU

• Prerequisite: IXD 360.

This course allows students to explore the methods and approaches to high-level prototyping of digital systems. Situated on the intersection of computer graphics programming and interactive systems design, this class teaches students to analyze interactive systems, evaluate their components, and strategize their customization and improvement. Students will create their own programmed interactive graphical systems, collect, store and visualize data, and evaluate opportunities for other applications of computer graphics technologies in interactive digital systems.

This course is open only to students who have been admitted to SMC’s Bachelor of Science program in Interaction Design. See ixd.smc.edu for more information.

IXD 470, INTERACTION DESIGN SENIOR STUDIO

4 UNITS

Transfer: CSU

• Prerequisite: IXD 430.
• Prerequisite/Corequisite: IXD 410 (IXD 410 can be taken concurrently with IXD 470).

This is a capstone course where students work individually to build on the knowledge and skills they acquired in earlier course work. The course is organized around an independent project that requires students to explore various design concepts and alternatives as well as explore recent practices, tools, and systems that may be related to the project. Students will design and produce a prototype that they will then share with industry professionals as part of a presentation. Considering the pace of the development of the project, this requires students to engage in a considerable amount of independent learning.

This course is open only to students who have been admitted to SMC’s Bachelor of Science program in Interaction Design. See ixd.smc.edu for more information.

IXD 480, DESIGN FOR THE FUTURE

3 UNITS

Transfer: CSU

• Prerequisite: IXD 460.

This course introduces the students to a set of emerging technologies, new interfaces and developing mediums which will shape the design landscape 5 to 10 years from now — focusing on machine learning, computer-mediated realities and immersive environments. The goal of the course is to help the students prepare for the jobs that might not even exist yet and to equip them with the tools and methodologies that will help them to quickly learn and adapt to the rapidly changing nature of digital design.

This course is open only to students who have been admitted to SMC’s Bachelor of Science program in Interaction Design. See ixd.smc.edu for more information.

Interior Architectural Design

See also “Architecture.”

The Interior Architectural Design program provides a thorough and analytical foundation that enables students to practice professionally and serve their community with safe, functional, and innovative interior spaces. The program is designed to meet the industry’s need

for creative professionals who excel in developing ideas and have the technical proficiency to execute them. Our instructors are experienced professionals who bring first-hand knowledge of industry practices to the classroom and work in close collaboration with industry advisors to keep up with trends and changing requirements. In addition, participating companies often provide guest speakers and student internships. We offer day, evening and weekend classes to provide educational opportunities to all students. In addition, selected Interior Architectural Design courses are offered online through SMC’s Distance Education program. Students who are interested in the Interior Architectural Design program are strongly encouraged to schedule an appointment with one of the counselors at the Center for Media and Design campus to develop an Educational Plan. This is to ensure that you are taking the necessary courses to meet your educational goals. To learn more, please visit smc.edu/designtech.

This course is an introduction to the study of language. It provides an overview of the field of linguistics, its three dimensions of language structure: the sound system (phonetics and phonology), vocabulary (morphology), and grammar (syntax), and the way linguistic structure and context give rise to meaning (semantics and pragmatics). In addition the course considers how social practices are shaped by and shape language use, as well as how language is acquired and learned. The course provides a grounding in linguistics as a field of study, basic analytic skills for viewing and discussing language from a variety of perspectives, and greater awareness of the relevance of language across and within cultures.

Mathematics

Mathematicians use symbolic languages to set up and analyze relationships among quantities and qualities of things, events, and places. Pure mathematicians develop the theories to further the science of mathematics. Possible careers include actuary, computer engineer, cryptographer, satellite communications expert, robotics programmer, statistician and teacher. Students new to the Santa Monica College mathematics program who wish to enroll in a course should see the placement tab in their Corsair connect account. Mathematics placement based on high school GPA and highest math class taken in

high school, or through Guided Self Placement (GSP). A student who has successfully completed college level math courses (earned a grade of C or better) at another institution may be able to verify having met prerequisites by submitting an official transcript. Continuing students must complete prerequisite courses with a grade of “C” or better.

STAT C1000, INTRODUCTION TO STATISTICS WITH MATH 54C, CONCURRENT SUPPORT FOR ELEMENTARY STATISTICS 6 UNITS
STAT C1000 Transfer: UC, CSU
Cal-GETC Area 2 (Mathematical Concepts)

• *Prerequisite: MATH 18 or MATH 20 or MATH 49 or MATH 50. Formerly MATH 54.*

STAT C1000 is an introduction to statistical thinking and processes, including methods and concepts for discovery and decision-making using data. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance, chi-squared, and t-tests; and application of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Students apply methods and processes to applications using data from a broad range of disciplines. MATH 54C is a review of the core prerequisite skills, competencies, and concepts needed in statistics. Intended for students who are concurrently enrolled in STAT C1000, Introduction to Statistics. Topics include: concepts from arithmetic, pre-algebra, elementary and intermediate algebra that are needed to understand the basics of college-level statistics. Concepts are taught through the context of descriptive data analysis. Pass/No Pass only.

MATH 2, PRECALCULUS WITH MATH 2C, CONCURRENT SUPPORT FOR PRECALCULUS 7 UNITS

MATH 2 Transfer: UC*, CSU

Cal-GETC Area 2 (Mathematical Concepts)

- Prerequisite: MATH 20 and MATH 32.
- Advisory: Eligibility for English 1.
- *Maximum UC credit for MATH 2, MATH 4, and MATH 26 is one course.

MATH 2: An intensive preparation for calculus. This course is intended for computer science, engineering, mathematics, and natural science majors. Topics include algebraic, exponential, logarithmic and trigonometric functions and their inverses and identities, conic sections, sequences, series, the binomial theorem and mathematical induction. The corequisite MATH 2C: A review of the core prerequisite skills, competencies, and concepts needed in precalculus. Intended for students who are concurrently enrolled in MATH 2, Precalculus. Topics include concepts from elementary algebra, geometry, and intermediate algebra that are needed to understand the basics of college-level precalculus. Emphasis is placed on real and complex numbers; fundamental operations on algebraic expressions and functions; algebraic factoring and simplification; introduction to functions, equations and graphs; circles and parabolas; properties of geometric figures, similarity, and special right triangles. Pass/No Pass only.

MATHEMATICS COURSE SEQUENCE

Course sequences shown here are for general reference. Your starting point depends on your math placement results and your education plan. Before you enroll in a math class, see the SMC Success and Engagement Center website (smc.edu/successcenter), visit the Math Department (smc.edu/math), see assist.org, or talk to a counselor in the Counseling Department.

Higher Level

These courses may be taken in any order, but students are advised to complete MATH 11 and MATH 15 before enrolling in MATH 13.

MATH 3, TRIGONOMETRY WITH APPLICATIONS WITH MATH 3C, CONCURRENT SUPPORT FOR TRIGONOMETRY WITH APPLICATIONS 4 UNITS

MATH 3 Transfer: CSU

• Prerequisite: MATH 20 and MATH 32.
• Advisory: MATH 4 and eligibility for English 1.

MATH 3: This course is intended for students majoring in Science, Technology, Engineering, or Mathematics (STEM). MATH 3 in combination with MATH 4 (College Algebra for STEM Majors) serves as a prerequisite for MATH 7 (Calculus 1). The course includes a study of the properties and graphs of trigonometric and inverse trigonometric functions, trigonometric identities, solutions of triangles, trigonometric equations, parametric equations, polar coordinates and polar equations, the algebra of vectors in two and three dimensions and topics from analytic geometry and applications. The corequisite MATH 3C is a review of the core prerequisite skills, competencies, and concepts needed in trigonometry. Intended for students who are concurrently enrolled in MATH 3, Trigonometry with Applications. Topics include concepts from elementary and intermediate algebra and analytic geometry that are needed to understand the basics of trigonometry. Emphasis is placed on studying angles and their properties; geometric figures including circles and triangles; factoring and simplifying algebraic expressions; equations and graphs of circles; introduction to functions; fundamental operations on algebraic expressions and functions. Pass/No Pass only.

MATH 3, TRIGONOMETRY WITH APPLICATIONS 3 UNITS

Transfer: CSU

• Prerequisite: MATH 20 and MATH 32.
• Advisory: MATH 4.

This course is intended for students majoring in Science, Technology, Engineering, or Mathematics (STEM). MATH 3 in combination with MATH 4 (College Algebra for STEM Majors) serves as a prerequisite for MATH 7 (Calculus 1). The course includes a study of the properties and graphs of trigonometric and inverse trigonometric functions, trigonometric identities, solutions of triangles, trigonometric equations, parametric equations, polar coordinates and polar equations, the algebra of vectors in two and three dimensions and topics from analytic geometry and applications.

2437 2:15p.m.-3:35p.m. MW MSB 207 Jiang J
Above section modality is On Ground.

2438 Arrange-3 Hours ONLINE Richardson A
Above section 2438 has online exams accessing an online proctoring service. Computer with webcam and microphone is required. The Google Chrome browser must be downloaded to your computer. Above section modality is Flexible.

SMC offers on-ground, online, hybrid, and HyFlex classes. For more information about the section modalities “On Ground,” “Hybrid,” “HyFlex,” “Scheduled,” “Flexible,” “Flexible with Scheduled Meetings,” and “Flexible with Scheduled Exams,” please see page 12 of this schedule and visit smc.edu/searchclasses.

MATH 4, COLLEGE ALGEBRA FOR STEM MAJORS WITH MATH 4C, CONCURRENT SUPPORT FOR COLLEGE ALGEBRA FOR STEM MAJORS 5 UNITS

MATH 4 Transfer: UC*, CSU

Cal-GETC Area 2: Mathematical Concepts and Quantitative Reasoning

• Prerequisite: MATH 20.
• Advisory: Eligibility for English 1.

*Maximum UC credit for MATH 2, MATH 4, and MATH 26 is 5 units.

MATH 4: This course is intended for students majoring in Science, Technology, Engineering, or Mathematics (STEM). MATH 4 in combination with MATH 3 (Trigonometry with applications) serves as a prerequisite for MATH 7 (Calculus 1). The topics to be covered include review of the fundamentals of algebra, relations, functions, solutions of first and second degree equations and inequalities, systems of equations, matrices, binomial theorem, mathematical induction, polynomial and rational functions, exponential and logarithmic functions, analytic geometry and conic sections, and geometric and arithmetic sequences and series. The corequisite MATH 4C is a review of the core prerequisite skills, competencies, and concepts needed in College Algebra. Intended for students who are concurrently enrolled in MATH 4, College Algebra for STEM Majors. Topics include concepts from elementary and intermediate algebra and analytic geometry that are needed to understand the basics of college-level algebra. Emphasis is placed on real and complex numbers; fundamental operations on algebraic expressions and functions; factoring and simplifying algebraic expressions; introduction to functions, solving equations and systems of linear equations; graphs of elementary functions and their properties. Pass/No Pass only.

MATH 6, MODERN MATHEMATICAL METHODS FOR STEM MAJORS WITH MATH 6C, CONCURRENT SUPPORT FOR MODERN MATHEMATICAL METHODS FOR STEM MAJORS 4 UNITS

MATH 6 Transfer: UC, CSU

Cal-GETC Area 2 (Mathematical Concepts)

• Prerequisite: MATH 20.

MATH 6: This course is designed for STEM majors and provides a modern treatment of mathematical concepts and methods needed for success in the calculus sequence and beyond. Topics include the theory of approximation, the theory of functions, algebro-geometric analysis, polynomials, rational functions and asymptotic analysis, exponential and logarithmic functions, trigonometry, and the fundamentals of series. Students will learn about the relevance, utility, and limitations of modern computational resources for mathematical analysis while exploring the topics above. The techniques and practices investigated in the course will be motivated by contemporary interpretations and implementations of mathematical theory in STEM fields. The corequisite MATH 6C is a review of the core prerequisite skills, competencies, and concepts needed for success in MATH 6. Intended for students who are concurrently enrolled in MATH 6 Modern Mathematical Methods for STEM Majors. Topics include concepts from elementary algebra, geometry, and intermediate algebra that are needed to understand the more advanced concepts explored in MATH 6, as well as learning skills like time management and test preparation. Emphasis is placed on number sense and numeracy; fractions, decimals, and scientific notation; fundamental operations on numbers, algebraic expressions, and functions; algebraic manipulation; geometric figures such as circles, parabolas, and special right triangles. This corequisite course is Pass/No Pass only.

MATH 7, CALCULUS 1 WITH MATH 7C, CONCURRENT SUPPORT FOR CALCULUS 1 6 UNIT

MATH 7 Transfer: UC*, CSU

C-ID: MATH 211.

Cal-GETC Area 2 (Mathematical Concepts)

• Prerequisite: MATH 2 or (MATH 3 and MATH 4).
*Maximum UC credit for MATH 7 and MATH 28 is one course.

MATH 7: This first course in calculus is intended primarily for science, technology, engineering and mathematics majors. Topics include limits, continuity, and derivatives and integrals of algebraic and trigonometric functions, with mathematical and physical applications. The corequisite MATH 7C is a review of the core prerequisite skills, competencies, and concepts needed for success in Calculus 1. Intended for students who are concurrently enrolled in Calculus 1. Topics include those needed to understand the more advanced concepts explored in Calculus 1, as well as learning skills like time management and test preparation. Emphasis is placed on functions and their graphs; fundamental operations on numbers, algebraic expressions, and functions; trigonometry; algebraic factoring and simplification; the theory of approximation; summation notation. MATH 21, FINITE MATHEMATIC WITH MATH 21C, CONCURRENT SUPPORT FOR FINITE MATHEMATICS			4 UNITS
MATH 21 Transfer: UC, CSU			
Cal-GETC Area 2 (Mathematical Concepts)			
• <i>Prerequisite:</i> MATH 18 or MATH 20 or MATH 49 or MATH 50.			
MATH 21: This is a terminal mathematics course for liberal arts and social science majors. Topics include sets and counting, probability, linear systems, linear programming, statistics, and mathematics of finance, with emphasis on applications. The corequisite MATH 21C provides a review of the core prerequisite skills, competencies, and concepts needed for students who are concurrently enrolled in Finite Mathematics. Topics include theory, procedures, and practices from pre-algebra, beginning algebra, and intermediate algebra. Particular attention is paid to solving and graphing linear equations and inequalities, problem-solving and modeling strategies, translating and interpreting language for the purpose of formulating mathematical phrases and statements, simplifying arithmetic and algebraic expressions, and learning to use the appropriate technology (typically scientific calculators) needed in MATH 21. Pass/No Pass only.

MATH 55, QUANTITATIVE REASONING WITH MATH 55C, CONCURRENT SUPPORT FOR QUANTITATIVE REASONING			4 UNITS
MATH 55 Transfer: UC, CSU			
Cal-GETC Area 2 (Mathematical Concepts)			

• <i>Prerequisite:</i> MATH 20.			
MATH 55: This course provides a comprehensive introduction to mathematical principles of quantitative reasoning with practical applications. Topics covered include mathematics of			

finance, proportional reasoning, validity studies within logic and set theory, probability, and statistics. Additional topics could include applications of Euclidean geometry, applications of math to the arts, or math in politics. The course focuses on the process of analyzing real-world situations, identifying the necessary mathematical foundations, problem-solving strategies, applying learned concepts and quantitative methods, and communicating results. Students will solve and present application problems and engage in mathematical discourse, exchanging ideas, providing feedback, and constructing mathematical arguments. The corequisite MATH 55C provides a review of the core prerequisite skills, competencies, and concepts needed for students who are concurrently enrolled in Quantitative Reasoning. Topics include theory, procedures, and practices from pre-algebra, beginning algebra, and intermediate algebra. Particular attention is paid to solving and graphing equations and problem-solving and modeling strategies, translating and interpreting language for the purpose of formulating mathematical phrases and statements, simplifying arithmetic and algebraic expressions, and learning to use the appropriate technology (typically scientific calculators) needed in MATH 55. Pass/No Pass only.

Media Studies

Media is a versatile discipline consisting of two areas of study: media studies and media production. Our media studies area focuses on the analysis of the mass media. Media Studies courses use an analytical and historical approach, and students develop skills to assess the role and impact of mass media on society. Students examine the history, values, and structure of media in the US and internationally. Media literacy skills are another fundamental component of Media Studies Courses. Upon successful completion of our Media Studies courses, each student should leave as a media literate individual — a more aware, critical audience member with a well-developed sense of mass media’s role in society. There is a wide range of employment possibilities for students trained in Media Studies, including positions in public relations, business, sales, public and personnel relations, and advertising. Our Media Production courses provide hands-on training in the areas of Television, Radio and Internet Broadcasting, including broadcast news, sports, promotional videos, podcasting, short form and emerging media (360/virtual and augmented reality). Students completing the Broadcasting degrees and/or certificates are prepared for both employment opportunities in the broadcasting industry and transfer into four-year degree programs. The Promo Pathways program provides intensive training and internships for students pursuing promo advertising careers opportunities in the broadcasting industry and transfer into four-year degree programs.

Music: Theory, Performance, and Application

See also “Music: Appreciation and History.”
Studying music is a multifaceted endeavor that requires students to master various theoretical concepts and practical skills. Our courses focus on giving students an understanding of the elements of music such as melody, harmony, rhythm, timbre, and form, with opportunities to apply that understanding to real-world performance activities. Some performance courses require an audition. A maximum of 12 units is allowed in performance courses.

Office Technology

The Office Technology Department offers training in general, medical, and legal office skills. Office workers are responsible for a variety of administrative and clerical duties necessary to run and maintain organizations efficiently. They use a variety of software programs, produce correspondence, maintain databases, manage projects — as well as organize meetings, manage records, and perform receptionist duties. Office workers find employment in many settings, such as corporations, government agencies, schools, law offices, hospitals, and clinics. Some related job titles include office assistant, administrative medical assistant, medical billing and coding specialist, electronic health records specialist, and administrative secretary.

PHOTO 60, BUSINESS PRACTICES IN PHOTOGRAPHY 3 UNITS
Transfer: CSU

This lecture course examines the necessary steps that a photographer must take to start a commercial photography business. Relevant local, state and federal regulatory and taxing agencies and application forms, professional support services, general ledger accounts setup pertinent to photography, photographic business insurance needs, and employer obligations are discussed. Students will learn how to create a simple business plan applicable to photographic ventures. The course also examines issues of sound financial practices specific to profitability in commercial photography, paying particular attention to matters of copyright and image licensing, calculating cost of doing business, strategies for pricing image usage, and negotiating job fees.

PHOTO 64, COMMUNITY DOCUMENTARY PHOTOGRAPHY 4 UNITS
Transfer: CSU

• *Advisory:* PHOTO 2.
This course explores the genre of documentary photography while focusing on various communities in the Los Angeles area. Students will create an in-depth project and present a portfolio of photographs documenting the unique characteristics of individual communities in Los Angeles. Each semester will offer a unifying, rotating topic that may focus on specific neighborhoods, subcultures, or other appropriate themes. Lectures focus on historical photographic references and contemporary social issues. The importance and power of documentary photography are discussed and historical examples that have inspired change or shaped our perception of communities are explored. Students utilize large format cameras and film (in addition to their own digital cameras) as a way of better understanding historical processes in photography and nurturing a respect for the medium’s alternative, non-commercial side.

Transfer: CSU

• *Advisory:* PHOTO 1.
This is a beginning video course that is designed to give students a basic understanding of camera operations towards HD DSLR or mirrorless video capturing techniques. Students will record videos using natural light for specific assignments emphasizing creative storytelling and expression. Beginning assignments will focus on cinematic composition, aspect ratio, camera movement, framing, lighting, camera angles, and

introductory audio capture techniques. The assignments then progress into more creative, personal storytelling projects.

Political Science

Political science is the academic discipline dedicated to the study of power and justice. Political science has four well-defined subfields: political theory, international relations, comparative politics, and American politics. Courses focus on topics and pressing problems,

among them war, law, local, state, and national politics, voting, mass media, public opinion, poverty, human rights, race, gender, ideology, class, international organizations, revolutions, and failed states in all parts of the world. Students in these courses learn to critically analyze not only the behavior of political actors, but also their respective political institutions and political systems. The main objectives are to enable students to use strong analytical skills and critical thinking in their analysis of theories, institutions, and processes.

POL SC 95, PUBLIC POLICY – EXPERIENTIAL LEARNING **1 UNIT**
Transfer: CSU

• *Advisory: POL SC 31.*

This course builds upon the content of Political Science 31, Introduction to Public Policy, to provide the student with field experience in the discipline. This course addresses the theoretical underpinnings of democratic civic engagement and is a practicum in public policy in a local setting. In this hands-on course, the student will engage in experiential learning through various governmental and nongovernmental agencies which have a role in developing and/or implementing public policy. The student will develop a reading list, customized to the focus of his/her particular agency, and complete a minimum of 30 hours of volunteer work with that agency. The course exposes the student to organized, meaningful public policy research and implementation in substantive policy arenas and will be supervised in his/her off-campus experiential learning project pertaining to the development of public policy.

This course is graded on a P/NP basis only.

C-ID: PSY 150.
Cal-GETC Area 5B (Biological Sciences, non-lab)

- Prerequisite: PSYC C1000 (formerly PSYCH 1).
- Advisory: ENGL C1000 (formerly ENGL 1).

This introductory course emphasizes the biological approach and methods as tools for adding to our understanding of human psychology and neuroscience. Information about the functioning of the human nervous system is used to provide insight into mental, emotional, and behavioral processes. The role of biological factors underlying sensation, perception, motivation, learning, thinking, language processes, and psychopathology is stressed. The course also notes historical scientific contributions and current research principles for studying brain-behavior relationships and mental processes. Ethical standards for human and animal research are discussed in the context of both invasive and non-invasive experimental research.

PSYCH 40, ENVIRONMENTAL PSYCHOLOGY 3 UNITS
Transfer: UC, CSU
Cal-GETC Area 4 (Social & Behavioral Sciences)

• Satisfies Global Citizenship

This course will focus on the theory and application of psychological principles as they relate to the causes of, and potential solutions to, current global environmental problems. Modern ecological issues (such as global climate change, habitat-loss, etc.) have their historical origin in human behavior; this class will focus both on relevant causal behaviors, and on the mental mechanisms that give rise to such behavior. An evolutionary perspective will be employed to identify the pathways by which the clash of a "universal human nature" and the modern environment results in an "evolutionary mismatch." Evolutionary models such as the "tragedy of the commons" will be elucidated with relevant and real world examples. In addition, the course will explore potential avenues to effectively reshape human kind's social, technological and economic relationship with its environment. As such, a systems approach will be taken that considers the human as a part of, as well as an influence on, ecosystems. Cutting edge research will be integrated from different domains of psychology (cognitive, social, developmental and evolutionary, etc.) as well as related fields (genetics, behavioral economics, game-theory, anthropology, etc.) to comprehensively study the human-environment interaction.

PSYCH 40 is the same course as ENVRN 40. Students may earn credit for one but not both.

PSYCH 320, COGNITIVE PSYCHOLOGY 3 UNITS
Transfer: CSU

• Prerequisite: STAT C1000 (formerly MATH 54) or PSYCH 7; PSYC C1000 (formerly PSYCH 1), ENGL C1000 (formerly ENGL 1), and admission to the SMC baccalaureate degree program.

This upper division Cognitive Psychology course addresses how humans learn to process information in their environment as well as how they decide how and when to act on their environment. This course includes a survey of cognitive psychology, specifically, the science and study of how people acquire, represent, transform and use verbal and nonverbal information. In this context we will explore sensation and perception of objects, surfaces, space, and motion. Additionally, key cognitive functions are explored including imagery, memory, representations of knowledge, language, decision making, thinking and reasoning, attention and vigilance. Finally, we will review developmental considerations in cognitive psychology from early infant cognition to maturation and cognition as we age.

This course is open only to students who have been admitted to SMC's Bachelor of Science program in Interaction Design. See ixd.smc.edu for more information.

Sociology

Sociology is the study of social life. It seeks to understand all aspects of human social behavior, including the behavior of individuals as well as the social dynamics of small groups, large organizations, communities, institutions, and entire societies. Students of sociology study a broad array of topics including social networks, gender roles and relationships, family structure and behavior, interpersonal relationships and processes, urban development, historical societies, social movements, gang violence, current immigration issues, race and ethnic relations, and crime and incarceration. Sociology looks for what is universal as well as what varies across societies and groups and courses explore social change and provide a lens into the complexity of the causes and consequences of human behavior.

SOCIOL 1, INTRODUCTION TO SOCIOLOGY3 UNITS
Transfer: UC, CSU
C-ID: SOCI 110.
Cal-GETC Area 4 (Social & Behavioral Sciences)

This course introduces the study of society and human social interaction. Both macro and micro sociological theory are discussed, as well as methods of sociological inquiry, culture, socialization, deviance, social change and social stratification — particularly in the areas of social class, race and ethnicity, and gender. Students are highly encouraged to complete Sociology 1 prior to enrolling in other sociology courses.

Students may earn credit for either SOCIOL 1 or 1 S but not both. Only SOCIOL 1 S fulfills the Santa Monica College Global Citizenship requirement.

3 UNITS

Transfer: UC, CSU

C-ID: SOCI 140.

Cal-GETC Area 4 (Social & Behavioral Sciences)

This course addresses the distinction between biological sex and the social construction of gender. Issues of gender inequality in societal institutions and social structures will be the focus of critical analyses of the consequences of the sex/gender system in the United States. Incorporating an understanding of the concept of Intersectionality will be critical to a more inclusive approach to gender and sexuality issues. A global perspective, which examines and compares the place of gender in nations of the North with those of the South, is also emphasized.

Urban Studies

Urban Studies is an interdisciplinary investigation of our dynamic world of cities and their suburbs. From points of view ranging from the local to the global, students in this field examine cities as complex social groupings of people and institutions, as well as cultural landscapes of buildings, pathways, and public and private spaces. Urban Studies is concerned with what cities are and have been, as well as with ever-changing ideas about what cities could and should be. Urban Studies prepares students for careers in fields such as urban planning, architecture, public policy, and real-estate development, and it informs discussions of issues such as housing, transportation, urban renewal, segregation, sustainability, and suburban sprawl.

URBAN 8, INTRODUCTION TO URBAN STUDIES **3 UNITS**
Transfer: UC, CSU
Cal-GETC Area 4 (Social & Behavioral Sciences)

This course introduces students to the multi-disciplinary study of urban society and space. Cities are examined both as complex social-economic groupings of people, and as material landscapes of buildings, pathways, and public and private spaces. Attention is paid to what cities are and have been (the evolving urban experience of the past and present) as well as to ever-changing ideas about what cities should be (urban planning and design for the future). While the overall perspective of the course is global, its primary focus is on the cities of North America and, in particular, the Los Angeles metropolitan area. This emphasis is evident both in the classroom and in field trips or other assignments that ask students to apply classroom ideas to our local urban setting.

URBAN 8 is the same course as GEOG 8. Students may earn credit for one, but not both.

Women’s, Gender, and Sexuality Studies

Women’s, Gender, and Sexuality Studies is an interdisciplinary field of inquiry analyzing structures of power, especially as they are grounded in gender, race, sexuality, ethnicity, nationality, ability, and other sources of inequalities. The students who enroll in these courses gain the opportunity to understand how social forces, organized around the central concept of gender, shape both themselves as individuals and the world around them. Students have the opportunity to attain a fuller understanding of human behavior, culture, and society made possible by investigating women’s lives, as well as the lives of other marginalized groups, and acquaint themselves with the experience of subordinate genders of various economic, ethnic, and racial backgrounds.

WGS 8, WOMEN IN THE ECONOMY 3 UNITS
Transfer: UC, CSU
Cal-GETC Area 4 (Social & Behavioral Sciences)

- Satisfies Global Citizenship
- Advisory: MATH 31 or MATH 50.

This course applies economic theory to study women’s decisions regarding labor force participation, unpaid household production, and marriage and fertility. Other topics to be considered include: the gender wage gap, women’s educational attainment, and economic differences for women across race, socioeconomic status, and marital status.

WGS 8 is the same course as ECON 8. Students may earn credit for one but not both.

WGS 30, WOMEN, GENDER, AND SEXUALITY IN POPULAR CULTURE 3 UNITS
Transfer: UC, CSU
Cal-GETC Area 4 (Social & Behavioral Sciences)

- Satisfies Global Citizenship
Formerly WOM ST 30.

This course utilizes the lens of feminist theories to critically analyze how popular culture constructs gender and sexuality and how these constructions become cultural norms and values. Employing feminist theories and feminist analysis, this course examines the relationship between women, gender, sexuality and popular culture. Students will examine historical and contemporary images and roles of women in popular culture (including print, film, television, music, advertising, and consumerism) and situate these images and roles within changing socio-historical, political, and economic contexts. The intersection of gender, race, class, and sexual orientation is examined throughout the course and the relationship between popular culture and feminist movements is emphasized.

SMC is offering online, hybrid, and on-ground classes for spring 2026. Students enrolled in noncredit courses will have access to both in-person and remote counseling services via telephone and email. To contact noncredit counseling services and to book an appointment, visit [smcnoncredit.youcanbook.me](#)

Malibu Campus Classes

SMC’s newest satellite campus sits in the heart of Malibu, serving the educational needs of a vibrant community. The three-acre campus features a two-story building of modern architectural design with high-quality facilities, plentiful outdoor space, and ample parking. Nestled between idyllic rolling green hills and the majestic Pacific Ocean, this campus offers an open and expansive learning environment that is truly one-of-a-kind. SMC offers four types of classes at its Malibu Campus, located at 23555 Civic Center Way, Malibu, approximately 15 miles from the SMC Main Campus. Visit smc.edu/malibu to learn more.

- **Credit** – Credit classes can be used to earn an Associate degree or transfer to a four-year college or university. To enroll in credit classes, you can apply for admission at smc.edu/apply.
- **Noncredit** – Noncredit classes are part of a flexible tuition-free program that offers short-term certificates that can assist you in entering the workforce or continuing your education. We also offer free, open-entry noncredit ESL and U.S. citizenship classes. To apply or learn more about our noncredit course offerings, please visit smc.edu/noncredit.
- **Emeritus** – The Emeritus Program is a noncredit, free, lifelong learning program offering classes designed for older adults. To enroll, see smc.edu/emeritus for details.
- **Community Education** – Community Education is a not-for-credit, fee-based program focused on promoting personal enrichment and professional development. For more information and to enroll in a Community Education class, please go to commed.smc.edu.

INTENSIVE ENGLISH PROGRAM

Begin your English studies at Santa Monica College when YOU are ready!

SMC offers entry dates every month, so you can join the program when it's convenient for you. The Intensive English Program at Santa Monica College will help you improve your skills in speaking, reading, listening to, and writing English. With a cost of only \$1,000 per month, it's easier than ever to improve your English skills at SMC! For admission requirements and more information, call 310-434-4217 or visit smc.edu/international.

Coming to a new country, it's better to start small... SMC really helped! The Intensive English Program is like a little community — you spend a lot of time with other students, and the teachers are right there taking care of you!

— Galina Inzhakova, Transfer Student to UCLA

Santa Monica College is #1 in transfers to the University of California, including UCLA! SMC is an award-winning college with a high transfer success rate, dedicated professors, a comprehensive student support system, and low costs.

SANTA
MONICA
COLLEGE

GENERAL EDUCATION CLASSES

You can build your schedule through a variety of formats we offer, such as weekend and short-term classes. To find class listings, go to smc.edu/searchclasses and select “search options.”

WEEKEND COLLEGE

You can satisfy some of your Associate degree and transfer requirements by attending SMC on the weekend! We offer transferable General Education courses to help you progress toward your personal education goals.

SHORT-TERM CLASSES

You can accelerate meeting your General Education requirements by enrolling in special 8-week and 12-week sessions. Courses usually begin at the start of the semester, and again in April in the spring semester, and in October in the fall semester.

COURSES FOR SPECIAL PROGRAMS

Santa Monica College offers classes at local high schools and classes designed to support the goals of a variety of student programs. To find class listings for special programs, go to smc.edu/searchclasses, select “search options,” and filter by “special programs.”

DUAL ENROLLMENT PROGRAM

smc.edu/dualenrollment

The Santa Monica College Dual Enrollment program offers college classes at local high school sites. These classes are also open to all SMC students.

CENTER FOR STUDENTS WITH DISABILITIES (DSPS)

smc.edu/dsps • Student Services Center S155 • 310-434-4265

The Center for Students with Disabilities (DSPS) provides assistance to students with disabilities so they may have equal access to all programs and activities on campus. We also offer students in our programs a selection of specialty classes, which are posted at smc.edu/searchclasses. To join our program, make an appointment to see a DSPS counselor by calling us at 310-434-4265. To reach a Learning Disabilities (LD) specialist, call 310-434-4684.

ADELANTE PROGRAM/LATINO CENTER

smc.edu/adelante • Student Services Center S201 • 310-434-4459

The Latino Center Adelante Program — a success-oriented program focusing on academic achievement, transfer, cultural awareness, and personal growth — offers classes each semester that accentuate the Latino experience within the context of a course’s subject. Most classes offer credits that are transferable to the UC and CSU systems. For more information about the Adelante Program, please contact counselor Maria Martinez at martinez_maria@smc.edu.

BLACK COLLEGIANS PROGRAM UMOJA COMMUNITY

smc.edu/blackcollegians • Student Services Center S201 • 310-434-4232

The SMC Black Collegians Umoja Community is an academic-transfer program that promotes academic excellence and guides students through the transfer process. The program offers a number of special benefits and classes, including a “College Success” course that helps strengthen skills to enhance academic success. If you feel you can benefit from the opportunities offered by the Black Collegians Umoja Community, please apply in Counseling & Transfer Services or the African American Collegian Center in Student Services Center S201. For more information, contact Counselor Sherri Bradford at bradford_sherri@smc.edu.

SCHOLARS PROGRAM

smc.edu/scholars • Student Services Center S221 • 310-434-4371

SMC’s Scholars Program aims to prepare students — particularly freshman students, first-generation college students, students from underserved schools and communities, and non-traditional students — for transfer to colleges or universities of their choice. The Scholars Program promotes mastery of subject matter through writing, exposure to research, critical thinking, and analysis. Scholars Program courses are taught by faculty who are highly recommended by their respective departments, and provide students with the education background essential to university-level work. Scholars Program courses are posted at *smc.edu/searchclasses*. Enrollment in these classes is limited to program participants until the morning following the ‘drop for nonpayment’ date for each term. For more information, please contact the Scholars Program Office at 310-434-4371 or send email to *scholars@smc.edu*.

STEM/MÁS PROGRAM

smc.edu/stem • Drescher Hall 301 • 310-434-3988

Maximizing Achievement in STEM (MÁS) is an academic support program for students interested in pursuing Science, Technology, Engineering, or Mathematics (STEM) majors/careers. STEM/MÁS-designated classes are designed to assist STEM/MÁS program participants in identifying sections that will fulfill program requirements (e.g., Counseling 12, 15, and Science 10) and connect them with STEM/MÁS program faculty and resources (e.g. Supplemental Instruction and Embedded Tutoring). Enrollment in these classes is limited to program participants until the morning following the ‘drop for nonpayment’ date for each term.

GLOBAL CITIZENSHIP DEGREE REQUIREMENT

smc.edu/globalcitizenship • Student Services Center S155 • 310-434-4265

To meet the Global Citizenship graduation requirement for the Associate degree, you must take a minimum of three (3) units in one of the following areas: American Cultures, Ecological Literacy, Global Studies, Service Learning, or a Santa Monica College Study Abroad Experience. Please consult a counselor before making your selection, then visit the searchable class schedule at *smc.edu/searchclasses*.

STUDY ABROAD

smc.edu/studyabroad • Student Services Center S332 • 310-434-4342

Santa Monica College offers faculty-led Study Abroad programs designed to take you to another country and immerse you in an exciting and engaging learning program. You can earn SMC credit in each program as you expand your own intercultural awareness and foster a more global experience. Students who successfully complete three (3) semester units in a Study Abroad program will fulfill SMC’s Global Citizenship graduation requirement for the Associate degree. Program details are posted on the IEC’s Study Abroad website (*smc.edu/studyabroad*).

PROMO PATHWAY PROGRAM

smc.edu/promo • 310-434-4182

Promo Pathway is an innovative partnership between Santa Monica College and the industry trade organization PromaxBDA, formed to increase diversity in the entertainment promotions workforce. The program includes classes necessary for entry-level employment in the Digital Media Industry.

INTERNSHIP PROGRAM

smc.edu/internship • Student Services Center S110 • 310-434-4337

An internship is an off-campus or on-campus work experience designed to enhance your learning in the classroom as you earn college credit based on the number of internship hours worked. If you are interested in becoming an intern, go to *smc.edu/internship* to find out how to get involved in SMC’s Internship Program, and to *smc.edu/hiresmc* to find out about the many internships available. To enroll in an internship, you are required to attend a one-hour Internship Orientation meeting (schedule posted at *smc.edu/internship*, or call the Career Services Center at 310-434-4337).

To find class listings for special programs, go to *smc.edu/searchclasses*, select “search options,” and filter by “special programs.”

AMBASSADOR PROGRAM

smc.edu/ambassadors
Student Services Center S116
Email: ambassadors@smc.edu
Student Ambassadors are often the first point of contact at the Student Services Center, greeting all visitors to provide a resource of information and referrals to help them get connected at SMC and to enhance their college experience. Ask an ambassador! They can offer assistance through in-person meetings and through remote applications (chat, virtual cafes, etc.). Ambassadors maintain a legacy of leadership in peer-to-peer support through authentic, informed, proactive, and responsive engagement. They are peer advocates committed to supporting students’ success.

BLACK COLLEGIANS PROGRAM UMOJA COMMUNITY

smc.edu/blackcollegians
Student Services Center S201 310-434-4232
The Black Collegians Umoja Community offers a variety of mentoring and support services that promote academic excellence and guide students through their stay at SMC and the transfer process. Black Collegians is a member of the statewide Umoja Community, a collection of African-centered programs throughout the state of California at various community colleges and four-year schools.

FOSTER SERVICE SUPPORT PROGRAMS (FSSP)

smc.edu/fosterservices
Student Services Center S238 310-434-4491
The SMC Foster Service Support Programs (FSSP) provide services and support to current or former foster youth (FFY) attending Santa Monica College. The programs support their academic and personal goals by helping students to connect, achieve, and increase academic awareness, as they embark on their journey in higher education. Our focus is to equip and empower our students to not just do well academically, but also to attain the necessary skills for the sustainability and personal empowerment needed to overcome possible challenges and barriers to their success. Our programs include the state-funded NextUp program, and Guardian Scholars.

HIGH SCHOOL PROGRAMS

Concurrent Enrollment:
smc.edu/hscse 310-434-3522
Email: concurrentenrollment@smc.edu
Dual Enrollment:
smc.edu/dualenrollment
High School Counseling Department
Santa Monica College offers two programs that permit high school students to take SMC classes and receive college credit. The **Concurrent Enrollment Program** allows qualifying high school students to apply to SMC and enroll in classes offered at an SMC campus and online. Students planning to participate in this program should send an email requesting information. The **Dual Enrollment Program** offers a selection of college classes that students can attend at their participating local high school. To participate in the Dual Enrollment Program, students should discuss their plans with their high school counselor. Dual Enrollment Program classes are also open to all SMC students.

INTERNATIONAL EDUCATION CENTER (IEC)

smc.edu/international
Student Services Center S332 310-434-4217
Email: intled@smc.edu
The International Education Center provides international students with services that include academic counseling and orientation, assistance with non-immigrant F-1 student visa issues, and preparation for transfer from Santa Monica College to a four-year college or university. The International Education Center is also home to SMC’s faculty-led **Study Abroad** programs.

INTERNSHIP PROGRAM

smc.edu/internship
Student Services Center S110 310-434-4337
SMC’s Internship Program helps students find opportunities for internships and cooperative work experience in jobs related to their field of study. The program is operated by SMC’s Career Services Center, which also hosts internship fairs throughout the year.

LATINO CENTER

smc.edu/LatinoCenter
Student Services Center S201 310-434-4459
The Latino Center offers SMC’s Latino students a support network of comprehensive bilingual services in English and Spanish. The Center operates the **Adelante Program**.

LAW PATHWAY PROGRAM

smc.edu/lawpathway 310-434-8851
The Santa Monica College Law Pathway program offers SMC students who come from traditionally underrepresented backgrounds a variety of opportunities for access, engagement, and advancement in the legal profession. Students

receive academic counseling services, priority registration, access to Law Pathway scholarships, and exposure to the legal profession. Through a partnership with Cal Law Pathways, students in the Law Pathway Program also receive priority admissions review with 15 participating law schools.

MEN OF COLOR (MOC) MENTORING PROGRAM

smc.edu/moc-mentoring 310-434-4496
Email: jimenez_paul@smc.edu
The Men of Color Mentoring Program is a student success program that pairs up male students in the Black Collegians Umoja Community and Adelante Program with mentors who are men of color on SMC’s faculty and staff. Mentors — who can relate to experiences their mentees encounter as they pursue their education goals — provide consistent support, interaction, and guidance through one-on-one meetings and group activities. See the program’s website or send email for details.

NONCREDIT INITIATIVES/ PROGRAMS

smc.edu/noncredit
Bundy Campus, Room 112
3171 S. Bundy Dr., Los Angeles 310-434-3399
Email: noncreditregistration@smc.edu
SMC Noncredit (Adult Education) Initiatives/ Programs offer free noncredit certificate programs and courses, along with student support services to students in the areas of:
• Short-term vocational and workforce preparation courses and certificates for students seeking entry-level employment.
• English as a second language (ESL) courses for individuals who wish to develop their English reading, writing, and conversational skills before gaining employment or entering college programs that earn credit; and
• Citizenship preparation classes for adults seeking US citizenship.
The free short-term vocational certificates can be earned in as little as one semester, and the free noncredit ESL and citizenship preparation classes are repeatable and have open entry/open exit enrollment, giving students the freedom and flexibility they need.

The program also provides counselors to assist students with questions regarding ESL placement, career readiness, financial aid, and education planning, as well as services to help students transition to credit programs and the workforce.

ONLINE PROGRAMS

smc.edu/online
Santa Monica College is committed to providing education programs, degrees, and certificates to students who are at sites away from the SMC campus, and to students who need to choose alternatives to the fixed schedule, place, program, and structure of traditional classroom-based education. For details, students should visit *smc.edu/online*.

PEER NAVIGATOR PROGRAM

smc.edu/peernavigators
Student Services Center S145 310-434-4055
Email: peernavigator@smc.edu
The Peer Navigator Program — a students-helping-students program — connects first-year SMC students with student leaders trained to provide one-on-one support and direction to help you navigate college and make the most of your SMC experience.
Peer Navigators are knowledgeable about SMC and offer guidance, listen to your concerns and experiences, suggest resources, and answer questions. Through mentoring, frequent

communication, workshops, and social and education events, Peer Navigators serve as mentors, allies, and advocates to help you build positive relationships and enhance your college experience beyond the classroom.

For more information, please visit our website or send email. To be connected to a Peer Navigator, please visit our website and fill out a Peer Navigator Request Form.

PICO PARTNERSHIP PROGRAM

smc.edu/picopartnership
Student Services Center S238 310-434-4926
Email: picopartnership@smc.edu

The Pico Partnership Program is a collaboration between Santa Monica College and the City of Santa Monica. The program meets the needs of the underserved, under-represented youth who live in close proximity to the College. Pico Partnership motivates and assists young adults to attend SMC and work toward their career and education goals. Each student in the program works one-on-one with a counselor. See the Pico Partnership webpage for information on how to apply for the program.

RISING PROGRAM

smc.edu/rising
Student Services Center S238 310-434-4444
Email: rising@smc.edu

The RISING Program is committed to empowering students with the successful transition into college after incarceration. RISING supports the enrollment, retention, graduation, and transfer of system-impacted and formerly incarcerated students, and aims to support their academic, social, and emotional wellbeing by providing services that are focused on access, equity, and inclusion.

SANTA MONICA COLLEGE PROMISE PROGRAM (SMC PROMISE)

smc.edu/freetuition
Student Services Center S110 310-434-8101
The Santa Monica College Promise program offers free enrollment to students who graduate from a California high school in 2025 or complete a high school equivalency test (e.g., GED® or HiSET or CPP) and enroll at SMC in fall 2025 or winter 2026 or spring 2026 as first-year, full-time students (12 or more units/ DSPS unit reduction). SMC Promise also covers the Health Services fee, Student Benefits fee (which includes rides at no extra cost on all Big Blue Bus and Metro lines and trains), and Associated Students Resource fee (which funds programs and initiatives such as clubs, basic needs, student government, academic support, student leadership, sustainability efforts, and other campus activities).

SCHOLARS PROGRAM

smc.edu/scholars
Student Services Center S221 310-434-4371
Email: scholars@smc.edu

The Scholars Program is a distinctive academic community within the larger Santa Monica College campus. The program aims to prepare students — particularly freshman students, first-year students, first-generation college students, students from underserved schools and communities, and nontraditional students — for transfer to the colleges and universities of their choice. Through special transfer agreements with top four-year colleges and universities, Scholars students are given priority consideration for admission to the following campuses: UCLA (all majors in The College, as well as Public Affairs, Public Health, and Educational and Social Transformation through TAP), UC Irvine, Loyola Marymount University (LMU), Chapman University, University of San Francisco, University

of San Diego, and Pomona College, and many others.

STEM/MÁS PROGRAM

smc.edu/stem
Drescher Hall 302 310-434-3988
Email: stem@smc.edu

SMC’s STEM initiatives foster the student skills necessary to excel in science, technology, engineering, and math courses. The Maximizing Achievement in STEM (MÁS) program is an academic support program designed to help traditionally under-represented students who are interested in STEM careers successfully complete their studies at SMC, transfer to a four-year research-oriented baccalaureate program, and enter the STEM workforce. All STEM students are encouraged to apply to the MÁS Program.

STUDENT EMPLOYMENT PROGRAM

smc.edu/studentemployment
Student Services Center S133 310-434-4343
SMC’s Student Employment Program offers students access to on-campus jobs available in many departments and programs on SMC’s main and satellite campuses, funded through the Federal Work-Study (FWS) and Student Help (SH) programs. Students seeking on- and off-campus jobs and internship possibilities should consult the Career Services Center.

STUDY ABROAD PROGRAMS

smc.edu/studyabroad
Student Services Center S332 310-434-4342
Email: studyabroad@smc.edu
SMC’s exciting, faculty-led Study Abroad programs are designed to immerse students in an engaging academic program abroad while they earn SMC credit, further their own intercultural awareness, and foster a more global perspective. Information about the programs is posted on the website.

SUPPLEMENTAL INSTRUCTION PROGRAM

smc.edu/si
Drescher Hall 302 310-434-4121
Special academic assistance is offered in fall and spring semesters to SMC students enrolled in specific courses. The free out-of-class sessions include activities that help students learn course concepts, prepare for exams, and develop effective study skills. PLEASE NOTE: SI sessions are NOT tutoring sessions like the ones offered at various on-campus tutoring labs, and SI leaders do NOT tutor or assist students with homework problems.

SUSTAINABILITY CENTER

smc.edu/sustainabilitycenter
1744 Pearl St., Santa Monica 310-434-3909
The Sustainability Center provides a space to explore key environmental and urban issues and solutions. A living laboratory for sustainability, the Sustainability Center features many innovative green building materials and practices, and provides eco-tours, a library, a seed library, and other useful sustainability resources. The Sustainability Center is also headquarters for Sustainable Works (*sustainableworks.org*), a nonprofit offering special programs that show individuals and businesses how they can adopt sustainable practices that improve quality of life, reduce impacts on the environment, and decrease costs.

TEACHER ACADEMY AT SMC

smc.edu/eca
Early Childhood Lab School,
2nd Floor 310-434-8109

A program of the SMC Education/Early Childhood Department, the Teacher Academy at SMC works to foster a growing pool of future educators by offering courses, hands-on fieldwork experiences, mentorships, and a wide variety of support services and grants to help students succeed as quality professionals in education. The program offers options designed to prepare students to work with linguistically and culturally diverse groups of children and families in schools, centers, and homes. Courses are offered during the day, in the evening, on weekends, and online.

VETERANS SUCCESS CENTER (VSC)

smc.edu/vet
Cayton Center,
Lower Level, Room 006 310-434-8205
SMC’s Veterans Success Center provides support to a student’s transition from the military to college. The VSC offers a place where student veterans and their families can be supported and build community. Through the VSC, veterans have access to academic, career, and transfer counseling, as well as financial aid, tutoring, mental health counseling, and other services that help students achieve their education goals. A free textbook-lending library, study pods, computer lab, tutoring room, and a lounge are also available to all student veterans and their family members.

All Veterans Affairs paperwork receiving benefits under Chapters 33 and 35 of the GI Bill® is also processed through the Veterans Success Center. GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at *benefits.va.gov/gibill*.

For more information, visit the VSC website.

The Education and Early Childhood program provides academic and professional preparation, as well as transfer assistance, for students interested in teaching careers (infant through grade 12) or related work with children and families. Students receive individualized academic support, counseling, and professional growth advisement, including assistance with permit applications for students seeking employment in early childhood education.

FOOD SERVICES

Santa Monica College offers a variety of on-campus food services. Services and hours are subject to change without notice.

- The Cafeteria is centrally located on the SMC Main Campus. Service is provided indoors, with seating available inside and on outdoor patio areas. The Cafeteria houses a food court, where a selection of meals, salads, snacks, desserts, and beverages may be purchased at reasonable prices. Currently, the Cafeteria’s food services are provided by the Corsair Café (menu at corsaircafe.com) and TCBY. The Cafeteria is open Monday through Friday, 8 a.m. to 5 p.m.
- The Coffee Spot, located by the Theatre Arts Complex, serves hot and cold coffee beverages and pre-wrapped sandwiches and salads. The Coffee Spot is open Monday through Friday, 6 a.m. to 1 p.m.
- Vending machines can also be found at various locations on the SMC campuses. An Everytable refrigerated vending machine is located in the Cafeteria on the SMC Main Campus, as well as at the SMC Center for Media and Design.
- Bodega, SMC’s centralized food pantry located by the east side of the Cafeteria, offers free non-perishable food items, fresh produce, and toiletries to any currently enrolled student. See smc.edu/foodsecurity for details and operating hours.

GATEWAY TO PERSISTENCE AND SUCCESS (GPS)

smc.edu/gps
SMC’s Gateway to Persistence and Success (GPS) — an online tool that connects students with their instructors, counselors, and student support services — acts as an ‘early warning’ system to help you address issues affecting or interfering with your education. Through GPS, instructors can alert Counseling or other services when you are struggling, and you can receive feedback that gives you a solid idea of how you are doing in class. GPS also offers access to rapid referrals to support services, as well as positive reinforcement and encouragement.

HEALTH SCIENCES COUNSELING

smc.edu/hsc
Nursing: smc.edu/nursing
Respiratory Care: smc.edu/rtlink
Bundy Campus, 3rd Floor 310-434-3453

The Santa Monica College Library has an extensive collection of books, online resources, study rooms, computers, and more available for all currently enrolled students. Plus, SMC students can access the library’s online resources remotely using their SMC login. The SMC Library also welcomes SMC community members and invites them to learn more about how the library can support their lifelong learning pursuits.

OFFICE OF STUDENT LIFE

smc.edu/OSL
Cayton Center 202 310-434-4250
The Office of Student Life is the hub of student activities at SMC. The Associated Students (A.S.) Board of Directors, other A.S. officers, Inter-Club Council (ICC), Associate Dean of Student Life, and student activities staff can all be found there, along with information on A.S. and club activities, use of campus public areas, campus student publicity, and other details. The Office of Student Life also provides support to Bodega’s Meal Project.

The Associated Students — the student-directed organization of the SMC student body and its elected or appointed student officers — promotes the intellectual, social, and cultural welfare of students through proper, effective government. The A.S. Resource fee supports a rich program of extracurricular activities — including more than 60 student clubs — to foster academic achievement, social interaction, and community involvement.

OMBUDSPERSON

smc.edu/ombuds
Pico Classroom Complex 151 310-434-3986
Students who have complaints, grievances, or personal concerns about Santa Monica College or any of its policies are encouraged to discuss them with the College Ombudsperson. The Ombudsperson provides support and encouragement to students, and attempts to present options and solutions. Complaints are handled confidentially on a case-by-case basis.

SMC PETE AND SUSAN BARRETT ART GALLERY

smc.edu/Barrett
Information 310-434-8204
1310 11th St., 1st Floor 310-434-3434
The SMC Pete and Susan Barrett Art Gallery presents exhibits of the best in contemporary art by local, national, and international artists, as well as SMC’s annual student and faculty art exhibitions. Each exhibit is free and open to the public and has a free opening reception. Many exhibits include free informative art talks. For details on upcoming gallery events, please call the Gallery, visit our webpage, or browse the SMC Events calendar (smc.edu/events).

SMC PHOTOGRAPHY GALLERY

smc.edu/photo
Drescher Hall, 2nd Floor 310-434-4289
The SMC Photography Gallery presents exhibitions of high-quality photography created by students and guest artists. Each exhibit has a free opening reception. For information, please call the Gallery or browse the SMC Events calendar at smc.edu/events.

SMC PLANETARIUM AND OBSERVATORY

smc.edu/planetarium
Math and Science Building (MSB 126) 310-434-3005
SMC’s new planetarium — with full capabilities for multimedia presentations — opened in fall 2025. The planetarium, along with a new observatory, will be used for SMC astronomy and science classes, local schools, community groups, and the general public.

Starting in fall 2025, Santa Monica College will present two highly popular astronomy shows on Friday evenings during the academic year (see smc.edu/planetarium for show dates and topics). The Night Sky Show at 7 p.m. presents the wonders of the ever-changing night sky in an interactive 50-minute show updated weekly with the latest news in space exploration and astronomy. The Feature Show at 8 p.m. is generally a multimedia presentation with a focus on a specific topic.

STUDENT EQUITY CENTER (SEC)

smc.edu/sec
Cayton Center, Lower Level 310-434-4666
Email: studentequitycenter@smc.edu
SMC’s Student Equity Center (SEC) is a collaborative and inclusive space consisting of four subcenters: Gender Equity Center, Racial Justice Center, Pride Center, and Dream Resource Center. The Student Equity Center empowers students to explore, affirm, and celebrate their individual and intersectional identities and define success for themselves. Each subcenter promotes a sense of belonging and develops student leadership to work toward social change on their campus and in their communities. For more information, please visit the SEC office.

TUTORING SERVICES

smc.edu/tutoring
SMC provides free tutoring services in selected subjects for all students through a number of online and on-ground tutoring centers. For hours, location, and general information, visit the Tutoring Services webpage and click on the link for the center you want. You can schedule a tutoring appointment online through Corsair Connect (smc.edu/cc). Tutoring is offered to support a wide variety of programs, including:

- Accounting
- Business
- Computer Science
- Economics
- ESL
- History
- Humanities
- IxD
- Logic
- Math
- Modern Languages
- Music (online only)
- Political Science
- Science
- STEM
- Writing

Specialized tutoring may also be arranged through the Center for Students with Disabilities (310-434-4265), EOPS/CARE (310-434-4268), the Scholars Program (310-434-4371), and the International Education Center (310-434-4217).

WELCOME CENTER

smc.edu/welcomecenter
smc.edu/newstudents

Student Services Center S110 310-434-8101

The Welcome Center is a one-stop location to assist first-time SMC students as they begin their journey at the College.

The Center supports students in a nurturing and welcoming environment. Students receive vital new-student information and step-by-step guidance through the enrollment process. As the first point of contact for SMC, the Welcome Center offers campus tours and introduces students, parents, and high school counselors to education counseling and academic programs, student services, and other campus resources.

Financial Assistance

FINANCIAL AID OFFICE

smc.edu/financialaid

Student Services Center S133 310-434-4343

The Financial Aid Office at Santa Monica College strongly encourages students to apply for financial aid by going to studentaid.gov/fafsa-app and completing the Free Application for Federal Student Aid (FAFSA). Students who have been ineligible to receive financial aid in the past should re-apply each year and are encouraged to come in and ask about other resources that may be available to them.

The Financial Aid Office provides several important student services, including:

- Providing information regarding the types of financial aid available;
- Helping collect and complete all necessary financial aid forms and documents; and
- Providing guidance on student loans and debt management.

The Financial Aid Office annually provides more than \$45 million in federal, state, and other assistance to SMC students. The major aid programs at SMC are:

- **Pell Grants** — Federally funded grants of up to \$11,092 per year to eligible undergraduate students;
- **Federal Supplemental Educational Opportunity Grant (FSEOG)** — A Federal grant given to the College for disbursement to eligible students (average Santa Monica College student award is up to \$100 per semester until these funds are completely expended);
- **Cal Grant B** — State-funded award for eligible students from disadvantaged backgrounds or low-income families who have exceptionally high financial need, to provide them assistance with enrollment fees, living expenses, books, supplies, and transportation (the average Santa Monica College student award is \$1,656 per year; *both FAFSA applicants and California Dream applicants may qualify*);
- **Cal Grant C** — State-funded award for eligible students from low- and middle-income backgrounds enrolled in vocational training programs, to provide them assistance with training costs such as tools, books, and equipment (average Santa Monica College student award is \$547 per year; *both FAFSA applicants and California Dream applicants may qualify*);
- **Student Success Completion Grant (SSCG)** — State-funded grant awarded to full-time students and full-time Cal Grant B or C recipients, to provide an additional \$2,596 to students enrolled in 12-14 units per semester, or up to \$8,000 to students enrolled in 15 or more units per semester;
- **California College Promise Grant** — State-funded grant that covers certain enrollment fees for eligible students;

- **Santa Monica College Promise** — Free enrollment and fee waivers for students who graduate from a California high school or complete a high school equivalency test (e.g., GED® or HiSET or CCP) and enroll at SMC as first-year, full-time students (see smc.edu/freetuition for details);
- **Federal Work-Study (FWS) funds** — Federally funded program that provides wages to eligible students for both on-campus and off-campus employment;
- **Stafford Loans (subsidized and unsubsidized)** — Federally administered, low-interest loans to eligible students; and
- **Parent Loans for Undergraduate Students (PLUS Loans)** — Federally administered, low-interest loans to parents of students who are considered dependent according to federal regulations.

Students can apply for federal financial aid and the California College Promise Grant directly through the SMC Financial Aid website (smc.edu/financialaid), where they will find useful links to federal and state agencies.

To be eligible to receive most forms of financial aid, a student must show documented “financial need” as determined by the FAFSA. However, there are a number of other specific federal requirements that must also be met. To be eligible for federal financial aid, you must:

- Be a US citizen, a permanent resident, or an eligible non-citizen (if you do not understand these terms, ask the Financial Aid Office to explain them to you);
- Have a valid Social Security number;
- Have a high school diploma or GED;
- Be enrolled in an eligible program at SMC;
- Make satisfactory academic progress in your coursework;
- Have complied with US Selective Service requirements (male students only);
- Have not been convicted of the possession and/or sale of illegal drugs; and
- Not be in default on a student loan or owe a refund on any state or federal grant you may have received in the past.

Please note: AB540 students can also apply for Cal Grants and California College Promise Grants by completing a California Dream Act application. To receive a Cal Grant, AB540 students need to be enrolled in an eligible program, have a high school diploma/GED, and meet satisfactory academic progress. In addition, male AB540 students are required to comply with US Selective Service requirements.

Santa Monica College has partnered with BankMobile to process financial aid disbursements. See smc.edu/bankmobile for more details.

The Financial Aid Office is open Monday and Thursday 8:30 a.m.-4 p.m., Tuesday and Wednesday 9 a.m.-6 p.m., and Friday 8 a.m.-12 noon. **Q-less online phone system hours are Monday and Thursday from 9 a.m. to 4 p.m., Tuesday and Wednesday from 9 a.m. to 5 p.m., and Friday from 9 a.m. to 12 p.m.** Hours are subject to change without notice.

SCHOLARSHIP OFFICE

smc.edu/scholarships

Student Services Center S133 310-434-4343

SMC’s Scholarship Office handles a variety of awards from sources such as foundations, private endowments, and private individuals. Scholarships are available to incoming high school students (ask your high school counselors about these scholarships), students continuing at SMC, and students transferring from SMC to a four-year college or university. Awards are offered for a wide range of achievements and student activities, and many do not include financial need in their requirements.

The Scholarship Office:

- Provides a single-application procedure for consideration for more than 500 scholarships available through the program;
- Distributes more than \$500,000 in scholarship funds from the Santa Monica College Foundation (an endowment fund that provides proceeds for about 500 different scholarships), service clubs and local organizations, private individuals, and other organizations, foundations, and corporations;
- Provides informational workshops and application forms for a variety of non-campus-based scholarship sources; and
- Provides support services to get and fill out applications and to collect any required documents.

Scholarships vary from \$250 to \$16,000 per year, and are awarded as a check issued directly to the student.

Academic Policies

MATRICULATION

SMC has a planned education process called “matriculation,” which helps you match your interests, abilities, needs, and goals with the College’s courses, programs, and services. The matriculation process includes orientation, placement, and education planning/counseling to design a program of courses that meets your education goals.

To find out how the matriculation process can benefit you, please see the annual SMC catalog (available online at smc.edu/catalog).

PROGRAM CHANGES

Enrollment in classes is done online through Corsair Connect at smc.edu/cc. Beginning the day of the second class meeting, you will need an Instructor Authorization Code to add courses, even if space is available.

ATTENDANCE AND WITHDRAWALS FROM CLASSES

Regular attendance and participation are obligations assumed by every student at the time of enrollment.

A STUDENT ENROLLED IN ANY CLASS AT SMC MUST ATTEND — OR (IF AN ONLINE CLASS) ACTIVELY PARTICIPATE IN — ALL SESSIONS OF THE CLASS THAT MEET DURING THE FIRST WEEK OF THE CLASS OR RISK BEING DROPPED FROM THE CLASS BY THE INSTRUCTOR. INSTRUCTORS MAY ALSO WITHDRAW YOU LATER FOR EXCESSIVE ABSENCES OR NONPARTICIPATION (IF ENROLLED IN AN ONLINE CLASS).

You may withdraw from classes online through Corsair Connect at smc.edu/cc. **It is the YOUR responsibility to withdraw from a class** by the course-specific deadline — informing the instructor is NOT sufficient notice. Failure to withdraw (officially drop) from a class could result in a grade of F (0.0), and owed fees.

The Admissions Office is not responsible for incomplete online transactions. Please confirm your transactions (including withdrawals), then print and review your revised schedule. You must have this proof to contest any discrepancies.

- **Specific deadlines to request a refund, avoid a W, or receive a guaranteed W are listed in your Corsair Connect account. Add reminders to your calendar.**
- **Late withdrawals with extenuating circumstance:** After the guaranteed “W” deadline has passed, you may request withdrawal from

a class by submitting a Special Consideration Petition ONLY if there are extenuating circumstances (such as verified cases of an accident, illness, or other circumstances beyond your control) which make the withdrawal necessary. It may take several weeks to review your request, and there is no guarantee it will be approved. If your request is approved, you will receive a W, and units earned in the class will be included in “enrolled units” on your SMC transcript. PLEASE NOTE: If you have not withdrawn by this deadline, you will receive a grade of A (4.0), B (3.0), C (2.0), D (1.0), F (0.0), P (Pass), or NP (No Pass) from the instructor. If you do not qualify for late withdrawal or you cease to attend the class, you may receive a grade of F (0.0). The instructor will be asked for feedback on your petition.

NOTE: The instructor issuing an F (0.0) to you may be asked by the Financial Aid Office to verify if the F was the result of ‘nonattendance.’ Nonattendance means your last attendance date — or, if enrolled in an online or hybrid class, the last date of your substantive participation — was prior to the 60% point of completion of the course. Poor performance means you participated after the 60% point in the course and earned an F. Nonattendance may be grounds for return of financial aid funds.

- **If you have completed a course** — including taking the final exam or submitting final projects — you are **not** eligible for a late withdrawal. If you are contesting a grade for a completed course, you should meet with the instructor. See “Grade Appeals – Contesting a Grade,” below, for details.

Requests to withdraw AFTER the class and term has ended must be submitted no later than the deadlines below (without exception) by completing a Petition for Special Consideration available at smc.edu/forms.

- **Excused withdrawals:** You may withdraw from a course due to extenuating or extraordinary circumstances before the 75% point of the class. You will be asked on Corsair Connect if the drop is due to extenuating circumstances. In such cases, the EW will be granted automatically. If you withdraw after the 75% point and through the last day of instruction for the class, you must submit an Excused Withdrawal Petition to the Admissions and Records Office. The EW will not be counted in (1) progress notice and dismissal calculations, and (2) will not count against the permitted number of withdrawals or enrollment attempts in a given course. As a result, if you have an Excused Withdrawal (EW), you may repeat the course(s) from which you have withdrawn. Enrollment, tuition, Health Services, SMC student I.D., A.S. Resource, and Student Representation fees will not be refunded.

Deadlines to Request Removal of Ws and Refund of Fees

- All requests must be submitted within two (2) calendar years after the last day of the term when you took the class. To initiate your request, you must file a Special Consideration Petition, available at smc.edu/forms.

A complete explanation of how withdrawal deadlines are determined is available online (see smc.edu/AdminRegulations) and in the annual SMC catalog (online at smc.edu/catalog).

PLEASE NOTE: Short-term and open-ended courses have their own deadlines (go to smc.edu/datesdeadlines for details, and review your Corsair Connect class schedule for specific dates).

GRADE APPEALS – CONTESTING A GRADE

- **Informal Resolution:** Students questioning a final grade received in a class must always

contact the instructor and department chair to discuss their concerns. If the instructor or chairperson is not responsive, your next step is to contact the College Ombudsperson. The Ombudsperson acts as a source of information, assistance, and referral; encourages informal conciliation between students and instructors; and seeks to resolve the grading dispute informally. If the grade dispute is not resolved to your satisfaction, the Ombudsperson will advise you on how to request a formal grade appeal.

• **Formal Grade Appeal Reasons:** According to State law, a formal grade appeal can only be pursued in cases where the final grade was issued because of instructor fraud, bad faith, incompetency, or a mistake. Before filing a formal grade appeal petition with the Dean of Enrollment Services, a student must first discuss the situation with the College Ombudsperson. The student bears the burden of proof in substantiating their allegation. Instructors are expected to cooperate with the Ombudsperson.

• **Grade Appeal Deadline:** A student who wishes to appeal a grade must file a formal grade appeal petition no later than October 30 for spring semester grades, November 30 for summer session grades, April 30 for fall semester grades, and May 30 for winter session grades. However, students must meet with the College Ombudsperson at least 15 days before the deadline to discuss the grade appeal procedure and attempt to resolve the grade dispute informally.

• **Continuing a Grade Appeal:** After discussing a grade appeal with the College Ombudsperson, if there is no informal resolution satisfactory to the student and the student wishes to continue the appeal, the Ombudsperson will outline the procedure to be followed. The grade appeal petition must include a statement describing how the grade that was awarded was the result of instructor mistake, bad faith, incompetency, or fraud; no other reason is recognized. The Dean of Enrollment Services, who supervises the grade appeal process, may stop a grade appeal when there is no evidence of instructor mistake, fraud, incompetence, or bad faith. Unsubstantiated claims will be dismissed. Students and faculty are expected to provide a true and accurate account of the grade dispute. The Grade Appeal Committee may initiate disciplinary proceedings when in its judgment the information presented to the Committee was deemed to be fraudulent or fabricated. See smc.edu/ombuds for further information. The grade appeal process is lengthy and can frequently take from 4-8 months to resolve.

To schedule an appointment with the Ombudsperson, please send email to ombuds@smc.edu or call 310-434-3986.

See smc.edu/grade-appeals to find out more about the formal grade appeal process.

ENROLLMENT OVERLAP AND TIME CONFLICTS

As a general rule, students cannot enroll in courses that meet at the same or overlapping times. Under some circumstances, however, the College may permit enrollment in limited overlapping schedules. Exceptions may be considered by petition. For specific requirements and restrictions for overlapping schedules, see the annual SMC catalog (available online at smc.edu/catalog). Students may submit a Time Conflict Approval form for consideration. The form is available at smc.edu/forms.

RELIGIOUS OBSERVANCE AND OTHER ACCOMMODATIONS

Observance of religious holidays may have an impact on a student’s scheduled assignments,

tests, or examinations. California State Education Code section 76121 states that an instructor must make a reasonable attempt to accommodate a student without penalty when there is a conflict between a student’s religious creed and a scheduled assignment, test, or examination. Affected students should submit a written request to the instructor during the first two weeks of the academic term, or as soon as possible after a particular assignment, test, or examination date is announced by the instructor. In matters of absence due to other personal necessity such as jury duty or court appearances, accommodation will be at the discretion of the instructor, subject to verification.

UNIT LOAD LIMIT

Students who are in good standing may take up to sixteen (16) units during the fall or spring semester, and eight (8) units during the summer or winter session. Please consult a counselor for details.

NOTICE AND DISMISSAL STUDENT POLICIES

Santa Monica College students are expected to take responsibility for meeting the SMC Student Success Standards of “Academic Achievement” (maintaining a cumulative GPA of 2.0 or better in all classes taken at Santa Monica College) and “Timely Progress” (not exceeding the allowed percentage of I, W, and NP notations). Failure to meet these standards can lead to:

- Academic notice or progress notice, either one of which will limit how many units you may enroll in, which cannot exceed a maximum of 9 units in a spring or fall semester, or 5 units in a winter or summer session;
- Academic dismissal; or
- Progress dismissal.

Both academic and progress dismissal will result in a limit of up to six (6) units maximum during the spring and fall semesters — and up to three (3) units maximum in the winter and summer sessions — if you are reinstated. If you have been dismissed from SMC more than once, you will be asked to take a break from attending SMC for up to a maximum of one year.

If there is ANY possibility that you may be placed on academic or progress notice or be dismissed, you should IMMEDIATELY make arrangements to discuss your situation with a counselor. For details, please visit the SMC Counseling website at smc.edu/counseling and click on the “Dismissal and Notice Policies” link in the menu on the left-hand side of the page, or see a counselor. Additional information on academic and progress notice, academic and progress dismissal, and requirements for reinstatement is also available in the annual SMC catalog (available online at smc.edu/catalog).

PLEASE NOTE: Students who are dismissed for academic and/or progress reasons due to winter 2026 grades will be dropped AUTOMATICALLY from all previously enrolled spring 2026 classes.

CALIFORNIA COLLEGE PROMISE GRANT (CCPG) SATISFACTORY ACADEMIC PROGRESS REQUIREMENT

The State of California requires California College Promise Grant recipients to meet certain minimum academic standards. Please note:

- To remain CCPG-eligible, students must maintain at least a 2.0 GPA and a course completion rate of at least 50%.
- Students who fail to meet the GPA and/or completion rate standards will be placed on CCPG Probation.

- Students on CCPG Probation have one major term (fall or spring semester) to raise their GPA and/or completion rate.
- Students who fail to raise their GPA and/or completion rate up to the minimum standards may become ineligible for a CCPG for the next fall or spring semester unless they (a) have already enrolled in the next fall or spring semester; or (b) have not yet completed 12 units.

For more information about the new CCPG Satisfactory Academic Progress Requirement, including how to appeal the loss of CCPG eligibility, please go to the SMC Financial Aid webpage.

ACADEMIC ADJUSTMENTS AND INFORMATION TECHNOLOGY FOR STUDENTS WITH DISABILITIES

SMC complies with State and Federal law with regard to modifying academic policies and procedures and information technology as needed to ensure that they do not discriminate, or have the effect of discriminating on the basis of disability, against qualified applicants or students with disabilities. For details on adjustments and the procedure for requesting them, please contact the Center for Students with Disabilities by calling 310-434-4265.

PREREQUISITES AND COREQUISITES CHALLENGES

Students who have not completed prerequisite or corequisite courses at Santa Monica College or other colleges may challenge the requirement under certain circumstances by submitting a Prerequisite Challenge Petition to the appropriate academic department. The student bears the initial burden of proof to show that grounds exist for the challenge. Please see the annual SMC catalog (available online at smc.edu/catalog) for a detailed description of the challenge process.

PASS/NO PASS

Students who wish to take courses on a pass/no pass (P/NP) basis must apply for each course through Corsair Connect. Click on the “Classes & Enrollment” tab, and select “P/NP Grading” option before the class-specific deadline. The decision to take a course on a P/NP basis is irrevocable after the deadline has passed. Students are strongly encouraged to seek the advice of a counselor before making a decision to enroll in a class on a P/NP basis. See smc.edu/admissions and click on “Enrollment & Grading Policy Updates” for the latest details.

AUDITING CLASSES

Santa Monica College does not permit auditing of classes. All students attending credit or noncredit classes at Santa Monica College must be officially enrolled through SMC’s Admissions Office. Older adults attending free, noncredit classes on topics of interest to seniors must be enrolled through the SMC Emeritus program. Students attending fee-based not-for-credit classes to explore personal interests or gain professional certification must be enrolled through the SMC Community Education office. Students attending free English as a Second Language (ESL) and other noncredit adult education classes must be enrolled through SMC’s Noncredit (Adult Education) Initiatives/Programs.

COURSE REPEATS

California Code of Regulations Title 5 limits the number of times a student may repeat a course in the California Community College system. These regulations also require all current and prior course enrollments, repetitions, and

withdrawals in a student’s enrollment record to be counted toward the maximum limit.

If you would like — or need — to repeat a course in which you have previously earned an unsatisfactory grade or a W, you may re-enroll ONE TIME without the need to request permission from a counselor. After that, you MUST talk to one of SMC’s academic counselors. Check the Santa Monica College catalog (available online at smc.edu/catalog) for details.

GRADUATION REQUIREMENTS

The Associate degrees (AA, AS, AA-T, AS-T) are granted upon completion of sixty (60) degree-applicable units (general education, area of study, and electives) with a cumulative grade point average of C (2.0) or higher, and a minimum of twelve (12) units in residence must be completed at Santa Monica College. The Certificate of Achievement, Certificate of Completion, and Certificate of Competency are granted upon successful completion of required coursework.

To receive your degree or certificate, you must file a Petition for Graduation with the Admissions Office. A link to the form is available at smc.edu/forms, where the form can be filled out and submitted online. Deadlines for filing:

- Spring — Start of spring semester through April 15
- Summer — Start of summer session through July 31
- Fall — Start of fall semester through December 1

Check the Santa Monica College catalog (available online at smc.edu/catalog) for details, including requirements for graduating with honors.

College Policies

OPEN ENROLLMENT

Unless specifically exempted by statute or regulation, every course, course selection, or class offered and maintained by the Santa Monica Community College District and reported for state aid shall be fully open to enrollment and participation by any person who has been admitted to Santa Monica College and who meets the prerequisites established according to regulations contained in Article 2.5, Subchapter 1, Chapter 6, Division 6 of Title 5 of the California Code of Regulations.

STATEMENT OF NONDISCRIMINATION

The Santa Monica Community College District is committed to building an inclusive and diverse environment and maintains a comprehensive program to ensure that practice reflects these principles. Diversity within the college environment provides opportunity to foster mutual awareness, knowledge, and sensitivity, to challenge ingrained stereotypes, and to promote mutual understanding and respect. The District’s equal employment opportunity and nondiscrimination policies are set forth in Board Policies 2405, 2410, 3120-3123, 5220, 5230, and 5530. As set forth in these Board Policies, the District is committed to equal employment opportunity and nondiscrimination in the learning and work environments in accordance with all applicable laws, including, without limitation, California Code of Regulations, Title 5, § 59300 et seq., California Government Code §§ 11135-11139.5, the Sex Equity in Education Act (California Education Code § 66250 et seq.), Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d), Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681), Section 504 of the

Rehabilitation Act of 1973 (29 U.S.C. § 794), the Americans with Disabilities Act of 1990 (42 U.S.C. § 12100 et seq.), and the Age Discrimination Act (42 U.S.C. § 6101).

It is important for students, employees, and others associated with the College to report concerns about possible violations of the District’s policies regarding equal employment opportunity and nondiscrimination. If you need information about the District’s policies or need to report a violation of the laws listed above, you should contact:

- SMC Human Resources Office, 310-434-4415 or hrcomplaints@smc.edu (located on the second floor of the SMC Administration Building, 2714 Pico Blvd), regarding any complaint of unlawful discrimination, including sexual harassment and sexual discrimination; or
- Eric Oifer, ADA/504 Compliance Officer, 310-434-8912 or oifer_eric@smc.edu (office located in Student Services Center S276) regarding disability discrimination complaints.

DECLARACIÓN DE NO DISCRIMINACIÓN

El Distrito de Santa Monica Community College tiene el compromiso de crear un ambiente inclusivo y diverso y de mantener un programa comprensivo para asegurarse de que la practica refleja estos principios. La diversidad entre el ambiente colegial provee oportunidad para fomentar el conocimiento, la erudición, y la sensibilidad mutual, luchar contra los estereotipos arraigados, y promover la comprensión y respeto mutual. Las reglas del Distrito sobre igualdad de oportunidades del empleo y de nondiscriminación se disponen en las polisas 2405, 2410, 3120-3123, 5220, 5230, y 5530. El Distrito está comprometido a la igualdad de oportunidades y nondiscriminación en los ambientes de la educación y del trabajo en acuerdo con las leyes, incluyendo, sin la limitación, el Código de las Regulaciones de California Título 5, § 59300 y ss.; el Código de Gobierno de California §§ 11135-11139.5; la Ley sobre Equidad de Sexo en la Educación (Código de Educación de California § 66250 y ss.); el Título VI de la Ley de 1964 sobre Derechos Civiles (42 U.S.C. § 2000d); el Título IX de las Enmiendas de Educación de 1972 (20 U.S.C. § 1681), Artículo 504 de la Ley de 1973 sobre Rehabilitación (29 U.S.C. § 794); la Ley de 1990 sobre Americanos con Incapacidades (42 U.S.C. § 12100 y ss.); y la Ley sobre Discriminación por Edad (42 U.S.C. § 6101).

Es importante que los estudiantes, el personal y las demás personas relacionadas con el SMC reportan las inquietudes sobre posibles violaciones de las polisas relacionadas a la igualdad de oportunidades del empleo y de nondiscriminación. Si Ud. necesita información sobre las polisas del Distrito o tiene que reportar una violación de cualquier de estas leyes, debe ponerse en contacto con:

- La oficina de SMC Human Resources 310-434-4415 o hrcomplaints@smc.edu (ubicada en el segundo piso del Edificio Administrativo del SMC en 2714 Pico Blvd.) sobre cualquier reporte de discriminación, incluyendo el acoso sexual o discriminación sexual; o con
- Eric Oifer, ADA/504 Oficial de Conformidad 310-434-4182 o oifer_eric@smc.edu (oficina ubicada en la Sala S276 del Centro de Servicios Estudiantiles (Student Services Center) sobre reportes de discriminación por discapacidad.

STUDENT PRIVACY RIGHTS NOTICE

The Family Educational Rights and Privacy Act (FERPA) gives students certain rights with respect to their education records. For a full explanation of FERPA and its implications for college students, please see the SMC catalog (available online at smc.edu/catalog) or contact the Admissions Office. What appears below is ONLY a brief summary.

Student FERPA rights include:

1. The right to be informed about their education records.
2. The right to inspect their education records.
3. The right to request an amendment to their education records.
4. The right to have a formal hearing if the request for amendment is denied.
5. The right to prevent unauthorized disclosure of any or all of the information in their education records, subject to specific exceptions identified in FERPA and State law.
6. The right to lodge a complaint to the U.S. Department of Education about a violation of FERPA regarding their education records.
7. The right to waive these rights in writing, including the right to give written authorization to a third party to obtain a copy of their education records.

Students may submit their FERPA complaint to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

Students may block release of Directory Information to non-SMC third parties by placing a “Directory Information” hold on their Corsair Connect account (“View/Edit Profile” tab).

POLICY ON FEES

ATTENTION: Payment Policy

- ALL fees for spring semester courses you enroll in must be paid no later than the fee payment deadline of 5 p.m. on Wednesday, January 21, 2026. Failure to pay your fees by this date will result in your classes being dropped. Fee

postponement is not available. Please see the Financial Aid Office to discuss options you might have.

- Starting Thursday, January 22, 2026, you must pay for any new class you add before midnight of the day you add the class, or you will be dropped for nonpayment.
- Enrollment fees will NOT be refunded if a course is dropped after the refund deadline for the course.
- If you do not drop a course by the refund deadline, you will be responsible for paying the fees — even if you did not go to class.
- See smc.edu/fees for the latest details.

Enrollment Fee

This is a state-mandated student enrollment fee of \$46 per unit, and is subject to change without notice.

Student Benefits Fee, Associated Students Resource Fee, and Student Representation Fee

This is an optional fee of \$34.50 that includes the fee of \$22.50, which funds activities such as the LiveSafe app, technology initiatives and programs, and transportation initiatives, including the GoPass, which provides unlimited rides on busses and trains throughout L.A., as well as free bike repair assistance; the Associated Students Resource fee of \$10, which funds services and activities for the entire Santa Monica College student body; and the Student Representation fee of \$2, which helps fund student activities and representatives who may present ideas to local and state government bodies.

The Student Benefits fee, Associated Students Resource fee, and Student Representation fee are optional. You may opt out of paying the Student Benefits fee and Associated Students Resource fee through Corsair Connect (Fees & Payment tab) prior to the *earliest* Refund Deadline for a class you are enrolled in during the term.

Health Services Fee

This is a mandatory fee of \$27 during the fall and spring semesters (\$22 during winter and summer sessions) that provides a variety of health services. You are exempt from paying the Health Services fee if you:

- Enroll exclusively in noncredit or not-for-credit courses, or
- Declare in a personally signed statement that you depend exclusively on prayer for healing in accordance with the teachings of a bona fide religious sect (documentation of such an affiliation is required). You may submit this declaration and documentation online to Admissions and Records through a Special Consideration Petition available at smc.edu/forms.

Nonresident Tuition Fee

The mandatory tuition fee for students classified as nonresidents (including students who are citizens of a foreign country and hold only temporary resident status in the United States) is \$398 per semester unit (plus \$46 enrollment fee and \$24 capital outlay fee, for a total of \$468 per semester unit), or \$398 per semester unit (plus \$46 enrollment fee, for a total of \$444 per semester unit) for students who qualify for an Assembly Bill 947 exemption. See the residency requirements at smc.edu/residency or contact the residence clerk in the Admissions Office for AB 947 exemption details. Please see the Fees webpage at smc.edu/fees for details. Please note: All nonresident tuition fees are subject to change without notice.

Capital Outlay Fee

In ADDITION TO the per-unit enrollment fee and tuition fee, all nonresident students must pay a capital outlay fee of \$24 per semester unit. The fee helps cover the costs of maintaining and improving campus facilities such as classrooms, labs, and student support spaces.

Upper-Division Coursework Fee

The mandatory upper-division coursework fee for students pursuing the Bachelor of Science degree in Interaction Design is \$84 per graded unit. This fee is IN ADDITION TO the \$46 per unit enrollment fee, for a total of \$130 per graded unit for students classified as residents. Students classified as nonresidents must pay the mandatory upper-division coursework fee of \$84 per graded unit IN ADDITION TO the \$46 enrollment fee AND the \$398, for a total of \$552 per graded unit. Students who qualify for an Assembly Bill 947 exemption must pay the mandatory upper-division coursework fee of \$84 per graded unit IN ADDITION TO the \$46 enrollment fee AND the \$374 tuition fee, for a total of \$504 per graded unit.

Materials and Supplies Fees

Some classes require additional fees for materials and supplies. Consult the class listings in the Schedule of Classes to determine whether any such fees are required. Fees for materials and supplies are not refundable.

On-Campus Virtual Parking Permit Fee

The on-campus virtual parking permit fee is required ONLY if you wish to use the on-campus parking facilities at the SMC Main Campus, SMC Performing Arts Center, or the SMC Center for Media and Design. Parking is FREE at other SMC satellite campuses, BUT requires a virtual parking permit (see smc.edu/transportation for details). Regular virtual parking permits — which can be purchased online through Corsair Connect at smc.edu/cc — are \$50 for the fall or spring semester and \$25 for the winter or summer session. The permit prices **include** the City of Santa Monica 10% parking facilities tax. Funds from this the virtual parking permit are used to maintain and improve SMC’s parking facilities.

Students who qualify for a California College Promise Grant (CCPG) because they or their family currently receive benefits under Temporary Aid to Needy Families (TANF/ CalWORKs), or SSI/SSP (Supplemental Security Income), or General Assistance/General Relief are eligible to purchase an on-campus virtual parking permit at a reduced rate of \$18 for the fall or spring semester and \$10 for the winter or summer session. The permit prices **include** the City of Santa Monica 10% parking facilities tax.

Returned Payments and Outstanding Balances

Returned checks and rejected credit card payments are subject to a fee of up to \$25 and are taken care of at the Auxiliary Services Office, located at 1738 Pearl St. An administrative hold will be placed on your records until the matter is resolved. If you leave SMC owing a balance and do not pay it, you will be responsible for all collection costs and/or attorney’s fees. This debt may also be reported to all three major credit bureaus.

WITHDRAWAL REFUND SCHEDULE

If you are eligible for a refund, it will be processed approximately 45 days after the start of the term. Please allow an additional 2-6 weeks for the refund to reach you. If a fee is

owed for classes in the next term, the refund will be automatically applied to those fees.

Santa Monica College has partnered with BankMobile to process refunds. See smc.edu/bankmobile for more details.

Enrollment Fee

No refunds of enrollment fees are available to you if you withdraw from spring semester classes after the published refund deadline for enrolled classes. Refund deadlines for enrolled classes can be found in your Corsair Connect account next to your enrolled classes. If you withdraw prior to the deadline date, you will receive a 100% refund of enrollment fees (minus a processing charge of \$10). See smc.edu/fees for more information on withdrawal refund deadlines.

Nonresident Tuition

If you withdraw from spring semester classes at Santa Monica College before the published refund deadlines for the classes in which you are enrolled, you will receive a 100% tuition refund, minus any relevant processing fees.

Student Benefits, A.S. Resource, Representation, and Health Fees

If you withdraw from spring semester classes at Santa Monica College before your term's published refund deadline, you will receive a 100% refund for the Student Benefits fee, the A.S. Resource fee, the Student Representation fee, and the Health Services fee.

STUDENT RIGHT-TO-KNOW AND CAMPUS SECURITY

To comply with the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act (Public Law 101-542), Santa Monica College makes available the completion and transfer rates of first-time, full-time students seeking certificates, degrees, or transfer, as well as statistical information about the types and number of crimes on SMC campuses. The College provides this data to inform all current and prospective students — as “consumers” of higher education — on how well Santa Monica College compares with other postsecondary institutions.

Completion and Transfer Rates

The completion and transfer rates presented here are derived from the most current data available at the time this schedule of classes went to press.

Completion rates are calculated by tracking a cohort (group) of first-time students seeking a certificate, degree, or transfer. For the cohort of first-time freshmen entering SMC in fall 2018, 35.72% earned a certificate or degree, transferred to a four-year institution, and/or became transfer-prepared (earned 60 or more transferable units with a GPA of 2.0 or higher) within three years of beginning coursework at SMC.

Transfer rates are calculated by tracking a cohort (group) of first-time students intending to transfer to a four-year institution. For the cohort of first-time freshmen entering SMC in fall 2018, 14.89% transferred to a four-year institution within three years of beginning coursework at SMC.

Crime Statistics for the College Community

Campus crime statistics are compiled and reported according to the guidelines specified in the Clery Act (20 USC 1092F), as defined under the FBI Uniform Crime Reporting procedures. SMC’s crime statistics are available online at the US Department of Education website (ope.ed.gov/security) and at the SMC Campus

Police website (smc.edu/police). Campus crime statistics — along with safety and crime prevention information — can also be found at many locations at SMC, and are available upon request. Contact the SMC Campus Police Office (310-434-4608) for details.

COLLEGE CONDUCT

Santa Monica College has an Honor Code, Code of Academic Conduct, and Rules for Student Conduct, and may discipline students in accordance with code provisions.

Check the annual Santa Monica College catalog (available online at smc.edu/catalog) for additional information.

Student Conduct Code

Students enrolled in the College have an obligation to conduct themselves in a manner compatible with the College’s function as an educational institution. A complete copy of the “Rules for Student Conduct” (SMC AR 4410) is available online (see smc.edu/AdminRegulations).

STUDENT COMPLAINTS

Students with complaints, grievances, and personal concerns about Santa Monica College or any of its policies are encouraged to discuss them with the College Ombudsperson. The Ombudsperson provides support and encouragement to students, and attempts to present options and solutions. Complaints are handled confidentially on a case-by-case basis.

Students with complaints about a grade should discuss this with the Ombudsperson in time to meet the deadline to file a formal appeal. The deadlines are:

- October 15 for spring semester grades,
- November 15 for summer session grades,
- April 15 for fall semester grades, and
- May 15 for winter session grades.

For more information, contact the Ombudsperson, or visit the Ombudsperson’s webpage (smc.edu/ombuds).

REQUIRED SEXUAL VIOLENCE AND HARASSMENT TRAINING

Assembly Bill 2683 (Postsecondary education: sexual violence and harassment: training and resources) requires that all students attending a California Community College annually complete sexual violence and sexual harassment training. Students must certify completion within six (6) months of the beginning of the academic year. Instructions for completing the training are provided at smc.edu/ab2683.

SELECTIVE SERVICE NOTICE TO MALE STUDENTS

Federal law requires men age 18-25 to be registered with the Selective Service System (SSS) if they are US citizens or immigrant aliens (international students who hold valid student visas are exempt from this requirement). Men must be registered before they can receive federal or state financial aid (including loans and grants) for their education. Registration forms are available online at sss.gov and at any post office.

Residency

RESIDENCY

The following is a summary of Santa Monica College’s residency rules and their exceptions. For more detailed information, please go to smc.edu/residency.

- Each person applying for admission to, or enrolled in, a California Community College is classified for tuition purposes as either a “resident” or a “nonresident” of the State of California. Only U.S. citizens and other eligible immigrants (e.g., permanent residents, eligible temporary residents, or eligible visa holders) may establish residency.
- A “resident” is defined as a person who has lived in California for at least one year and one day before the residency deadline for the term, and can show that they plan to make California their permanent home. Dates on any documentary evidence should correspond to dates of physical presence in California.
- A “nonresident” is a person who does not meet the residency requirements of the State of California or who is a citizen of a foreign country and holds only temporary status in the U.S.
- A student classified as a resident will be admitted to the College and exempt from paying nonresident tuition. Enrollment fees (\$46 per unit; subject to change) still apply.
- A student classified as a nonresident is required to pay the nonresident tuition fee and the capital outlay fee in addition to enrollment fees.
- A nonresident continuing student between the ages of 19 and 23 (inclusive) requesting reclassification to resident status must submit a petition for change of residency status (Residency Questionnaire, obtained from smc.edu/residency), provide documents that show the student was not claimed as a dependent for income tax purposes by parents in the past year, and present evidence of intent to establish California as his or her place of residence. Please see the Residency website at smc.edu/residency for helpful tips on establishing California residency.

RESIDENCE OF AN ADULT

A student who is 19 years of age or older and who has lived in California continuously for the last two years shall be presumed to have the intent to make California his or her home.

A student under 19 years of age shall be presumed to have the intent to make California his or her home if both the student and his or her parent(s) have lived in California continuously for the last two years.

A student who is 19 years of age or older applying for admission who has less than two years, but more than one year, of residence in California should be prepared to show proof of residence. Examples of evidence that aid the College admissions officer in identifying intent include, but are not limited to, the following documents:

- California Form 540 and Federal Form 1040 tax returns evidencing California residency/ address (with acceptable dates);
- Paycheck stub OR letter of employment verification on company letterhead (signed by a manager of the personnel department);
- California bank account (checking or savings account statements showing charges in the State of California throughout the period while applying for residency determination);
- Marriage license or divorce decree issued in California (with acceptable dates);
- License or certificate issued by the State (with acceptable issue and expiration dates);
- California utility bill (one ONLY of the following: DWP, gas, telephone, cable, or other utility);
- California State aid or social welfare;
- Vehicle registration and/or vehicle insurance (California company);
- California-based health insurance OR Medi-Cal ID (with relevant dates noted);

- Military discharge papers (DD214) OR Leave and Earnings statement indicating California as State of Record;
- California property taxes (in student’s name ONLY);
- Union membership in a California local; and
- California public library membership (verified by letter or printout with letterhead or branch stamp).

Documents are subject to verification, and the Admissions and Records Office reserves the right to ask for more documents when making a residency determination. Dates on documents must correspond with physical presence of one year and one day. Bring documentation to the Admissions Office. Restrictions apply. Please visit smc.edu/residency for further details.

RESIDENCE OF A MINOR

Unmarried minors (those younger than 18 years of age) are, by law, incapable of establishing their own residences, notwithstanding their physical presence within California. Admissions will use the following guidelines for determining a minor’s residence:

- A minor’s residence is the residence of the parent or legal guardian with whom the minor is living;
- If the minor is not living with a parent or legal guardian, then the residence of the parent or legal guardian with whom the minor last lived will be the residence of the minor.

When the residence of a minor student is derived from the parent or legal guardian, the durational requirement (one year in California) must be met by the parent or guardian, but is not required of the student.

A minor whose parents are not living and who does not have a legal guardian may establish his or her own residence.

EXCEPTIONS

Exceptions to the above guidelines will be made under certain circumstances as prescribed by California law and outlined in Administrative Regulation 4110 Residency Determination. See smc.edu/AdminRegulations for details.

VACA EXCEPTION (VACA H.R. 3230)

According to the Veterans Access, Choice, and Accountability Act (VACA H.R. 3230), a “covered individual” is defined as:

1. A veteran who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls at the institution after a period of active-duty service of 90 days or more.
2. An individual who is entitled to rehabilitation under 38 U.S.C. 3102(a).
3. A spouse or child entitled to transferred education benefits who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within 3 years of the transferor’s discharge from a period of active-duty service of 90 days or more.
4. A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (provides Post-9/11 GI Bill benefits to the children and surviving spouses of service members who died in the line of duty while on active duty) who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of the Service member’s death in the line of duty following a period of active duty service of 90 days or more.

5. A student who initially qualifies under the applicable requirements above will maintain “covered individual” status as long as he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the institution, even if the student enrolls in multiple programs, and shall continue to be exempt from paying nonresident tuition and other fees.

CALIFORNIA NONRESIDENT TUITION EXEMPTION

Any student, other than one with United States Citizenship and Immigration Services (USCIS) **nonimmigrant** visa status (see exception below for students who have been granted T or U visa status), who meets all of the following requirements, shall be exempt from paying nonresident tuition (this exemption is often referred to “AB 540” after the Assembly Bill which enacted the exemption)

- A student is exempt from paying nonresident tuition if the student meets *all* of the following four requirements:
 - The student must have:
 - three (3) years of attendance at a California high school, or
 - three (3) or more years of high school coursework and three (3) years of attendance in California elementary schools, California secondary schools, or a combination of California elementary and secondary schools, or
 - attended or attained credits at a combination of a California high school, California adult school, and/or California Community College for the equivalent of three (3) years or more, and
 - The student must have:
 - graduated from a California high school or attained the equivalent prior to the start of the term (for example, passing the GED or HiSET or CPP), or
 - completed an Associate degree from a California Community College, or
 - completed the minimum requirements at a California Community College for transfer to the California State University or the University of California, and
 - The student must register as an entering student at, or current enrollment at, an accredited institution of higher education in California, and
 - The student must file an affidavit with the college stating that if the student is a non-citizen without current or valid immigration status, the student has filed an application to legalize immigration status, or will file an application as soon as the student is eligible to do so.
- Students who are nonimmigrants who are victims of trafficking, domestic violence, and other serious crimes who have been granted T or U visa status, under Title 8 of the United States Code, sections 1101(a)(15)(T) or (U) are eligible for this exemption.
- Students who are nonimmigrants, other than those with T or U visa status as noted above, [for example, those who hold F (student) visas, B (visitor) visas, etc.] are not eligible for this exemption.
- A year’s equivalence at a California Community College is a minimum of 24 semester units of credit or 36 quarter units of credit. For noncredit courses, a year’s attendance is a minimum of 420 hours, 210 hours for a semester, and 140 hours a quarter.
- The accumulation of credit and/or noncredit in any academic year will be calculated in reference to a year’s equivalence. Partial completion in an academic year is allowed.

(Example: 12 units of credit courses in an academic year is equal to a semester for purposes of determining eligibility.)

- Attendance in credit courses at a California Community College toward the attendance requirements shall not exceed two years of full-time attendance.
- The student must file an exemption request including a signed affidavit with the college that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law.
- Students eligible for this exemption who are transferring to another California public college or university must submit a new request (and documentation if required) to each college under consideration.
- Nonresident students meeting the criteria will be exempted from the payment of nonresident tuition, but they will *not* be classified as California residents. They continue to be “nonresidents.”
- The California Dream Act extends Cal Grant A and B Entitlement awards, Cal Grant C awards, the California Promise Grant, and institutional financial aid to students who meet these criteria as well as the applicable criteria for eligibility for specific types of financial aid.
- AB540 does not provide federal student financial aid eligibility for undocumented students. These students remain ineligible for federal financial aid.

Revitalizing SMC's Library

continued from page 4

“I love these kids,” Owlya says. “I love interacting with them. And I think they like to have that connection, to feel like they’re in a safe space. So I think we’re all trying to just be there for them and make the Library a good space for them.”

The renovation, coupled with the innovations in services and programming have yielded promising results, starting with a marked uptick in visitors. Butler mentions that according to records, the Library saw a 50% increase in foot traffic during the first week of the fall semester, compared to the previous fall semester. Although the numbers tapered down in subsequent weeks — as is usually the case throughout the semester — Butler notes that student use of the Library remains high compared to previous semesters.

“We all see it and feel it,” he adds. “Students are claiming spaces. They’re filling the Library. It’s so amazing to see.”

Thoughtful design

The increase in numbers is likely due to another, more subtle change: The Library now feels like a place you want to be in. Much of that is due to the thoughtful consideration that went into furniture selection and delineation of zones for specific activities, as well as the thoughtful decision to give study areas room to breathe. Instead of cramming the maximum number of seats into the commons, for example, the renovated work area now emphasizes a generous amount of space between workstations.

With the increase in foot traffic, one might think that the Library was at risk of bringing back the cafeteria-level noise of the past. But with new furniture and zoning that emphasize quiet, focused study came a decrease in seating density in these areas. That may affect how students are interacting with the library as a physical space, says Butler.

“For the most part, students are very quiet in the Library,” he says. “It’s almost like they’re picking up on all of these cues and responding to them. It’s an amazing thing to see, especially given the increase in students who visit.”

A sense of belonging

For the longest time, students could find this sort of oasis in the library. For most of the 20th century, libraries were spaces for quiet study and self-education. But by the late 1990s the idea of libraries had evolved, transforming from quiet reading rooms to lively learning commons where people could connect, collaborate, and create.

That learning commons model was already well established by the time Santa Monica College began a major renovation of its own Library Building. Following the 1994 Northridge earthquake, SMC invested more than \$20 million toward a substantial overhaul of the existing structure. In 2010, the new SMC Library was unveiled. With space for more than 1,300 students, the award-winning structure boasted an open space interior with multiple floors, a variety of seating arrangements and study areas, and 19 group study rooms. And while it became a popular gathering spot for students, it also suffered from excessive noise — a common complaint about learning commons libraries.

It’s a fine balance between being with others and being on your own. One recent study found that many students don’t use the library as a

space to socialize per se, but they do benefit from a sense of belonging when around other people, even when people are studying on their own. The same study also emphasized that spaces for individual study with low social interaction remain a high priority for students. Those two considerations are consistent with what Library Chair Roxana Cruz has been hearing from students.

“The Library serves many different purposes for different students,” she says. “Many of them were telling me that they couldn’t focus while at home. What they were looking for was a quiet space of their own. We realized that we needed a Library that reflects that and caters to their needs.”

Looking ahead

Libraries will continue to evolve. There will always be new technologies to adopt and innovative approaches to consider. Establishing open access to academic research, creating maker spaces, employing AI in curating collections — the possibilities are endless.

And while the SMC Library continues to focus on the needs of students in the here and now, the team is also looking ahead to what else can be done to improve the library experience. Butler, for instance, is mulling over the idea of opening up the Library to the outdoors.

“We have patios attached to the library,” he explains, “but they’re currently not open to students. If we could open up that area to them and get it properly furnished, students would be able to eat and study outside.”

Change is inevitable. But two things will remain constant at the SMC Library: the team’s unwavering affection toward the students who

walk through their doors, and their commitment to making sure everyone feels at home.

“One of my favorite things is introducing someone to the Library,” shares Cruz. “I like to show them the lay of the land — here’s the reference desk, here are the different spaces, over there are the private study booths.

“And then I make sure to tell them: This is your library. Go ahead and explore it!”

FINANCIAL AID:

Useful Steps and Information

MAINTAINING PERSPECTIVE

Although the “financial aid process” may sometimes seem complicated — don’t give up. The best way to approach the process is to look at it this way: A student who received funding for the 2024-2025 academic year spent an average of about 6 hours gathering information, making photocopies, filling out forms, making more photocopies, and standing in line waiting to use the computer in order to apply for financial aid. However, since the average financial aid award was approximately \$1,500, this would translate into (at least) \$250 for each hour of effort.

FINANCIAL AID LANGUAGE

As you make your way through the financial aid process, you’ll find that certain acronyms and abbreviations are used regularly. Here’s a list of some you’ll probably encounter:

FAFSA — Free Application for Federal Student Aid. This is the application form that students must complete to apply for financial aid. The information submitted on the FAFSA is processed through the Federal Processing Center and financial aid eligibility information is provided directly to the college. The college then determines a student’s eligibility for financial aid, how much and what types of aid the student is eligible to receive, and how much the student is expected to contribute towards his or her education.

EFC — Expected Family Contribution. The amount of money that the student (and parent, when applicable) is expected to contribute toward covering the costs of the student’s education.

SAR — Student Aid Report. The form students receive, after their FAFSA has been processed, which notifies them of their eligibility status for financial aid.

FSEOG — Federal Supplemental Educational Opportunity Grant (see the box labeled “Types of Financial Aid Available” for information).

FWS — Federal Work-Study (see the box labeled “Types of Financial Aid Available” for information).

PLUS — Parent Loans for Undergraduate Students (see the box labeled “Types of Financial Aid Available” for information).

CCPG — A term that used to refer to the California College Promise Grants (see the box labeled “Types of Financial Aid Available” for information).

SSCG — Student Success Completion Grant (see the box labeled “Types of Financial Aid Available” for information).

Before You Begin

SMC offers a variety of **scholarships** and **financial aid** if you need financial assistance to help you attain your education goals. However, you need to understand the difference between what is considered a scholarship and what is considered financial aid:

Scholarships come from private donors, foundations, and other non-government sources. Scholarships may or may not require you to have financial need to be eligible — and a surprising number of them don’t!

Financial aid comes from federal and state government sources and usually requires you to have demonstrated “financial need” (as well as meet a number of other requirements) to be eligible.

Visit the Scholarship Office to find out more about scholarships. There are more than 300 different types of scholarships available that you might qualify for — too many to list and describe here, but stop by the Scholarship Office as soon as possible. **In addition, don’t forget to look up additional scholarships at smc.edu/scholarships**

To find out more about financial aid, take a few minutes to read the information below...

If You Need Help

Determining what kind and how much financial aid you might be eligible to receive is often considered a complex process with a lot of variables. However, the process is not impossible to understand and certain application and award calculation procedures have recently been simplified a great deal.

Still, if things seem confusing to you, don’t panic! **At SMC, the Financial Aid Office will help you** apply for federal and state grants, work-study funds, and other financial assistance.

In order to be eligible for most types of financial aid, you must have “financial need” as determined by the federal government. You also need to commit some of your time and effort to working with the Financial Aid Office and START THE FINANCIAL AID APPLICATION PROCESS **AS EARLY AS POSSIBLE**. January is the best time to begin applying for the following academic year (see the timeline below for specific dates and deadlines).

The Financial Aid Office can assist you with your individual situation, answer your questions, sort out information, and help you to apply for financial aid funds.

DEADLINES

Here’s How To Apply

When you apply for Federal Financial Aid, you will need to provide information about your personal financial situation. This information is used to determine whether your financial needs meet the requirements for eligibility for financial aid.

STEP 1:

In order to apply for the various types of Federal Financial Aid:

- You (and your parents or spouse, if applicable) need to complete the Free Application for Federal Student Aid (FAFSA) online at *studentaid.gov/fafsa-app* (be sure to apply for a PIN number BEFORE you submit your FAFSA).
- Be sure to use the IRS Data Retrieval Tool to transfer your financial information from your taxes to your application and also be sure to list the six digit Title IV school code for SMC 001286 – on your FAFSA.

NOTE: To apply for a Cal Grant for use at California colleges in the 2026-2027 award year, you must submit a 2026-2027 FAFSA AND a Cal Grant Grade Point Average (GPA) Verification Form. For “priority consideration,” you need to submit both by March 2, 2026. The Cal Grant GPA Verification Form needs to be completed by the high school or college you most recently attended.

STEP 2:

After you have submitted your FAFSA:

- You will receive a Student Aid Report (SAR) in the mail, unless you provided an e-mail address. If you provided an e-mail address, you will receive an acknowledgement by e-mail and be referred back to the FAFSA website, where you can print out your SAR information.
- Check to make sure that all of the information listed on your SAR is correct. Pay particular attention to all comments listed on the SAR and any information in bold print or marked “assumed.”
- If you need to make corrections to the SAR, inform the Financial Aid Office. Most corrections can be made electronically by SMC.

Students whose FAFSA information was rejected by the Federal Processing Center will receive a letter informing them that

they need to contact the Financial Aid Office immediately in order to correct and re-submit their information.

- Your Student Aid Report (SAR) will tell you if you are ELIGIBLE to receive a Federal Pell Grant. If you do not qualify for a Pell Grant, don’t give up! You may still be eligible for other types of financial assistance, including federal work-study and scholarships.

STEP 3:

After the Financial Aid Office receives an electronic version of your FAFSA information from the Federal Processor, you will receive an email from Santa Monica College. This email will direct you to the Financial Aid Portal within Corsair Connect. In the Financial Aid Portal you can see what documents you need to submit or what actions you need to complete.

Students selected for verification will need to submit specific documents to “verify” certain information (such as income, number in household or number in college) listed on the FAFSA. As such, you may be requested to submit copies of federal tax returns and verification of untaxed income, assets, or number in household or college.

- Some students may have to submit proof of Selective Service Registration or Eligible Non-Citizen Status to the Financial Aid Office.
- After you have completed all of the required forms and have gathered together all of the requested additional documentation, you may either mail the documents or bring them to the Financial Aid Office.
- All of the documents should be returned within 15 working days from the day you received the written request.

STEP 4:

After the Financial Aid Office has received and reviewed all of your paperwork, if you are eligible for federal or state aid, you will be sent a:

“Financial Aid Award Notification Email” which will provide you with your estimated financial aid award package. Be advised that the financial aid award amounts listed in the Financial Aid Award Notification Letter are based on full-time enrollment of 12 units or more for both the fall and spring semesters.

STEP 5:

In addition to the FAFSA, if you are a California resident, be sure to complete and submit a California College Promise Grants (CCPG; formerly Board of Governors Fee Waivers) in order to determine if you are eligible to have certain enrollment fees waived. Eligibility is based on specific income criteria. You can download the CCPG application form from the Financial Aid Office’s website at *smc.edu/financialaid*

NOTE: AB540 student can apply for Cal Grants and California College Promise Grants (CCPG; formerly Board of Governors Fee Waivers) by

completing the California Dream Application at the following: *dream.csac.ca.gov*

Information regarding the California Dream Act can be found at the SMC Financial Aid webpage: *smc.edu/financialaid*

Be sure to follow all instructions CAREFULLY. Remember, when applying for financial aid, you are dealing with several government entities. If something doesn’t make sense to you, or if you think your information may be unclear, go to the Financial Aid Office and ask the staff to explain it to you. Ask questions until you are sure you understand.

TYPES OF FINANCIAL AID AVAILABLE AT SMC

There are a variety of financial aid programs that help students by providing them with assistance for education costs. SMC students may apply for the following:

GRANTS: Grants are awards that don’t need to be repaid.

- **Pell Grants** — Federally funded grants of up to \$11,092 per year to eligible undergraduate students.
- **Federal Supplemental Educational Opportunity Grant (FSEOG)** — A Federal grant of approximately \$700,000 given to the College for disbursement to eligible students that demonstrate high financial need (average Santa Monica College student award up to \$200 per semester until these funds are completely expended).
- **Cal Grant B** — State-funded award for eligible students from disadvantaged backgrounds or low-income families who have exceptionally high financial need, to provide them assistance with enrollment fees, living expenses, books, supplies, and transportation (the average Santa Monica College student award is \$1,656 per year).
- **Cal Grant C** — State-funded award for eligible students from low and middle income backgrounds enrolled in vocational training programs, to provide them assistance with training costs

such as tools, books, and equipment (average Santa Monica College student award is \$547 per year).

- **California College Promise Grants (CCPG)** — State-funded waivers of enrollment fee for eligible students.
- **Federal Work-Study (FWS) funds** — Federally funded program that provides wages to eligible students for both on-campus and off-campus employment.
- **Student Success Completion Grant (SSCG)** — State-funded grant awarded to full-time students and full-time Cal Grant B or C recipients, to provide an additional \$2,596 to students enrolled in 12-14 units per semester, or up to \$8,000 to students enrolled in 15 or more units per semester.

LOANS: Loans are available to help students meet their education costs. Loans, plus the interest, MUST be repaid.

- **Stafford Loans (Subsidized or Unsubsidized)** — Federally administered, low-interest loans to eligible students who have remaining need or no unmet need.
- **Parent Loans for Undergraduate Students (PLUS Loans)** — Federally administered, low-interest loans to parents of students who are considered dependent according to federal regulations.

SMC PARKING & TRANSIT GUIDE

Students attending SMC have many options to get to campus without driving alone. Visit smc.edu/transportation to learn about the transportation services and choices available at SMC. Use SMC's personalized trip planner commute.smc.edu to explore all your options (bike, walk, transit, carpool, and car) on one screen. It includes costs, time, route maps, calories burned, and CO₂.

Parking

PARKING PERMITS

All vehicles parked on SMC property MUST have a valid virtual parking permit, which may be obtained at smc.edu/parking. All vehicles without a valid virtual permit will be ticketed. NOTE: Motorcycles, electric vehicles, and vehicles with handicapped placards/hang tags are NOT exempt.

Please note: Because the permit is VIRTUAL, there is no sticker or printed document required. Officers will scan license plates to verify a vehicle has a valid permit.

Virtual parking permits for the SMC Main Campus, Center for Media and Design (CMD), and the Performing Arts Center (PAC) can be purchased online at smc.edu/parking. Parking at the Bundy/Airport Arts and Malibu campuses is free, but a virtual permit is REQUIRED and may be obtained at smc.edu/parking.

PARKING LOTS AND STRUCTURES

Paid virtual parking permits are valid at all campuses (Main, CMD, PAC, Bundy, and Malibu), but free virtual parking permits are valid ONLY for Bundy and Malibu. Parking is enforced 24/7.

SMC Main Campus

Cost: \$50 fall/spring, \$25 summer/winter
Directions: Students can park in Structures 2, 3 & 4.
– Enter structure 2 from Pico at 18th
– Enter structures 3 and 4 from Pico at 16th

Center for Media and Design (CMD)

Cost: \$50 fall/spring, \$25 summer/winter
Directions: Enter on Pennsylvania Ave.

Performing Arts Center (PAC)

Cost: \$50 fall/spring, \$25 summer/winter
Directions: Enter at 1310 11th St. or at Santa Monica Blvd., and 11th St.

Malibu Campus (MALBU)

Cost: Free, but permit required
Directions: Enter at 23555 Civic Center Way

Bundy & Airport Arts Campuses (BUNDY & AIR)

Cost: Free, but permit required
Directions: Enter at 3171 S. Bundy Dr., Los Angeles
The Airport Arts Campus is within walking distance of the Bundy Campus. Additional public transit connecting SMC's Bundy Campus and Main Campus includes the Big Blue Bus Line 14 on Bundy Drive. This line connects to the Bundy Metro E Line Station and Line 7 on Pico Blvd, which stops at the SMC Main Campus, located at 1900 Pico Blvd.

All satellite campuses are accessible by Big Blue Bus during the day or Lyft in the evenings. Visit smc.edu/shuttles for details.

Visitor Parking: Visitor parking for the SMC Main Campus is available in Parking Structure 2 at the Student Services Center and Parking Structure 3. Request visitor parking passes at the kiosks or the Cashier’s Office located at the Student Services Center off of 19th St. and Pico Blvd. All students and visitors are expected to follow SMC’s parking rules and regulations.

Street Parking: Residential and street parking is restricted on weekdays, weekends, and evenings. When parking in the area, please read all street signs carefully. PLEASE BE COURTEOUS TO OUR NEIGHBORS at all times by keeping the volume of your sound system, conversations, and other noise to a minimum.

Accessible Parking: The display of a DMV accessible placard (or plate) AND registering your vehicle for an SMC virtual parking permit entitle you to park in any accessible, student, or staff parking space.

Car Alarms: Because car alarms are disruptive to other students and our neighbors, cars with activated alarms in the SMC parking areas will be TOWED IMMEDIATELY at YOUR expense.

Motorcycle and Moped Parking: Students are required to purchase a parking permit each semester at smc.edu/parking. Motorcycles and mopeds may be parked ONLY in specially designated areas of Structure 2, Structure 3, and Lot 5.

Electric Vehicle (EV) Charging is available at the Student Services Center parking garage and Parking Structure 3 on the SMC Main Campus. Center for Media and Design, Bundy, and Malibu satellite campuses also have EV charging options. See smc.edu/transportation for details.

The **SMC Bike Park** on Pearl Street is now open. Bike racks are located at the southwest corner of campus, at the library, at both ends of the Science Complex, and near the Business building, Parking Structure 3, Student Services Center, and Art Complex. Bicycles may be parked ONLY in designated areas.

The use of skateboards, e-scooters, hoverboards, roller skates, bikes, or roller blades is prohibited on campus.

Transit Guide

E LINE, BIG BLUE BUS (BBB), METRO BUSES, AND OTHER L.A. TRANSIT AGENCIES

- Get the **GoPass** to ride any bus or train any time at no extra cost if you pay your Student Benefits fee (\$22.50) each term.
- Your **GoPass** will also be good for transfers to a number of participating transit agencies, including Big Blue Bus.
- To get your **GoPass**, follow the instructions at smc.edu/transportation.
- E Train stops located at Bundy, Bergamot, and 17th and Colorado are a 12-minute walk from respective stations to the SMC Main Campus, Performing Arts Center, or Center for Media and Design.

BIG BLUE BUS (BBB)

- **bigbluebus.com**
SMC Main Campus is served by BBB lines 7, 8, 16, 41, 43, 44, and Metro’s E train at 17th Street Station and Colorado.
Bundy/Airport Campuses are served by BBB line 14, 44, and Metro’s E train at Bundy Station.
Performing Arts Center is served by BBB lines 1, 2, 10R, 44, and Metro’s E train at 17th Street Station.
Center for Media and Design is served by BBB lines 5, 16, 43, and Metro’s E train at Bergamot Station.
Emeritus Campus is served by BBB lines 1, 2, 3, 5, 7, 8, 9, 10R, 18, 43, Metro’s E train at 4th Street Station, and Metro buses 4, 33.
Malibu Campus is served by Metro’s 134 from downtown Santa Monica.
- **Free Transfers to Metro or other transit agency:** If you have paid your Student Benefits fee and have the GoPass, you can transfer between Big Blue Bus, Metro, and any other participating

transit agency without additional costs. Go to smc.edu/transportation for updates.

METROLINK

- **Metrolink** — the heavy rail system with lines that run from Union Station in Downtown Los Angeles to Ventura, Lancaster, the Inland Empire, Orange County, and all the way to San Diego — offers a FREE Student Adventure Pass to students with a valid student I.D.
- To get your **Student Adventure Pass**, go to metrolinktrains.com, click the “New Student Adventure Pass” link, and follow the instructions to download and register the Metrolink mobile app.
- From Union Station, you can catch the Metro Expo (E) train and arrive at SMC in about 46 minutes.

RIDES TO SATELLITE CAMPUSES

- **Rides to Performing Arts Center, Center for Media and Design, and Bundy and Airport Arts campuses:** Use the BBB to get to each campus. When the BBB no longer runs to the Bundy Campus or Performing Arts Center, use a free Lyft code to get back to the SMC Main Campus or the E Line Metro Station. Click on Lyft Rides to Campuses from smc.edu/transportation for a code.

CARPOOL/VANPOOL & RIDE HAILING

- Pickup / Drop-off at **Pico and 19th ONLY** on the SMC Main Campus.
- Find SMC carpool matches at commute.smc.edu.
- Vanpool matching at vride.com.

APPS

- Always know when the next bus or train is coming. Real-time arrival data, closest stops, and fastest options.
- Try Transit App, Google Maps, Moovit App.

COMMUTE.SMC.EDU

- A free tool to plan your commute and see all the ways to get to campus by bus, train, carpool, bike, or foot.
- Find a carpool match, and figure out what’s fastest and how much it costs. Learn how many calories will be burned or CO₂ created.

BIKE REPAIR

- Free bike maintenance support available at bikerowave.org repair shop on Venice and Centinela, thanks to the SMC Associated Students.
 - DIY bike repair stands, pumps, and tools available 24/7 at the east side of the Student Services Center.
- **E-SCOOTERS & E-BIKES**
 - E-scooters and e-bikes can be rented near each campus.
 - Do not ride on sidewalks or on campus.
 - Do not park anywhere that blocks access.

Design your future with a Bachelor Degree in Interaction Design

Through hands-on collaborative experiences, you'll learn the essentials of Interaction (IxD) and User Experience (UX) Design while earning a fully accredited BS degree.

Why IxD?

Innovations such as mobile apps, wearable technology, connected appliances, self-driving cars, and AR/VR are creating strong demand for a new kind of designer who understands the user and employs a human-centered approach.

Interaction designers ensure that products and services are appealing, effective, and intuitive for their users.

Why SMC?

CAREER-FOCUSED

The SMC IxD program focuses on project-based courses and provides relevant, real-world skills and internship opportunities.

LOCATION

Heart of Silicon Beach, with more than 500 start-up companies and major tech companies such as YouTube, BuzzFeed, Google, and Facebook.

COST

Very affordable Bachelor degree, with total tuition running around \$10,000. Financial aid and scholarships available.
